

TWO CLUBS RESIST OF FACTORS CLASH

**MITCHELL REPUBLICANS TRY TO
CAPTURE A SIMON FACTOR'S
MEETING — EACH ORGANIZATION
ROOSEVELT CLUBS AND SLAPS
THE OTHER DIVISION.**

An unsuccessful attempt was made last night, by a party of Mitchell Republicans, to capture a meeting in the Tenth ward, called by the Simon factor for the purpose of organizing a Roosevelt club. The invaders finally withdrew to an adjoining building, where they organized a Roosevelt club of their own.

Before they withdrew, the Mitchell Republicans were invited to sign the roll and become members of the new Roosevelt club, formed by their opponents, but it was a brand of Roosevelt Republicanism that did not suit their views and the invitation was rejected.

The Simon Republicans met in Mississippi Avenue hall and the proceedings were well under way before the enemy arrived. The constitution and by-laws were adopted and the following resolutions were passed:

"Resolved, That we, the Republican voters of the Tenth ward of the city of Portland, express our unbounded confidence in the ability, integrity and unselfish patriotism of Theodore Roosevelt, president of the United States, and pledge to him the hearty support of the delegation to the national Republican convention for the state of Oregon."

"Resolved further, That we believe President Roosevelt to be the unanimous choice of the Republicans of the state of Oregon for the office he now holds, and that for any faction or set of men within the party to claim to be the only persons in whose hands this political fortune can be trusted, is an unwarranted assumption which the facts do not sustain. Fidelity to the party in the past should be the standard of measurement for its agents today."

New-Comers Refuse to Join.
Fidelity to the sentiment of these resolutions was made a condition of membership, and while those who were signing the roll the Mitchell Republicans, about 45 strong, and headed by E. B. Elliott, a brother of the city engineer, and Alex. Donaldson, superintendent of street cleaning, arrived on the scene. A number of the party, it was said, are not residents of the Tenth ward.

Donaldson lives in East Portland, about three miles away. The invaders discovered that they had come too late. Donaldson was invited to join the new club, but declined.

"Aren't you a Roosevelt Republican?" he was asked.

"I don't want to join any hatched-up organization," retorted the street-cleaning superintendent.

Elliott and Donaldson finally withdrew with their forces, leaving the Simon Republicans in possession of the field. The latter proceeded to complete their organization, electing J. B. Eddy president, M. E. Thompson, vice-president, and L. A. Whitcomb, secretary.

President addresses by Mayor Kennedy, C. H. Glos, J. B. Eddy and others were received with great enthusiasm.

Mitchell Is Indignant.
Meanwhile the Mitchell party had repaired to the engine house next door where they proceeded to form a rival Roosevelt club, which should be duly branded with the Mitchell totem. Resolutions were adopted, and the party, armed with loyalty to Roosevelt and Senator Mitchell was indignant and commended. Officers were elected as follows:

W. J. Peddicord, president; N. Reed, secretary; C. W. Oliver, treasurer; E. B. Elliott, vice-president of precinct 54; A. Young, vice-president of precinct 55; J. T. Watson, vice-president of precinct 56; M. H. Carter, vice-president of precinct 57; and J. T. Tindell, vice-president of precinct 58. The executive committee consists of S. J. Duckworth, Dan Hart, J. Shoup, J. H. Clayton and George B. Tucker.

Each club has announced that it will hold a meeting next Wednesday evening in Mississippi Avenue hall. The Simon Republicans say, however, that they have engaged the hall so that their rivals will be obliged to hunt another place.

PARENTS' MEETING IN LENTS SCHOOLHOUSE

There was a large attendance of interested fathers and mothers at the parents' meeting held in the Lents schoolhouse last night. The principal speakers were County School Superintendent Robinson, Prof. D. A. Groat of the Park school and Mrs. L. H. Addison. Principal Swope, assisted by several of the ladies in the district, conducted the meeting. Mr. Robinson, quite thoroughly explained the progress of educational methods in the schools of Multnomah county.

The ladies' and children's pleasure each week—a visit to the Arcade Theatre.

HELP THE OLD FOLKS

**A Helping Hand Extended to Many
Old People in Portland.**

Be considerate of the aged; lend them a helping hand.
Make life easy for them.
The infirmities of age are many.
Most old people need help.
The kidneys are weak.
Are worn out with years of work.
Backache makes days of misery.
Urinary troubles, nights of unrest.
There's a ray of sunshine for the aged.

