

# PARKER SAYS HE WILL BE A MAN

### FORGER IS GLAD JUDGE FRASER DID NOT GRANT HIM HIS WIFE OF 20 YEARS IN PRISON—SAYS HE WANTED TO SAVE HIS PARENTS FURTHER SHAME.

When Thurlow W. Parker asked Circuit Judge Fraser to give him the maximum penalty for forgery in court yesterday morning he was well aware that the granting of the request meant he would spend 20 years within prison walls. He learned the maximum before appearing for sentence. Strange of all, his request was in large measure due to the knowledge that his father had expressed the desire since his conviction that he "be given 20 years."

Nevertheless the boy, for he is only 24 years of age, is now glad that Judge Fraser imposed a sentence of only five years. He spoke feelingly of his sad predicament and the effect on his family, this morning. He declares that his intention is to lead the life of an honest man when his term in the penitentiary expires and says he hopes other young men will profit by the fearful consequences of his errors.

"I guess a good many people thought I was making a grandstand play in court," he asserted. "I didn't. I was depressed, and felt that I have caused my folks enough anguish. The longer I was in, the less trouble I would give them, was my idea. Last night I wrote mother and tried to cheer her all I could, wiring her first that a letter was on the way."

"My first offense was committed at Tacoma. I lost at gambling and then forged a check on a bank with the intention of putting the money in before the error was learned. When I was arrested this time I made up my mind never to do wrong again. Judge Fraser is a good man, and I feel in my heart he has made one of me, though I am doomed to wear a felon's stripes."

Colonel L. C. Parker, the father of the boy, is a prominent mine owner and politician of Montana, living at Deer Lodge. He was a member of the state house of representatives when W. A. Clark was elected United States senator, in the spring of 1901.

# OREGON HAS MONEY DUE FROM LANDS

(Washington Bureau of The Journal.)

Washington, Feb. 10.—The senate public lands committee today reported a bill to settle the accounts between the United States and the public land of different states relative to a disposition of 5 per cent on sales for school purposes. Under the provisions of this bill Oregon is entitled to \$10,000 and Washington to \$20,000.

# HOOD RIVER PEOPLE ON WATER QUESTION

(Journal Special Service.)

Hood River, Or., Feb. 10.—An adjourned meeting of water consumers of the Hood River valley met yesterday afternoon in Artisan hall to hear the report of the committee appointed at a meeting held in this city last Saturday.

The hall was filled to overflowing, many anxious berry growers being unable to gain entrance to the hall.

The water question has reached the acute stage in Hood River valley, many of the ranchers feeling that the water company is adopting highwayman methods in their dealings with them, and naturally they feel a resentment towards the company.

Immediately after the meeting was called to order the following report of the committee was reported and read by the secretary:

"To the Patrons of the Valley Improvement Company in Mass Meeting Assembled:

"We, your committee, beg to make the following report:

"First. Owing to the shortness of time allowed the committee has been unable to get complete legal opinion regarding the most feasible plan of curtailing water for 1904, and your committee request further time, and suggests that when this meeting adjourn it does so to meet at 1 o'clock on Saturday, February 13.

"Second. After having conferred with Mr. Waggon, the representative of the Valley Improvement company, who submitted the company's contract for water for inspection, your committee begs to say that in their opinion it would be unwise to sign such contract, for the reason that there is no substantial guarantee on the part of the company that they will fulfill any part of their part of said contract, and they refuse to make any.

"Also, that the company is the only party that can terminate said contract, and the consumer never. That in paying \$30 for 1,000 inches of water they will simply pay the indebtedness of the company and have no assurance that we will not have another indebtedness to meet at any future year, or be at the expense of repairs on ditch or flume.

"Also, in case the consumers of water sign this contract for 1,000 inches of water for this season they may require \$40, \$50 or \$100 per inch for the same rights next year. Also, that when 2,000 inches have been signed for at \$30 per inch the Valley Improvement company will have received \$60,000, a sum adequate to build the system, and the consumers will have paid the entire capital and the Valley Improvement company will own the plant, which they can hypothecate, sell or retain and collect their pension annually, knowing that no other company, after 1,000 inches have been sold, can ever

the mail on the star route from Medford to Jacksonville seven times a week. The department states that should it be found impracticable to secure the establishment of an additional service on the railroad between Medford and Jacksonville, and should a satisfactory proposal be received under the advertisement additional to the star service, it will begin March 21.

