#### PACIFIC LEAGUE NOW A DEAD ONE

(Journal Special Service.)

Spokane, Jan. 16 .- The Pacific National league has gone out of existence and the Northwestern league has taken its place, embracing the cities of Spokane, Butte, Salt Lake and Ogden. The franchis in the P. N. L. held by Dugdale has been declared forfeited. The directors met in secret session and adjourned this morning. Ogden was formally admitted to the new league. Representatives were Charles Lane, Butte; John McCloskey, Salt Lake; William Binford, Ogden, and Williams, Spokane. Lucas was re-elected president. The schedule meeting is to be held in Butte in a few days.

# red at the Postoffice of Portland, Or. EGG MARKET IS

LARGE OUTSIDE SHIPMENTS AND LIGHTER RECEIPTS, COUPLED WITH GOOD DEMAND, CAUSE PERMESS WHEAT AND PLOUS FIRMER-VEAL WANTED.

Front Street, Jan. 15.—The principal vents in the Portland wholesale markets today were:

Columbia river smelt lower. Eggs hold tone, Poultry continues to weaken. Wheat market much firmer. More flour is selling. Doings in the hop market. Too many hogs arriving. Veal demand is great.

Farmers holding hay, Potatoes and onions unchanged. In the Egg Market.

Just now the egg market is very firm in tone with the receipts slightly under the demand. Some of the dealers who were so heavily overstocked a Weather conditions and general forecast for Oregon, Washington and Idaho:

The disturbance noted yesterday off the Washington coast proved to be one of great magnitude and of considerable intensity. It is now central over Vancouver Island and it is moving rapidly castward. Storm warnings were ordered yesterday at 2:18 p. m. for all stations in the district. The following maximum wind velocities occurred last night: Tatooah Island. 56 miles, south; Pertland, 26, southwest; Baker City, R2, southwest, and Pocatello, 32, southeast. No report has been received from North Head since the storm began. eggs at this time and slightly larger receipts which ordinarily come at this eriod are sure to cause a reaction. When the price of eggs begins to tumble again, dealers say that there is only one thing that can stop it from touching the bottom and that is a very severe

Poultry Still Weakens.

The poultry market continues to weaken, with the receipts showing a onstant gain and the demand just the opposite. Today the arrivals of chickens were extra large for a Saturday, and quite a lot of stocks will probably have to be carried over until Monday. This, then, will cause a lower market next week. There were no changes in the quotations today. A few dressed January 16, Rosa Wiederholt, at 21 North a fair sale at 18 cents a pound. Ducks and geese continue in good demand, with prices unchanged.

Much Firmness in Veal. The veal market is very firm, with the receipts nominal and the demand very active. The market, as a consequence, is higher today. The receipts of hogs are enormous and the market is dragging and is liable to be lower. The demand is very small on account of the inability of the packers to operate during the Chinook season. The top of the hog market stands at 6% cents a pound.

Wheat Tone Is Firmer, The wheat market is showing a much better tone, although no changes have occurred in the quotations. The pros-pects of a war in the Orient continue to bull the market, and farmers gener-ally are inclined to held for higher figures.

Much Flour Selling.

The demand for flour, both-locally and for foreign markets, is showing a steady increase, and a war, with its advance in wheat, would make materially higher prices all through the flour market. The market today shows no change. Parmers Holding Hay.

Just where the government will buy its supply of hay is yet a mystery, and farmers who have stocks on hand are figuring that this city will get its share and are inclined to hold for higher figures. The feed market is firm, with no changes in prices today.

Smelt Are Cheaper. The run of smelt has fairly struck the Cowlitz river, and the receipts today showed a large gain over yesterday and the price shows a fall to 7c. The larger supply of smelt has caused a duliness to prevail for other small fish. Steelhead salmon is a trifle more plentiful, with no changes in the price.

NUTS—Peanuts. 6@7c per lb for raw, 9@10e per lb for roasted; cocoanuts, 85@20c per dos; walnuts, 15% 916c per lb; ploe nuts, 10%12½c per lb; hickory nuts, 10e per lb; chestnuts, Eastern, 15@16c per lb; fancy pecans, 14@ 15c per lb; almonds, 14e per lb. WIRE NAILS—Present base at \$2.75.

ROPE—Pure Manila, 13½c; standard, 12½c; sizal, 10½c. Potatoes and Onions Are Unchanged. There is no change in either the po-tate or the onion situation, prices being the same as quoted yesterday, with the demand likewise the same. The local demand for both potatoes and onions is the same, with prices unchanged.

