Many people do not know the reason old lace is so much more valuable than new. It is not simply because it is old, but it is very beautiful, and that it can never be duplicated as the patterns are

This loss was a severe check to the making of lace in France and Belgium and occurred at the time of the French revolution. Before that lace making was the industry of the country and the patterns were handed down from one generation to another. They were valuable heirlooms and were guarded as such. The workers were bound by oath to certain dealers and would suffer want rather than break their word to them. Some, however, had taught their children and in that way many of the patterns

Have been the subject of our study for years. We understand their action upon the human system, and are prepared to successfully treat Kidney, Liver and Stomach trouble, Female Complaints and Chronic Diseases which American doctors cannot handle. Nothing but pure vegetables used. Consultation

# All Nervous, Blood, Skin and Private Diseases of **Both Sexes**

Through our vast experience as specialists we are able to make a full and early cure in these troubles in the majority of instances where the ordinary practitioner fails to relieve.

STOMACH, HEART, LIVER, KIDNEY, BLADDER, THROAT AND NERVE TROUBLES are very quickly relieved and a permanent cure made in all curable cases. We frankly tell you if your case is incurable. We will have no person's money except for benefits received.

Our special treatment for irregularities, weaknesses and diseases of women is the most potent in existence. We use harmless remedies in conformity with up-to-date medical science. Any alling woman can be assured that nowhere on this continent can she get more skillful or more courteous treatment than at our hands.

## You Can Pay When Cured

If you wish you can deposit the price of a cure in any bank in Portland, said amount to be handed over to us when you are cured. Or you may pay us by weekly or monthly installments if you prefer,

Consultation free.

## Delay Is Dangerous Where Health Is Concerned

A personal interview is desired, but if you cannot call, write us, giving your symptoms in full.

Our home treatment is successful even in complicated cases. Strictest confidence observed. Plain envelopes used in all correspondence.

#### TALCOTT TALK TO DISEASED MEN

THE DIGNITY OF OUR PROFESSION DOES not permit us to speak too freely of our accomplishments, yet it is the duty of a recognized and legitimate physician to say sufficient that the public may distinguish him from the impostor. This we are entitled to state: Our practice is the largest on the Coast, built up by the personal recommendation of one patient to another. It can be stated, too, without fear of contradiction, that previous to our announcement of the importance of urethral and prostatic inflammation as factors in the disorders of men, that treatment was conducted in an unsuccessful manner.

Our brilliant cures and the copying of our methods by others is evidence of our superiority.

Special attention given to Varioccele, Stricture, Piles, Rydrocele, Contagious Silood Diseases and Acute and Chronic Urethral and Prostatic Inflammation.

#### ALMOST A FIGHT IN GAMBLING HOUSE

(Journal Special Service.) Albany, Or., Feb. 6 .- Policeman Joseph Cantwell met with serious opposition while investigating rooms connected with the saloon of Collins & McAlpin last night. The order passed at the last meeting of the council directed that all gambling be closed and the committee on health and police issued instructions all officers to visit saloons where games were played prior to the order and report infractions at once. Officer Cantwell in carrying out the instructions of the committee has made regular nightly trips to the various places and the proprietors of the houses have afforded him every opportunity to satisfy himself that the orders were being obeyed. Collins & McAlpin occupy a two-story brick building and until reconnected with the saloon. Since their privileges were curtailed by the rouncil, the rooms have been dark, until the first of this week, when the back

It tory, and the coal is declared to be of a better quality than that found in the Heppner coal fields. Work was temporarily suspended a few days ago owing to present funds being exhausted, but it is understood that operations will soon be resumed.

Considerable interest has been aroused in this section as a result of the finding of coal in paying quantities on Dry Hollow, and it is the belief of many that with sufficient development it can be found in abundance at other places in this locality. In support of this idea is the fact that small outcroppings of coal have been found at different times in the section. But so far the work has been unrewarded.