James St. James will serve three and one-half years in the Salem penitentiary for burglary. That sentence was imposed on him this morning in the state circuit court by Judge Egert. His motion for a new trial was denied yesterday.

# SALEM

(Journal Special Service.)

Salem, Or., Feb. 10.—Governor Chamberlain yesterday afternoon sent the following two telegrams on account of the big Baltimore fire of Monday:

"Gov. Edwin Warfield, Annapolis, Md.: The state of Oregon extends to the good people of Baltimore the sympathy of all her citizens in the dread disaster that has visited her.

"GEORGE E. CHAMBERLAIN, Governor."

"Mayor of Baltimore, Md.: The people of Oregon extend to your citizens their sympathy in the afflictions which have been visited upon them. Can we render you assistance?"

"GEORGE E. CHAMBERLAIN, Governor."

**Requisition Granted.**  
Governor Chamberlain yesterday honored the requisition of Governor Farnes of California for the arrest of one C. C. Sultzer, wanted in that state for making and issuing a fictitious check.

T. J. Bailey of San Francisco was appointed agent of the state of California to receive and return the fugitive to that city.

**Premium List Completed.**  
The state board of agriculture, at its meeting yesterday afternoon, completed the premium list for this year's fair, and made arrangements for the most successful exposition ever held in the state, the Blue Ribbon State fair, the forerunner of the Lewis and Clark exposition.

A committee from Salem camp No. 118, consisting of Past Consul Frank F. Toews, H. H. Turner and J. J. Longcar, appeared and asked for concessions for a wooden day at the fair, Tuesday, September 13, was set aside as Woodmen day, and an appropriation of \$600 was made for special prizes to be expended by the committee for prizes for Woodmen team drill contests and other sports to be held on the fair grounds.

To this sum other funds will be added by the local Woodmen, and a program will be arranged for that occasion such as has never been seen at the fair grounds. In addition to this the board contemplates arranging for a special harness race for that date, a Woodmen stake of \$500, the winner to be decorated by the Woodmen of the World. All drill teams from the state will have an equal show for the prizes, as the Salem Woodmen teams are barred from participation in the purses provided from the money furnished by the board.

President Chandler was instructed to arrange with the Pinkerton detective agency for a force of men to police the fair grounds during the week. The bids for the bar privilege were all rejected, as too low, and new bids will be called for.

W. H. Downing and Secretary Moores were appointed a committee to consult with the local streetcar company and arrange for a better car service for the next fair than has been had in the past years, so that all crowds can be handled, a matter that has been somewhat difficult in the past.

There are two streetcar lines running from this city to the fair grounds and the plan is to form a loop, and during fair week, run all cars in one direction, so as to obviate long and tiresome delays on sidetracks. The local company has long contemplated this change, and an effort will be made to effect it this year before the fair opens, thus adding much to the efficiency of the streetcar line and its capacity in handling large crowds.

**EUGENE**  
NOTICE.—The Eugene agency of The Oregon Daily Journal is at the bookstore of Allen H. Eaton, where subscriptions to go by mail carrier will be received.

**PROMINENT PIONEER DIES AT CRESWELL**  
(Journal Special Service.)

Eugene, Or., Feb. 10.—Captain P. C. Noland, prominent farmer and Lane county pioneer, died at his home at Creswell at 2 a. m. February 9, 1904, from stomach and bowel troubles. The funeral was held today.

Mr. Noland was born in Missouri, September 25, 1830. He remained at home until he was 16 years old, when he enlisted for a term in the Mexican war. He served 18 months, after which he returned home in 1848. In May, 1849, young Noland started across the plains for California. After a journey of four months he reached his destination and engaged in mining. He continued that occupation for two years and in 1851 returned to Missouri via the Isthmus of Panama. In 1853 he again crossed the plains with an ox team, taking with him his mother, Mrs. Sarah M. Noland; his brothers and sisters. While crossing the plains the Noland family became separated from the party of emigrants and were lost in the mountains for 42 days. Their supply of provisions gave out and they nearly starved before they were found. This occurred in Eastern Oregon.

Upon arriving in Lane county Mr. Noland took up a donation land claim at Creswell and has lived there since. In 1855 he enlisted in company B, Oregon mounted volunteers, and was afterward elected second lieutenant for service in the Rogue river Indian war. Mr. Noland reorganized it and he was chosen as its captain. Under his leadership the company went back into service and did active work in putting down the rebellious Rogue river Indians.

