EVERY WALK IN LIFE.

Portland Citizens appreciate

"The Little Conqueror."

Every class of citizens has sick kidneys. The busy business man rushing through life on the run fails to realize the constant strain he daily puts upon the kidneys. The mechanic, forced to assume unnatural positions, stooping and straining at his work, does not know that this backache is simply kidney ache. The clerk, on his feet continually leaning over a counter or desk, railroads, conductors, engineers, street-car men, subject to constant jarring, all have backache from the kidneys. Don't neglect a bad back. A lame, weak or aching back, if neglected, means future trouble. Kidney trouble, urinary trouble, Doan's Kidney Pills cure every form of kidney ill. Cure a bad back and make sick kidneys well. Doan's Kidney Pills are endorsed by people you know. Read what a Portland citizen says: "W. Shankland, who is a street car conductor on the Woodstock street car line, residing at 710 Eisworth street, says: 'Some time last fall I began having considerable trouble and annoyance from a dull, aching pain in the back over the kidneys. I think it was caused from the constant shaking and jarring of the car. I thought at first it would disappear as quickly as it came, but this was not the case. Learning of Doan's Kidney Pills, I procured a box at the Laue-Davis Drug Co.'s store, corner of Yamhill and Third streets, and took them according to directions. The backache grew less and less and soon disappeared, and as far as I can tell it has gone for good, for there have been no symptoms of a recurrence.' For sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute."

TO LAUNCE DAKOTA BOOK.

(Journal Special Service.)

New London, Conn., Jan. 22.—Two weeks from today another monster cargo carrier is to be launched from the yards of the Eastern Shipbuilding company here. It is a twin sister of the Minnesota, launched last spring, and will be christened Dakota. The Dakota will steam at the rate of 14 knots an hour, and owing to her great size will be steady in any kind of weather. She has a length of 630 feet and a width of 73 feet 6 inches. She will be rigged as a four-masted schooner with pole shafts and will have five continuous decks and four short decks. The ship is owned by James J. Hill, and will be used in the Great Northern railway's Pacific carrying trade.

QUARANTINE OFFICER WILL BE THE JUDGE

According to word received at the county board of health's office the people of Cleone, Or., a small village near Troutdale, are alarmed over an unquarantined case of diphtheria, which is termed by one physician sore throat, but which has been pronounced by another to be near enough to the real thing to deserve quarantine. Dr. W. E. Lewis, in a communication, informs the board that the child in Mr. Bennett's family at Cleone has been examined by himself and another physician. The former diagnosed the case as not being diphtheria. The neighbors, however, refused to be comforted, and Dr. Lewis enforced a quarantine for the time to quiet the neighborhood. Mr. Bennett, however, objects strenuously to his child being kept out of school, and his family quarantined for a case of sore throat, and the quarantine officer will visit Cleone and pass on the case.

GALVESTON TO CELEBRATE.

(Journal Special Service.) Galveston, Tex., Jan. 22.—The city of Galveston, larger, richer and more prosperous than before its partial destruction by the great flood in 1900, is to celebrate her rejuvenation during the coming week with a monster fête that promises to attract the widest attention. The occasion of the celebration is the completion of the seawall, erected at a cost of millions of dollars and which is expected to insure the city against any recurrence of the disaster of four years ago. Arrangements for the celebration have been made on an elaborate scale

A GEORGIA JUDGE WAS ALARMLY AFFLICTED WITH CATARRH OF THE LUNGS. CURED BY PE-RU-NA.

"I continued using Peruna for a short while, and have never felt the least symptoms of catarrh since. Peruna is certainly a good medicine, and deserves the highest praise which is given it by the general public."

Judge Durham has been Secretary and Treasurer of the city of Greensboro, Ga., for the past three years, and has been a local judge for ten years.

Dread Consumption.

There are three roads which lead from health to consumption. Over one of these roads pass all of that great multitude of people who die every year of consumption. Each route begins with health and happiness and ends with disease and death.

First road: a slight cold—neglected—settles in the head or throat—chronic catarrh—extends to the lungs—consumption—death. Second road: a slight cold—neglected—cough—settles in the lungs—cough gradually growing worse—consumption—death.

Third road: a cold—neglected—settles in the throat—hoarseness—short breath—consumption—death.

Thousands have just started on one of these roads, all of whom could be easily cured by Peruna. Thousands more are half way to the fatal end of one of these roads who are still curable by a course of treatment by Peruna. Yet other thousands are near the end whose last days could be made bearable and hope of recovery more probable by commencing Peruna without delay.

Catarrh of the Lungs the First Stage of Consumption.

So All Medical Authorities Agree.

Judge Durham, a well-known local Judge of Greensboro, Ga., had an experience with Peruna well worth reciting. A report had become current among the judge's friends that he was threatened with consumption. It was feared for a time that Georgia was to lose one of its most prominent and influential citizens. It was also reported that the judge had failed to get any relief from any of the medical aid at his command, that he had made use of the now world famous

remedy, Peruna, and made a prompt recovery. The affair created quite a sensation in medical circles especially, and the many friends of Judge Durham were not only exceedingly gratified at his recovery, but were enthusiastic in their praises of the remedy that had brought him relief.

The following written statement from the judge himself set forth the facts:

Greensboro, Ga., March 3, 1900. "Some time ago I contracted a severe cold which settled on my lungs and in my head. I tried many remedies, all of which gave me no relief. I concluded that my case was catarrh of the head and lungs, and seeing Peruna so highly recommended I began using it, experiencing the very best results from the first bottle.

and the affair promises to be one of the most notable of the kind ever seen in the southwest. The United States navy will be represented at the festivities by several warships, and the German cruiser Gazelle also will attend the celebration. The governor of Texas and many other persons of note have been invited to attend the ceremonies and no expense is to be spared by the citizens of the rebuilt city to make the occasion a memorable one.