Doan's Kidney Pills will make life easier.

They are doing so for old and young. Portland people are learning this. Many are testifying to it.

Read the following local endorsement: "Mrs. J. D. Keady, 70 years old, who has been afflicted with kidney trouble for thirty years and for the past twenty years I have never been able to get from it in some form or other. I suffered terribly from backache and could hardly stoop over and get up again. At times I was greatly bloated, my feet swelled to twice their natural size and I was seldom without a plaster on my back to ease the pain. I doctored a great deal and used more medicine than any one person could carry. I had read so much about Doan's Kidney Pills that I concluded to give them a trial and give a box at the Lane Drug Co.'s store, corner of Yamhill and Third streets. I was a good subject, with a case of such long standing, and I thought, if they helped me I could safely recommend them to others. I used them faithfully and the results were satisfactory. I am now able to do my work and feel like a new person. Kidney Pills are a wonder. They did more good than any other remedy I ever used."

For sale by all dealers. Price 50 cents. Mailed by Foster-McBarn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and use no other.

SENIOR OFFICER AT ANNUAL PROMENADE

EDWARD A. VAN HOUTEN.

PROPOSES TO SEND LOBBY TO CONGRESS

**PRESIDENT SWIGERT CALLS ATTENTION TO URGENT NEED OF
DOING SOMETHING TO MAKE
PERMANENT CHANNEL FROM
PORTLAND TO ASTORIA IN RIVER.**

"It is high time," said President Swigert of the Port of Portland commission, this morning, "that the public and commercial bodies of this city were waking up to the fact that congress should pass a river and harbor appropriation bill. The future prospects of this port are at stake. Because a vessel drawing 25 feet of water is enabled to reach the sea without difficulty, is no reason that the residents here should sit back contentedly laboring under the hallucination that the channel needs no further attention."

"At present the channel is in good condition, but the improvements made are only temporary. After the flood the probabilities are that it will once more be in a bad shape. In certain localities it is continually filling up, and there always will be trouble from this cause until the recommendations of Major Langitt are carried out. In his annual report to the war department he estimated that with an available fund of \$2,700,000 a 25-foot channel from Portland to Astoria could be maintained permanently. After the depth was once secured, his idea was to retain it by building dikes and revetment work at the various places where the most trouble is experienced."

"The channel was once to be given a width of 300 feet. In order to do this the river would have to be made more narrow at certain points, thus converging the water as much as possible. "Owing to the small appropriations the engineers have always been working under difficulties. For channel improving from Portland to Astoria they have usually had only about \$150,000 to spend. They may have a small amount this year, but with no appropriation made at this session of congress, they will probably have no funds at all for 1905."

"A permanent channel is what is needed, and it can easily be had if the recommendations of Major Langitt met with favor. A little drip only affords temporary relief. With the expenditure of \$2,700,000 it is possible to get a permanent channel 25 feet deep and 300 feet wide. Once established no further expenditures in keeping it in good condition would probably be required for years."

Mr. Swigert held a conference this morning with the United States engineers, relative to the amount of funds now on hand for improvements of the river. The best plans to secure congressional action were also taken up.

Something must be done soon, concluded Mr. Swigert, "or the work already done is likely to come to naught. When the money now on hand is exhausted there will be no more dredging, and soon afterward there will be no channel. The general public does not seem to realize the seriousness of the situation. Meetings should be held by the commercial bodies, and ways devised by which an appropriation can be secured. It might be well to appoint a legislative committee to go to Washington to do some lobbying. Whatever is done should be done quickly."

LAST SAD RITES TO HERMAN VARWIG

The funeral of the late Herman Varwig will take place at 6 p. m. tomorrow from the Holman undertaking establishment. Third and Salmon streets. The services will be conducted by Rev. W. S. Gilbert, pastor of Calvary Presbyterian church. Interment will be at Riverside cemetery.

The pallbearers will be R. C. Wilson, E. C. Schaefer, P. B. Austin, R. J. Jubia, E. B. Jackson, W. M. Kapus, G. W. Caldwell and C. A. Whitman.

Herman Varwig died last Tuesday morning at Paso Robles, Cal., on a Southern Pacific train. He was en route to Tucson, Ariz., for his health.

The immediate cause of his death was asthma. He was accompanied on the train by his wife, who returned here Friday with the body.