After his discharge Captain Noland returned home and was married to Miss Lenora Jane Stewart on January 1, 1857. To them two sons were born, George A. of Astoria, and James E. of Creswell. The first wife died in 1873 and Captain Noland was married again in 1879 to Mrs. Melissa H. Davidson. They have one daughter, Miss Neva Noland.

Captain Noland was a Mason, and was always allied with the Democratic party. He was a good citizen and was respected by all who knew him.

**Death of Mrs. Chevalier.**  
Mrs. Ruth Chevalier, aged 40 years, died in Eugene Monday afternoon, February 9, 1904, from consumption. Her home was at Thurston, 10 miles east of here, where she had lived for the past 15 years, until last fall, when she went to California. Returning to Eugene on Thursday of last week she became worse and died four days later. She leaves a husband and three young daughters.

The oldest voter to register in Lane county this year is "Uncle" John Cogswell, who has just passed the 90th milestone of life. Mr. Cogswell is yet hale and hearty and can be seen on the business streets of Eugene almost every day.

**ROYAL WEDDING AT OLD WINDSOR**  
GRANDDAUGHTER OF QUEEN VICTORIA AND THE GREAT-GRANDSON OF GEORGE III UNITED IN WEDLOCK—NOTABLE EVENT OF THE SOCIAL SEASON.

(Journal Special Service.)

London, Feb. 10.—In the presence of a notable gathering, which included a king, two queens and innumerable princes and royalties of lesser note, the marriage of Princess Alice of Albany, granddaughter of the late Queen Victoria, and Prince Alexander of Teck, brother-in-law of the Prince of Wales, was celebrated today in St. George's chapel, Windsor.

The wedding ceremony was a most brilliant affair and recalled to the minds of many of those present the wedding of the present king and queen, which was celebrated at the same place 40 years ago. The route from the castle to the chapel was spanned by triumphal arches made dazzling by a multitude of flags and ensigns. Enthusiastic masses of people lined the streets of Windsor and cheered the arrivals most heartily.

Non-commissioned officers and men of the Seventh Hussars, to which regiment the bridegroom belongs, had charge of the chapel. There they received the ladies and gentlemen, the former in gorgeous toilets, and the latter in levee dress or in splendid uniforms.

Among the first to arrive were the Prince and Princess of Wales, who drove from Frogmore accompanied by a number of royal guests and escorted by a small detachment of mounted troops.

**SULTAN OF SULU'S MEAL TICKET GONE**  
(Washington Bureau of The Journal.)

Washington, Feb. 10.—Secretary of War Taft, before the house committee on insular affairs today, expressed an opinion on the Patterson bill to abolish slavery in the Philippines and to abrogate the treaty made with the Sultan of Sulu by General Bates. Taft said that by constitution, as well as law, slavery was abolished and a congressional act would offer no solution. The question of enforcing instead of making law was favored. The expression of congress, however, toward the abrogation of the Sulu treaty for payment of a regular stipend to the Sultan, was that it might cease. Taft's suggestion was adopted and an amended bill will be introduced by Patterson.

**PROMINENT PRINTER MEETS DEATH**  
(Journal Special Service.)

San Francisco, Feb. 10.—W. W. Copeland, president of San Francisco Typographical union, fell down a sidewalk elevator shaft last night, receiving injuries that caused his death early this morning. He was one of the most prominent labor leaders on the coast.

**Death of Mrs. Chevalier.**  
Mrs. Ruth Chevalier, aged 40 years, died in Eugene Monday afternoon, February 9, 1904, from consumption. Her home was at Thurston, 10 miles east of here, where she had lived for the past 15 years, until last fall, when she went to California. **THIEVES CARRY OFF REMINGTON MACHINE**  
(Journal Special Service.)

Albany, Or., Feb. 10.—The office of the Magnolia Steam laundry was entered Monday night and a Remington typewriter was carried away. The officers were notified yesterday morning, but have failed to find a clue to the thieves.

**Membership Contest.**  
Safety lodge No. 12, A. O. U. W., is having a membership contest which will end May 1, the losing side to furnish an oyster supper. William Eagles and G. M. Turner are captains of the opposing teams.

**Teachers Examined.**  
Teachers' examination is in progress with a large number in attendance. The work will continue until Saturday afternoon and it will be several days afterward before the markings are completed.

**Chinese Pheasants for Texas.**  
Chris Van Dran has received an order for 17 Chinese pheasants from Dr. Rosseau of Christman, Texas. The birds will be turned loose in the Lone Star state by the purchaser, who is a former Oregonian.

