## MIKE COMPLETES TACOMA DEAL

**FORMER SACRAMENTO ARRIVES IN PORTLAND AND SAYS HE HAS SECURED HALL PARK AND ORGANIZED NEW CLUB—FISHER TO HAVE ABSOLUTE CONTROL.**

Mike Fisher, recently of Sacramento, and of late a Tacoma tiger, is in Portland today on his way to California, where he will confer with his team captain regarding the collecting together of his team.

Fisher is enthusiastic over his reception in Tacoma, and says that the club organized over there constitutes the most influential men of that city. Mr. Fisher is to have absolute control of the team, and will not have any excuses to make if his club should prove a loser. But judging from the talent already engaged by the Sacramento except the Tigers will be in the race.

Mike is busily engaged in shelling clear of Mrs. Dugdale, as he is to blame for having caused the Seattle magnate's wife much worry by preventing her husband, Mr. D. E. Dugdale, from catching his train the other night. Fisher is non-committal regarding the men he has secured for next season, only admitting the signing of one man—Charley Graham.

**Fisher Has Good Men.**  
In addition to Graham, Fisher has several other good men; in fact, with the addition of Nordyke and Dammann he has almost completed his team.

Mike paid a short visit to Seattle (he is not allowed to stay there any longer than is absolutely necessary), and says that every one over there is delighted with the new situation, and are heartily anxious that the war is over.

Mike concluded his remarks about Seattle by saying that the only thing Seattle had on Tacoma was that it is nearer the north pole.

Fisher leaves tonight for Sacramento, and will probably return to Tacoma at the opening of the season, as his time from now on will be taken up with the organization and training of his team, which will probably be done at Fresno.

The only thing that is worrying the Seattle Mike is that the other clubs won't be as strong as his, and he may make a runaway race of it, like Morley's aggregation did last season.

## VALLEY MAY HAVE SIX-CLUB LEAGUE

(Journal Special Service.)

Eugene, Or., Jan. 21.—Word has been received here that President Turner of the Willamette Valley Baseball league has called a meeting of the several clubs to be held in Albany next Sunday afternoon at 2 o'clock.

At present the league consists of Eugene, Roseburg, Albany and Salem, but it is understood that an effort will be made at the Albany meeting to make it a six-league club, taking in Oregon City and Vancouver, or a team from Portland.

It is said that Albany persists in making the league strictly amateur, but the other towns will not listen to the proposition. Albany may refuse to enter the league on that account, and in that event the league can be reorganized with the towns named.

The proposition has been suggested to play four games a week instead of two, as last year, which meets with approval in Eugene. While the midweek games would not be as well attended in Eugene as the Sunday games, they would draw better crowds on Saturday, as the business men are unable to leave their work on that, their busiest day.

## CHARLEY MITCHELL TO VISIT AMERICA

(Journal Special Service.)

Philadelphia, Jan. 21.—Charley Mitchell is contemplating a visit to the United States, and may leave for this country in about a month's time. Mitchell is not coming to fight, but to manage a number of clever English scrappers, among them being Owen Morgan, a promising bantam of Wales. Mitchell has great faith in Morgan, and thinks with the proper kind of training his countryman will make a big success on this side of the Atlantic. Mitchell may also bring Jim Bowker along. As to Morgan, Mitchell says: "I think that he is a better boy than Billy Pimner or Federal Palmer in the history of their career. He is a natural-born fighter, knows how to punch and can stand a grueling. He is clever and, what is more, intelligent."

## DELEGATES APPOINTED.

E. S. Willis and U. G. Scott were appointed delegates from the Portland Kennel club to represent that organization at the Seattle meeting.

## PROPOSE TO LENGTHEN NORTHWEST SEASON

(Journal Special Service.)

Spokane, Jan. 21.—C. H. Williams, president of the local baseball club, has returned from the directors' meeting at Butte, and says everything looks fine for a good season. McCloskey and Lucas are now in Ogden, where a club will be formed and the \$1,000 forfeit deposited to finish the season.

Mr. Williams says the schedule committee has about completed the program, but there are a few details yet to be arranged, which can better be completed after the schedule of the railroads are made out for the present year.

One of the most important changes of plans made by the schedule committee was the lengthening of the season. It was at first proposed to have but a four months' season, but there may be five and a half now. It was decided by the committee that the season would last at least five months, and it is likely to run two weeks over that time.

This will offer an incentive for players who might not care to sign for a shorter season. President Williams says he is receiving a great many applications from players and will have no trouble in getting up a team.

Old Matt Stanley, the Seattle catcher, who was ranked at the head in that department last season, has written to Williams for a job, and there are numerous others in the same frame of mind.