Doings in Rops.

If anything, the hop market was a triffe weaker today. The dealer holders continue to try their bulling tactics, while the brewers say that they have all the stocks they want and are willing to sell at the present market. England is buying a few bales in this market, but otherwise the situation does not differ from that of a week ago. One sale was reported up the valley at 2614c, but dealers themselves consider this an exceptional case and not the market. Opinions on Today's Market.

W. B. Glafke company—There is very little movement in prunes, but we have a few inquiries for certain sizes. Butter is firm, with no changes in the price.
Turner & Co.—No sale for poultry today; there are two days in the week

when this market is very dull—Saturday and Monday.

Bell & Co.—Steamer stuff arrived; lots of vegetables, oranges and lemons; good celery was rather scarce today.

Mark Levy & Co.—California steamer in and vegetables arrived in very good condition; lack of rain in that state has caused a scarcity of cabbage and prices are higher; car bananas is due on Mon-

Chatterton & Co .- Chickens are very plentiful; hogs weaker; veal very scarce. Levy & Spiegi-Frisco steamer in to-day with plenty of fresh vegetables.

Levy & Spiegl—'Frisco steamer in today with plenty of fresh vegetables.
G. S. Smith company—Potatoes and
onions continue in good demand; eggs
scarcer.

Malarkey & Co.—Smelt are cheaper,
with receipts larger; steelheada more
pientiful.

Davenport-Thompson Company—New
cheese is selling all right; everybedy
seems to want it, but old stock—October-November make—is weag.

Page & Son—Steamer today; poultry
prestry weak all over the street.

W. H. Dryer—Vary good demand for
fancy Burbanks in the Frisco market;
onions continue in good call.

Smith Bros.—Notwithstanding great
quantities of pork that arrived this
week, market keeps at price; veal is
very firm.

McKinley Mitchell—Everything appears all right in both potatoes and onions, but we are waiting for direct
wires from 'Frisco to see just what that
market is doing; hops do not appear to
be quite so firm.

Toft, Hine & Co.—The soft weather
and heavy receiptts of the past week
have had a depressing effect on the hog
market, but the opposite can be said

### FOREIGN MARKETS ARE UNCHANGED

NOTHING NEW IN POLITICAL SITU ATTON-WROLE CASE WREAT MARKET IS SLOW EXCEPT IN MANSAS CITY -- CORN BATHER ACTIVE-OATS LOSE RISE.

Purnished by Overbeck, Starr & Cooke Co., Chicago, Jan. 16.—Logan & Bryan advise: The foreign wheat markets were unchanged and there was nothing new in the political situation. The whole cash situation is slow, except in Kansas City, where the movement has been large and the price relatively very low.
Advices from this quarter rather favor
the view that the big end of the movement in that direction is over. From very good quarters it is estimated that not more than 25 per cent of the crop is still in farmers' hands. In this market the action is controlled largely by the congested local condition. Scattered interest is to a great extent eliminated on both sides of the market and pend-ing a greater certainty in the Eastern question there is not much selling pres-

The corn market was rather active on quite a large general scale. The whole tone is strong, but it being Saturday, on the advance and the movement was not maintained. So far as we can see, there is no inclination in the country to offer and there is an active bull contingent in the market. There was a fair export demand and a good general demand for the better qualities. Until these conditions change we think we would buy on the weak spots, although the price is getting a little high.

Oats Lose Advance.

There was an early advance in oats February. 13.62 February. 13.62 on active speculative buying, but as in March. 13.77 orn, there was enough profit-taking to April. 13.88 Oats Lose Advance. on active speculative buying, but as in corn, there was enough profit-taking to lose it. The movement is small, the demand good and, although the price is high, there does not seem to be much encouragement to the short seller. There was no indications of a break in the Provisions About Unchanged.

The provision market was about unchanged. The outsider is still the chief buyer and packers are marketing freely. There is every indication of continued large receipts of hogs and unless the market is helped out by war, we doubt if the present range of values could be maintained. In view of the strength in coarse grains, the action of today's mar-

ket was not strong. AMERICAN BANK CLEARINGS. COFFEE MARKET HIGHER

(Furnished by Overbeck; Starr & Cooke Co.)

New York, Jan. 18.—McIntyre & Marshail
say: The coffee market opened firm at 10 to
15 points advance. Foreign cables were higher
when lower markets were expected. Brault
receipts were exceptionally small. On the opening the buil brokers bid prices up on finding
but few selling orders in the market. Later
on prices eased, the advance attracting sellers.
The close was quiet with longs realizing. The