Herman Varwig was a native of California, but had resided here for more than twenty years. He was prominently identified with the First National bank and the old Portland Savings bank, and was the junior member of the firm of H. Varwig & Son. He was 40 years old and besides the widow he leaves two brothers and a sister.

CANADIAN BOATS FOR THE JAPANESE

(Journal Special Service.)
Vancouver, B. C., Feb. 6.—The big Canadian Pacific railway steamships Tartar and Athenian of about 3,500 tons each have been purchased or chartered from the Canadian Pacific by the Japanese government. The steamships are being used as freight and passenger carriers between British Columbia and the Orient.

CORONER DECIDES TO HOLD INQUEST

**WILL INVESTIGATE DEATH OF ELIZABETH MACKENZIE, WHO TOOK
POISON — CHRISTIAN SCIENTIST
AND REGULAR PRACTITIONER
TREATED THE CHILD.**

Eleanor Edith Mackenzie, the 3-year-old daughter of James Mackenzie, of 854 Corbett street, died last Thursday of poisoning by oil of wintergreen that was taken Wednesday. First H. D. Jones, a divine healer, was called in and treated the child. After he had gone Dr. Marsh took charge of the case. Coroner Finley will hold an inquest to determine the cause of death.

Mrs. James Mackenzie said this morning:

"I hold Mr. Jones in no manner responsible for the death of my child. He has performed some wonderful cures in my family and I have faith in him. In case some of my other children are taken sick I will call him in to attend them. The circumstances of the baby's death were as follows: Eleanor had accidentally taken an overdose of wintergreen. We treated her with the remedies customary in cases of this nature. She became very ill and we sent for Mr. Jones, who remained several hours. When he left the little girl was greatly improved and was sleeping peacefully. Several hours later she took another spell and we called in Dr. Marsh, who lives near us. We would have recalled Mr. Jones but the cars had stopped running and as we live a long way out did not want to inconvenience him, as we did not consider the case serious, neither did the doctor. The child died the next evening after two doctors had treated her and had held a consultation. I do not know the cause of the death. It may not have been the result of the poisoning."

"My husband had been ill for eleven years and could get no relief although he was treated by several doctors. Mr. Jones took his case and he is now a well man."

Statement of H. D. Jones.

Mr. Jones said: "I gave Mrs. Mackenzie's daughter one treatment. When I started the child was in great pain and very sick. When I left it was sleeping peacefully. Some time after I had left it took another spell and instead of sending for me, her parents called a near by doctor. This ended my connection with the case."

"I have cured many cases like the one that has just proved fatal. My own son was poisoned with carbolic acid and I brought him out of it."

"Divine healing is simply the power which is secured through the scriptures by faith and correct understanding. I have performed dozens of cures that are remarkable and would cause surprise if the details were made public. I have been called in many times where doctors had given up hope and made cures."

Will Hold Inquest.

A. L. Finley, deputy coroner, made this statement: "On advice of District Attorney Manning I have decided to hold an inquest. After talking with neighbors and others interested in the Mackenzie case that seems to me a wise course. I prefer to have a jury decide the case since it seems to be a matter in which the public is inclined to demand inquiry to determine where the blame is to be laid for the death of the child. Because the case is that of a child and not of a grown person able to choose a physician, I am not inclined to take the responsibility of refusing to hold an inquest."

EAST SIDE HAS MOST REALTY SALES

PERMITS TRANSFERS.

Monday \$ 5,122 \$ 24,871
Tuesday 17,690 12,635
Wednesday 3,700 23,915
Thursday 6,420 64,220
Friday 15,880 28,902

Total five days \$ 48,152 \$ 135,223
Last week, five days 156,130 200,165

Loss this week \$105,925 \$ 49,928
There is not so much activity in the realty market this week and the situation is expected to remain dormant for at least another month. The sales this week amounted to \$115,223, as against \$200,165 during the previous week.

During the week 125 sales of realty were recorded, 19 of these being on the west side and 104 on the east side. The sales on the west side amounted to \$88,555, while those on the other side of the river were recorded at \$26,673.

The reason for the decrease in the total for this week was the extra large number of large transactions made during the preceding period. The largest sales were:

Several Large Sales.
Alliance Assurance company to Ernest Miller, west 70 feet north 1/4 lot 5, block 3, city; consideration, \$12,000.

Savings & Loan society to J. H. McCord, lot 1, block 12, Couch addition; consideration, \$25,000.