Mr. Williams stated that he had not heard of Dammann's and Nordyke's jump, but that they would most likely be back before the season was well advanced. It now looks as though the California league and the National association would come to an agreement. If such is the case Dammann and Nordyke will be returned to Spokane.

Williams received a letter from Durrett recently in which the center fielder stated that he would be with the Indians again this season.

President Lane of the Butte club introduced a resolution at the Butte meeting providing that any player drafted and jumping from any club would have to give notice to that club before being allowed to play with any other team in the league.

The pennant was formally awarded to Butte and \$50 appropriated to buy the flag. Ogden wired that the club there had the \$1,000 forfeit ready to deposit and McCloskey left for that town as soon as the Butte meeting was over.

## RACING RESULTS

(Journal Special Service.)

San Francisco, Jan. 21.—The feature of yesterday's running was the Owners' handicap, in which Claude, Fossil and Falconbridge were the contestants.

Fossil was a 3 to 5 favorite and set the pace from the start, but Claude came up gradually and bested him out in the last lap, winning by a length. Falconbridge came last. The track was muddy, precluding fast time. All the favorites were beaten and the bookies came out of the day's scrimmage somewhat to the good. Summary:

Seven furlongs, selling—Fleur-de-lys second, Sugen third; time, 1:29 4/5.  
Three and a half furlongs, purse—Peggy O'Neil won, Henry Ach second, Golden Idol third; time, 1:42 1/2.

Six and a half furlongs, selling—Hainault won, Fresco second, Nervator third; time, 1:52.

**At Ascot Park.**  
Los Angeles, Jan. 21.—Chub, the heavily-played favorite in the free handicap of a mile and a sixteenth, for a purse of \$800, sadly disappointed his backers and was not in the running at any time. Princess Tulane won from Ocean Dream in an exciting finish. Summary:

Six furlongs—Macana won, Silver Fitz second, Seaforth third; time, 1:17 1/4.  
Six and a half furlongs, selling—Androp, winner, Laupala second, Strife third; time, 1:23.

Three furlongs—All Scarlet won, Fair Carypso second, Dancing Nun third; time, :38 2-5.

## DAMMANN CONTINUES REPORT.

(Journal Special Service.)

Spokane, Jan. 21.—Billy Dammann states that the news to the effect that he and Nordyke have signed with the Tacoma team is correct. He further stated that he did not like the turn affairs were taking and that he saw little hope for more than a four months' season and that that was not enough for a ball player. In the Coast league a player had a position for double that time at even a better salary.

## SCARPER ISSUES CHALLENGE.

(Journal Special Service.)

New York, Jan. 21.—A challenge has been issued by Jacob Schaefer, the American billiardist, now in Paris, to any player in the world, for two matches, the conditions in each event being named.

The Providence club wants Tom Daly for manager next season, and is trying to get his release from Cincinnati. The Reds, no doubt, will be glad to get rid of him.

## "DUG" DOES NOT STAY VERY LONG

**SEATTLEITE ANNOUNCED HIS INTENTION OF LEAVING TOWN THIS AFTERNOON—WHETHER AN UNDERSTANDING WAS REACHED OR NOT.**

Owing to the Dugdale proposition, matters in local baseball circles have come to a standstill as far as the signing of players is concerned. Manager of the local club has with several crackerjack ball tossers when the usual "butt in" tactics of some of the local magnates again made itself evident by proposing to allow the man who cost the Coast league some \$50,000 or more by his opposition in Seattle last summer, to come here and secure a good thing by investing in the Portland club. The proposing of the Seattleite as a magnate has precluded any further negotiations at present for players and probably by the time the local magnates perfect arrangements with either Dugdale or Ely, all the good players will have been gobbled up and Portland left out of the race in the matter of securing talent.

**Dugdale to Return to Seattle.**  
Mr. Dugdale has announced his intention of leaving Portland this afternoon, returning whence he came, Seattle.

Nothing has been heard regarding what arrangements he made with the local people, it is a matter of conjecture as to whether he has been taken into the fold or not.

Some people say that Dug had the baseball situation in Seattle in the palm of his hand. Perhaps he did, but people, that is people who are out for the coin like the Seattleite, do not let a good thing like that get out of their hands, unless they see defeat ahead of them.

As has been stated in these columns before, Dugdale is not a man who is interested in the game, he found the Pacific Nationals to be on their last legs, when Tacoma came over to the coast organization.

**Once Dugdale Refused—Enough.**  
Dugdale was offered a chance to get in out of the wet, when the Coast league announced its intention of invading Seattle, but he preferred to oppose them at that time, and now that Tacoma has deserted the Lucas standard and caused the Nationals to confine themselves to the east of the mountains portion of that territory, Dugdale, like the fox he is, wants to affiliate with the victorious party, and as Seattle does not seem to want him, he naturally seeks the next best town in his estimation in the northern circuit. There is also another phase to the question.