**Resigned City Editorship.**  
Willard L. Marks has resigned as city editor of the Morning Herald and is succeeded by George A. Fritchard.

**News Notes and Personal.**  
Miss Nitta Chamberlain entertained a number of friends Monday evening in honor of Miss Bertha Bohannon of independence, who is visiting in the city. The will of the late late L. Sanders was filed yesterday. The estate, valued at \$15,000, is to be equally divided between his four children. The funeral of the late Donald A. MacDonnell was held from the Catholic church this morning and the remains were interred in the city cemetery.

**LUMBER MARKET DULL.**  
(Journal Special Service.)

Baker City, Or., Feb. 10.—"It's just as I said a year ago it would be—there has been an overproduction of lumber in the Northwest." These were the words yesterday of David Eccles, president of the Oregon Lumber company and the Sumpter Valley railroad, who has just returned from Portland. "Three hundred new mills have been added to the list in the past year or so, and the mills of the Northwest are producing from 10,000,000 to 15,000,000 feet more of lumber daily than formerly. Naturally, the markets became glutted, prices decreased below a profit, and today 250 mills in the sound country have shut down. At the meeting in Tacoma, of the lumber association on February 5 it was reported that unless new markets could be found and the railroads could give some relief in that direction, more mills would close down and go into the hands of receivers. The outlook in the lumber business is not very bright, and the whole country will be affected. New mills in Idaho and Eastern Oregon are cutting into the trade of this part of the country."

It makes a woman terribly near-sighted to her friends to ride in a carriage when they are walking.

# SOCIETY WOMEN

## As Well as the Housewife and Professional Women Endorse Pe-ru-na as a Specific for Winter Diseases.

MISS BLANCHE MYERS.

### A SOCIETY LADY'S LETTER.

Miss Blanche Myers, 3129 Penn street, Kansas City, Mo., a prominent young society woman of that place, has the following to say of Peruna:

"During each of the past four seasons I have caught a severe cold, when suddenly chilled after an evening party, and catarrh for several weeks would be the result. One bottle of Peruna cured me, and I shall not dread colds any more as I did."—BLANCHE MYERS.

### HOME TREATMENT FREE.

Catarrh Cures by Thousands Under Dr. Hartman's Free Treatment. Catarrh of the nose and head produces

discharge from the nose, sneezing, and pain in the eyes and forehead, weak, and sometimes watery eyes, and occasional loss of memory.

Unless something is done to prevent the catarrh will follow the mucous mem-

brane into the lungs where it will be followed by cough, night sweats, rapid loss of flesh, and the other dread symptoms of consumption.

To all such people Dr. Hartman's treatment comes as a great boon. It is only necessary to send name and address to Dr. Hartman, Columbus, O., and complete directions for the first month's treatment will be sent free.

Not only is it more successful in curing catarrh than the treatment of catarrh specialists, but it is in the reach of every person in this land.

A medicine which is the principal part of Dr. Hartman's treatment, known as Peruna, can be bought at any drug store, and is a remedy without equal for catarrh in all forms, coughs, colds, bronchitis, consumption, and all climatic diseases of winter. Each bottle is accompanied with complete directions for use.

Address The Peruna Medicine Co., of Columbus, Ohio, for a copy of their latest catarrh book, instructively illustrated, and contains 84 pages of the latest information on catarrhal diseases. Sent free to any address.

**A Housewife Who Suffered 25 Years.**  
Mrs. Alla Schwandt, Sanborn, Minn., writes:

"I have been troubled with catarrh for twenty-five years. Could not sleep day or night. After having used Peruna I can sleep and nothing bothers me now."—Mrs. Alla Schwandt.

Mrs. Jennie Cable, Spokane, Wash., writes:

"After suffering for twenty-one years with neuralgia, caused by catarrh of head, I tried all doctors and all kinds of medicine, receiving no benefit. I became discouraged and worn out at last. My mother wrote me to take Dr. Hartman's medicine, so I did, but my case was a chronic one, and I was also in the change of life. Through the use of Peruna and Manalin I am now entirely well.

"When I began taking your medicine I only weighed 61 pounds; now I weigh 110. I have not taken a drop of medicine for seven months, and would advise all sufferers to consult Dr. Hartman. The neuralgia affected my head and eyes, and for the last year seemed to be in my breast and between my shoulder blades."—Mrs. Jennie Cable.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

remove it at any time in the future, the lot is to revert to the grantors.