William M. Ayer et al. to Thomas Scott Brooke, north 1/4 lot 6, block 62, city; consideration \$25,000.

The Title Guarantee & Trust company to Mary L. Rice, lots 6 and 11, block 15, lot 6 to S. block 15, Holladay Park addition; consideration, \$12,500.

East Side Has More Permits.
During the week there were 27 permits issued for new buildings, 18 of them being for the east side and 9 for the west side. The total amount of the permits issued for the week was \$48,152, as against \$156,130 during the previous week. The permits on the east side this week amounted to \$24,223, while those of the west side were for \$23,929. Of the entire number of permits issued a majority of them were for the district north of the Burnside bridge on the east side.

During the week no permits were issued for any large buildings, the largest one being that of Simmons Bros., for alterations to their new property on the southwest corner of Fourth and Stark streets. The property was formerly occupied by the Omnibus Baggage & Transfer company. The structure will be used as a vaudeville theatre.

Good-enough tea and coffee, five and four kinds—Schilling's Best—at fair prices; moneyback.

FOR VIGOROUS OLD MEN OF LISBON, N. H.

Who are as active as boys of 16, owe their vigor, health and usefulness to the great restorer of youth.

DUFFY'S PURE MALT WHISKEY

It Keeps the Old Young, the Young Strong

Such testimonials as the following from well known temperance men of high standing, are conclusive and show that Duffy's Pure Malt Whiskey is the only tonic-stimulant and invigorator that keeps the system in a normal, healthy condition. It is the true elixir of life.

Mr. Pike bears his 90 years with becoming modesty. Grateful to the maker of this great remedy, and waxed eloquent in its praise.

Mr. Gould served two years in the Civil War as a rifle and drum major, the loss of one finger preventing him from enlisting as a private. He is in his 85th year.

Mr. Kelson, best known man in Lisbon, N. H., served as tax collector for a long period. A native and lifelong resident. Born March 3, 1828.

Mr. Geo. F. Savage, tax collector and prominent 32d degree Mason, says Duffy's Pure Malt Whiskey keeps his machinery in motion.

Mr. Samuel Pike, 90 Years Old.

"I cannot speak in any words but those of praise for your Pure Malt Whiskey. 'An old man like myself needs something of the kind to help nature, and nothing so liquid form was ever made to compare with Duffy's Pure Malt Whiskey as an aid to health. It gives me pleasure to testify in your behalf. 'No man feeling the advance of time should neglect to keep in the house. Human kindness should prompt us to inform others of the benefits to be obtained from such a source, and it gives me pleasure to testify in your behalf. I am in my 90th year and enjoy good health. SAMUEL PIKE."

Mr. Ira B. Gould, 85 Years Old.

"I am 85 years old and in fine health. Have lived in Lisbon, N. H., 36 years, and attend to my business personally every day. 'I have used Duffy's Pure Malt Whiskey as a medicine only, and found it the best tonic and stimulant I ever tried. 'Any man can keep health in his body longer by using it, as it prolongs life, and I want my friends to know of its merits so they may do as I have done and keep fortified against disease by taking regular doses of Duffy's Pure Malt Whiskey. 'I would not recommend whiskey as a beverage, but Duffy's Pure Malt as a medicine does prolong life. IRA B. GOULD."

Mr. Wm. M. Kelson, 78 Years Old.

"I feel it my duty to speak a good word for your wonderful Whiskey. I am in my 78th year, and feel the need of a stimulant every day. 'Duffy's Pure Malt Whiskey will certainly help any old man to keep young, and acts as a soothing influence on the system. 'It is good that such a remedy is so easily to be obtained, and I cannot speak too highly of it. WM. M. KELSON."

Mr. George F. Savage, 64 Years Old.

"I am a native of Lisbon, N. H., and in my 64th year. As old age creeps on something is needed to keep the wheels of the body machinery in motion, and I have found nothing as good as Duffy's Pure Malt Whiskey for that purpose. Nothing I ever used brings so much comfort and while I do not believe in the use of liquor as a drink, I can cheerfully recommend this as the best tonic in the world for old age. GEORGE F. SAVAGE."

These are a few of some 4,000,000 cures made by Duffy's during the past 50 years. It is so much better than any other medicine or combination of medicines for coughs, colds, catarrh, grip, bronchitis, pneumonia, consumption and all throat and lung troubles, that it is prescribed by over 7,000 doctors and used exclusively in more than 2,000 hospitals. It's an absolutely pure, gentle, invigorating tonic and stimulant, which acts directly upon the tissues and quickly kills the disease germs.