Dugdale may have been importuned by the local organization, that is the portion of the local club that manages the league, or, unless a first-class team capable of holding its own with the other coast organizations is presented, baseball will again become a dead issue.

A first-class ball club composed of such men as the present manager has had in view would not only make money for the local magnates, but would prove one of the best advertisements this city could have, in view of the coming Lewis and Clark exposition.

The local magnate who comes to an understanding immediately, for in about 10 days it is possible that this league may affiliate with the National association, and upon such an event taking place, where will Portland get a team?

## SOUTH DAKOTA EDITORS.

(Journal Special Service.)

Sioux Falls, S. D., Jan. 21.—The annual meeting of the South Dakota Press association which began here today is the largest in point of attendance ever held by the association. A wide range of subjects of interest both to the editorial and business management of newspapers was discussed during the day and among the speakers were several Eastern advertising experts. There will be more papers and discussions during the meeting and the gathering will come to an end in the evening with a banquet, for which preparations on an extensive scale are being made.

## EVERY WALK IN LIFE.

Portland Citizens appreciate "The Little Conqueror."

Every class of citizens has sick kidneys. The busy business man rushing through life on the run, fails to realize the constant strain he daily puts upon the kidneys. The mechanic, forced to assume unnatural positions, stooping and straining his work, does not know that this backache is simply kidney ache. The clerk, on his feet continually leaning over a counter or desk, rather than a dull, aching pain in the back, subject to constant jarring, all have backache from the kidneys. Don't neglect a back, weak, or aching back, if neglected, means future trouble. Kidney trouble, urinary troubles, Doan's Kidney Pills cure every form of kidney ailment. Cure a bad back and make sick kidneys well. Doan's Kidney Pills are endorsed by people you know. Read what a Portland citizen says:

T. W. Shankland, who is a street car conductor on the Woodstock street car line, residing at 710 Elmworth street, says: "Some time last fall I began having considerable trouble and annoyance from a dull, aching pain in the back over the kidneys. I think it was caused from the constant shaking and jarring of the car. I thought at first it would disappear as quickly as it came, but this was not the case. Learning of Doan's Kidney Pills, I procured a box at the Laus-Lava Drug Co.'s store, corner of Yamhill and Third streets, and took them according to directions. The result was entirely satisfactory. The backache grew less and less and soon disappeared, and as far as I can tell it has gone for good, for there have been no symptoms of its return."  
For sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

## SPORTING GOSSIP

**SECRET FIELD TRIALS AT BAKERSFIELD VOTED A SUCCESS—BRITT'S FATHER BECOMES HIS MANAGER—ELEY GRANNAN PLANS A COUP.**

(Journal Special Service.)

San Francisco, Jan. 21.—On the 10th of this month the much mooted question of supremacy in athletic affairs will be settled, east against west, so far as sprinting is concerned, when Arthur Duffey of Georgetown university, who holds the world's record of 93-5 seconds for the 100-yard dash, meets the swift Mr. Hahn of the University of Michigan at the Columbia college relay carnival. The race will be for the amateur athletic union championship. Hahn has won both national and Canadian championships for 100 yards. A great deal of interest is being taken in the coming event by amateur associations throughout the country.

**Closing of Field Trials.**  
The closing of the Pacific coast field trials at Bakersfield on the 13th inst. leaves field sportsmen in a good humor. Much is said in praise of the manner in which the trials were conducted. Already the association is talking of branching out and placing more events than have been brought to public attention heretofore.

**Apply for Membership.**  
A number of athletic associations of Washington and Oregon are applicants for membership in the Pacific Coast Athletic association. At the last meeting of this body steps were taken toward enlarging the scope of the organization and the matter of sending representatives from the coast to St. Louis in June was discussed. It is possible that a boxing exhibition will be arranged for, that a sum of money may be raised to swell the fund that it is desired should be set aside to defray the expenses of the men who will go east. No definite conclusion has been reached as yet, but the matter will be decided in the near future.

**Britt's Father Now His Manager.**  
"Papa" Britt is said to be managing his son Jimmy's business now and it is reported that the father has always opposed Jimmy fighting at Colma, hence the California boxer's decision not to go over the San Mateo line.

**Riley Grannan Not Broke.**  
Riley Grannan, famous plunger, is not so "broke" as has been reported. Grannan is back in San Francisco after a long absence and he is not as gay as is his wont, but he has a few dollars left, nevertheless. Grannan says that he has had a series of misadventures and has lost a lot of money, but he has managed to keep his nose above water. He expects to make a winning before long and adds: "I will go right down the line with them when I do."

Grannan is well known among horsemen. He has won and lost fortunes and seems undaunted by recent unsuccessful plunges. Grannan is a man who is liked by all who are acquainted with him. He is a sport of the old line and his friends are hoping that he will reach the top again.

