EAST SIDE WANTS NEW SCHOOLS

MOTHERS' CLUB OF BROOKLYN AND THE EAST TWENTY-EIGHTH STREET IMPROVEMENT SOCIETY WILL SEND DELEGATIONS TO THE TAXPAYERS' MEETING.

Sentiment of yesterday's meeting of the Mothers' club of Brooklyn was unanimous in favor of a new and larger school building for that district.

A committee appointed to visit the school directors to lobby for a new school building, composed of Mrs. L. H. Wells, Mrs. C. W. Boost, Mrs. W. W. Shinn, assisted by Justice Beton, S. V. White and F. G. Urfer, reported through Mrs. Wells, its chairman, that it had been courteously received by the board of school directors. Mrs. Wells said that President Wittenberg had told her the best way to secure a new school building would be to induce the taxpayers to vote for the tax levy for that purpose. The report was accepted on motion of Mrs. Margaret West. The club will be energetically represented at the taxpayers' meeting January 14, and in the meantime the taxpayers of Brooklyn will be urged to attend.

The officers of the Mothers' club of Brooklyn are: President, Mrs. C. W. Boost; vice-president, Miss Dimmick; secretary, Mrs. J. A. Stowbridge; treasurer, Mrs. E. J. Smith. The East Twenty-Eighth Street Improvement association decided at a meeting last night to attend the taxpayers' meeting January 14 as a committee of the whole and demand the erection of an eight-room modern school house on the lots purchased by the school board for the purpose. The members expect to attend the meeting as a body and vote as a body. If all turn out there will be a solid delegation of about 50 persons. The association decided to encourage the planting of trees, flowers and ornamental shrubbery along the streets and the cultivation of roses in yards.

The following new officers were elected: President, Frank Motter; vice-president, George H. Carr; secretary, W. T. Gardner; treasurer, F. S. Doornbecher.

ATTRACTIONS AT WINTER GARDEN

eratic selections which Calve and Nordica and Patti sing; Sadie Deane dances and sings her way into popular favor; the Forrest sisters sing coon songs; the comedy act of Charles Brown, the fastest joker of them all, keeps people busy laughing and the 24 other acts are all entertaining. Admission is free.

THE VALUE OF CHARCOAL.

Few People Know How Useful It is in Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the poisons and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking, or after eating onions and other odorous vegetables. Charcoal effectually cleans and improves the complexion. It whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Absorbent Lozenges; they are composed of the finest powdered Willow charcoal and house-harmless antiseptics in tablet form, or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but, on the contrary, great benefit.

Buffalo physician, in speaking of the benefits of charcoal, says: "I advise Stuart's Absorbent Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more for the money in Stuart's Absorbent Lozenges than in any of the ordinary charcoal tablets."

NOTHING DAUNTS THE CROWDS

In spite of the fact that an error was made in announcing that the Great Clothing Panic sale in the Merrill Building, Sixth street near Washington, by mistake the advertisement yesterday read sale opens 9:30 p. m. instead of 9:30 a. m., as early as 8 o'clock this morning great crowds commenced to gather and at opening time a throng that packed the great building surged in and filled every aisle until the manager was compelled to close the doors and let out those who had bought 20 cents. Those who were waiting to gain admission.