Duffy's Pure Malt Whiskey enriches the blood, stimulates the circulation, strengthens the heart and brings into healthy action all the vital forces of the body, brain and muscle. It cures dyspepsia, nervousness, malaria, chills and all low fevers. Invaluable for all wasting, weakened, diseased conditions from whatever cause. It is a promotor of long life—makes the old young and keeps the young strong.

TAXPAYERS WILL MEET COMMITTEE

ACTION AS TO SULLIVAN'S GULCH BRIDGE TO BE TEMPORARILY DEFERRED—SIX NEW TOWNSHIPS APPOINTED BY THE EXECUTIVE BOARD.

"Is the law of the council like that of the Medes and Persians, irrevocable?" inquired Federal Judge C. B. Bellinger of the executive board yesterday afternoon. The judge headed a delegation of east side taxpayers who were opposed to steel bridges over Sullivan's gulch, and especially to the one on Union avenue. The judge voiced the sentiments of the delegation in opposing the action of the council that ordered the executive board to advertise for bids for a steel bridge over Union avenue, and to do so at once. He suggested that the property-owners could probably induce the council to change its mind on this topic if they could labor with the members in a special meeting.

After discussion it was decided by the board to defer all action on the Sullivan's gulch bridge until the interested taxpayers had met with the street committee of the council and induced them to change their recommendation to the council.

Members of the executive board informed the judge and his allies that the board had been from the first in favor of a wooden bridge on Union avenue, and had only considered the steel project when ordered to do so by the council.

Before the meeting of the street committee, property-owners interested in the new bridges will meet, perhaps several times to insure a strong representation at the council committee's meeting. The first general gathering of the wooden bridge advocates will be next Tuesday evening at Burkhardt hall, 387 1/2 East Burnside street.

The bridge home is still undiscovered, and members of the board are beginning to wonder if it will be as hard to locate the boat after they get it as it was to finally let a contract for its construction. Every one breathed a sigh of relief when Mayor Williams cheerfully announced that he had discovered a place at the foot of Alder street where the river guardian could rest.

"How wide is that lot, your honor?" inquired Architect Ballin.

"About 30 feet," answered a member of the board.

"Why, that will never do," said the architect. "The boat will be 28 feet wide. We must have at least 45 feet for the slip."

Mayor Williams gazed wearily out on the prospect of another search for the boat's quarters, and another member of the board added crape to the Alder-street location's shroud when he said:

"Unfortunately, that is the place where the biggest sewer of the city empties, and I don't believe it would be an especially pleasant spot in which to quarter a boat's crew. Indeed, I am afraid it would not be healthy."

After this speech the board turned hastily to other things.

Six new patrolmen were appointed by the board, three of them taking the places of resigned officers and three being added to the force. The new officers are H. A. Calbreath, M. W. Rawley, Frank Dolan, Francis Seymour, W. J. Bullis and E. D. White. The offi-

SKIN GRAFTED FROM ARM TO HIS FACE

Hans Olson, father of Fred L. Olson, clerk of the municipal court, underwent an operation of skin grafting at St. Vincent's hospital last Thursday. Several weeks ago Mr. Olson, Sr., was operated on by Dr. Louis Buck and William Jones for the removal of a cancer that had been growing on his left cheek. The operation was a successful one and

Thursday the wound was covered with skin taken from Mr. Olson's right arm. The last operation is said to be a most remarkable one, owing to the patient's advanced age, 82 years, and that he did not take any anesthetics. Drs. Buck and Jones, who also performed the last operation, state that Mr. Olson did not even murmur during the painful ordeal, and that he is now progressing nicely.

CLARK FAMILY LEAVES FOR THE BERMUDAS

Mrs. Joseph Clark has received a message from her brother-in-law, Senator William Clark, stating that he, together with Charles Clark and the senator's daughter, Mrs. Charles Covert, have gone to the Bermudas for a short stay. The late Mrs. Charles W. Clark left no will so letters of administration have been applied for. The sole heirs are Charles W. Clark, husband of the deceased; Margaret Cunningham, her mother, and Mrs. Attie Renwick, her sister, all of Butte, Mont. Mrs. Joseph Clark states that the property left by Mrs. Clark was entirely personal, amounting to about \$100,000 in gold and jewels.