Jim Jeffords of Angels Camp, Cal., and Mike Schreck, the "Cincinnati Cyclone," are listed to box six rounds before the Washington club of Philadelphia at a near date.

**Oakland Sports Wondering.**  
Oakland boxers and sports in general are wondering whether Mayor Olney's order to hold a boxing ban in the city across the bay are to be sustained. The mayor says that the Cordell-Seiger contest will be the last that shall be held there, but since this declaration the West Oakland club was granted a permit to hold a boxing bout. This has put a temporary stop to the exodus of the knights of the ring and further action by the city's chief executive is awaited with some interest.

Australian Tim Murphy, the middle-weight boxer, has left for Honolulu, scheduled to sail from Liverpool before Barry 30 rounds for the Hawaiian championship. Barry recently defeated Jack Weedy and annexed the title.

Aurelio Herrera is back in Butte, Mont., and is looking for a match before the Butte club.

**Ben Jordan Coming.**  
Ben Jordan, the English featherweight, has sailed from Liverpool for New York. He will fight Benny Yanger before a Chicago club during February. For the past two years Jordan has been threatening to invade this country and reports of his coming became a byword among ring lovers and he commenced to look upon the stories as a pugilistic joke. Finally Benny Yanger's manager received a letter from Charles Hall, who looks after Jordan's interests, stating that his man would positively leave England by the 15th of this month, and his proteges will go direct to Chicago from New York.

Some discussion has arisen over the officers of the Lincoln club of this city. Names of many men were mentioned as being the fathers of the organization. The officers of the club are President William Winterbottom; secretary and treasurer, E. Pfaff; matchmaker, Al Murphy. There are two city supervisors interested in the welfare of the combination also.

**McGovern and Hanlon.**  
There is much disappointment over the small prospect of Eddie Hanlon and Harry McGovern, who are to fight before a local club. McGovern is looking for winners and he thinks that Eddie must get a little higher up on the pugilistic ladder before he can meet him in the ring.

**Broad vs. Hanlon.**  
Kid Broad and Eddie Hanlon are matched to fight next week in San Francisco. Al Nell and Dixie Kid are to box the preliminary.

## ENGINE CREW MAY BE FOUND GUILTY

INVESTIGATION INTO THE CLALLAM WRECK DISASTERS BRINGS OUT TESTIMONY THAT SHOWS GROSS CARELESSNESS IF NOT CRIMINALITY.

(Journal Special Service.)  
Seattle, Jan. 21.—Testimony tending to show negligence on the part of some member of the engine crew of the wrecked steamship Clallam may soon be brought out at the inquiry conducted by Inspectors Whitney and Turner.

While the inspectors have not as yet secured positive evidence that the sea cock was left open, the testimony of several witnesses shows that something went radically wrong below the main deck on the day of the terrible catastrophe.

William Cox, at one time first assistant engineer on the vessel, was recalled and questioned regarding the piping and working of the pumps in the Clallam. Chief Engineer DeLaunay asked him several questions, but no new facts were brought out regarding the construction of the pumps.

In answer to questions, Cox testified that two deadlights in the ship had been out of order. One in the engine room broke the day of the disaster. The other light was in the forecastle.

The testimony of Purser Freer sustains statements made by Captain Roberts to the effect that it was a very short time after the commander was notified of the condition of his ship before it was necessary to launch the lifeboats.

One of the most interesting witnesses of the morning was Pay Matic, one of the Clallam's firemen. Matic had several talks with Inspector Turner before he was brought to a realization that he was there to answer questions and not to advance theories.

**Water From Deadlight.**  
Matic said that he noticed water coming into the fireroom from the bunkers when the vessel was about an hour out of Port Townsend. It was his watch and he was on duty at his post. He told of water coming into the ship through the engine room deadlight.

"How do you know the water was coming in? Wasn't there a bulkhead between you and the light?" asked Inspector Turner.

"Can't I walk into the engine room if I want to?" curtly replied Matic.

Inspector Turner did not see the importance of the fireman's testimony and Inspector Whitney took up the investigation. He brought out the fact that all the water in the ship was aft and that late in the day Matic did not see any on the upper deck. The forward part of the ship was clear even after the three boats had been launched.

It is the desire of Marine Inspectors Whitney and Turner to have all survivors of the wrecked steamship Clallam give testimony in the examination into the cause of the disaster now being conducted.

Mr. Turner said this afternoon that it was his desire to question the survivors closely and that it would probably throw more light on the investigation if they could be in attendance.

The first day survivors Bennett and Hewitt were in attendance but they were not examined. It is likely that several of the passengers will be called tomorrow. It is now believed the inquiry will last through Thursday and Friday.

## GRAIN SHIPMENT.