BOGUS HALF DOLLARS BEING CIRCULATED

When you are making a purchase and your change is handed back, observe it closely, and if there is a bright half dollar among the coins give it more than passing attention, for it may be bad. It is said that counterfeit coins—half dollars bearing the date 1893—are being circulated in this city. Several storekeepers, car conductors and res-

aurant men complain that they have been "taken in." The coin is said to be an excellent imitation of the genuine, but its newness is one means of detecting it. A car man remarked: "The bogus coin, while it resembles very closely a good piece, has not the sharp ring of a genuine half, but gives out a dead sound when dropped."

THEATRE OWNERS AT WAR OVER SIGN

Frank Monroe and Charles J. Jackson were arrested yesterday, being charged by R. Morton Cohn, proprietor of the Vincennes apartment house, at the northeast corner of Sixth and Washington streets, with trespassing.

The hearing was postponed until next Tuesday, but owing to the fact that Mr. Cohn expects to leave the city this evening, his testimony was taken today.

Mr. Cohn said that the signs were located between a window of his lodging house and the end of the building. He said that he had never been asked by Mr. Monroe or Mr. Jackson for permission to erect signs in front of the property of which he was a leasee.

GROWTH OF FREE RURAL DELIVERY

During the fiscal year of 1902 over 7,000 postoffices were discontinued in the United States owing to the establishment of rural free delivery. At the end of the fiscal year, June 30, 1903, there were 74,148 postoffices. The year before there were 75,945 or 1,776 more.

Since the first appropriation of \$10,000 was made for rural free delivery service in 1894, the growth of the system has been phenomenal. Not one cent of the appropriation was used the first year nor in 1895 and 1896. In 1897 \$40,000 was appropriated and 44 experimental routes were established. In 1901 congress, seeing that the system had outgrown the experimental stage, appropriated \$1,750,000. For the current year \$12,521,700 has been appropriated.

At the Arcade Sunday a continuous performance from 2 to 10 p. m. Every act a feature, every feature worth a dime.

The Rose society held its annual meeting last evening in the parlors of the Unitarian church. The following officers were elected: President, Mrs. Rose Hoyt; vice-president, Mrs. G. H. Lamberton; second vice-president, Mrs. F. J. Mann; secretary, Frank Lee; treasurer, Mrs. David Dryden. Reports of the retiring officers were read. The society is in a very prosperous condition. It has \$250 in the treasury. There is an active membership of 150. The executive and advisory boards will soon be appointed by the president, when preparations will be begun for the rose show to be held in June. This will be a very fine one.

GETTING READY FOR ROSE SHOW

The Rose society held its annual meeting last evening in the parlors of the Unitarian church. The following officers were elected: President, Mrs. Rose Hoyt; vice-president, Mrs. G. H. Lamberton; second vice-president, Mrs. F. J. Mann; secretary, Frank Lee; treasurer, Mrs. David Dryden. Reports of the retiring officers were read. The society is in a very prosperous condition. It has \$250 in the treasury. There is an active membership of 150. INCORPORATION OF PHOTOGRAPHIC CLUB

WILL COLLECT AND PRESERVE
VIEWS OF OREGON TO BE EX-
HIBITED AT ST. LOUIS AND 1905
FAIRS — CAPITAL STOCK FIXED
AT \$5,000.

Among the latest incorporations is that of the Historical Photographic association, whose principal headquarters is in this city. The articles were filed today. The incorporators are well-known residents and business men of Portland. They are: J. Brush Anderson, photographer; George L. Peaslee, of the firm of Peaslee Bros., and Sig. Sichel, the tobacconist and a member of the Portland board of police commissioners.

The new corporation has a capital stock of \$5,000, divided into shares of the par value of \$1 each. One of the incorporators said today: "The purpose of this work is the collection of photographic views from every county in the state. These will be bound in 40 volumes, containing about 10,000 views, which will cover subjects showing the natural resources, products, buildings and other matters of interest in the several counties of Oregon. It is the intention to place these on exhibition at the Louisiana Purchase exposition at St. Louis, and the Lewis and Clark Centennial American Exposition and Oriental fair at Portland, in 1905. After that it is proposed to permanently house the collection in the building of the Oregon State Historical society."

Director-General H. W. Goode of the Lewis and Clark fair recently sent a letter to President Sig Sichel of the Historical Photographic association, in which he says that the exposition, which he has
