HALF TO ONE AND ONE HALF HIGHER

LEAST ADVANCE WAS IN MAY AND THE MOST IN SEPTEMBER—MARKET ADVANCED SHARPLY DURING EARLY PART OF SESSION—CORN LOWER.

(Furnished by Overbeck, Starr & Cooke Co.) Chicago, Feb. 10.—Logan & Bryan advise: The wheat market closed from 1/4 to 1/2 higher. The least advance was in May and the most in September. The market advanced sharply during the early part of the session. The close was weak, with considerable of the early advance lost. There was nothing in the cable, as Liverpool did not respond to the firmness here yesterday. The war news is still a factor. Scattered shorts are covering. The pit thought Armour was a seller of both May and July. Apart from the support, which largely came from Armour early, the whole question is one of speculative sentiment and how far it will run is doubtful. The market is extremely nervous and unless given vigorous support by the leading long interests might have a sharp break. Primary receipts are about the same as last year. No export business was reported today and the whole cash situation is at best only moderate.

THE CONSTRUCTION OF SIXTY MILES OF IRRIGATING DITCHES AND FLUMES Has Been Arranged for by the Oregon Irrigation Company, Beginning at

LYTLE, Crook County

Which will make a Garden of Eden of more than 50,000 acres of land at once, and so soon as laterals can be constructed many thousands of acres will be reclaimed and converted into prolific areas. At its head the flume will be 30 feet wide and 9 feet deep, thus carrying an immense volume of water from the great Deschutes River to the thirsty soil that needs but this to make it "bloom and blossom as the rose."

LYTLE will be the metropolis of this great section of country, and property there will never be so cheap again. There is four billion feet of fine Oregon pine adjacent to the town some of which is being manufactured into lumber at the Lytle Lumber Company's mill. Plenty of building material; plenty of everything to make a big city. Stores wanted; business institutions of all kinds needed. Homes here for 50,000 people. Government land plenty.

WHEAT UP AGAIN TO DOLLAR MARK

CASH SELLS TODAY AT HIGH FIGURE—MAY IS HIGHER THAN SINCE THE LATTER BOOM IN 1897—JULY HAS REPORTED SHORTAGE AND QUOTATIONS ARE UP.

(Furnished by Overbeck, Starr & Cooke Co.) Chicago, Feb. 10.—Cash wheat again touched the \$1 mark today. All the options were higher. May wheat is the highest since the latter boom in 1897. Today it opened at 95 1/2c, was high at 97c and closed at 96 1/2c, an advance of 1 1/2c. July, on account of the reported shortage, opened at 84 1/2c, was high at 85 1/2c and closed at 87 1/2c. The price shows an advance of 3c.

WILSON WILL REST FOR 100 DAYS

"I do not care to give a man a severe sentence just because he is an ex-convict, but one who has been in the penitentiary and then breaks the law as soon as he gets out must be punished."

Wilson was arrested last night for carrying concealed weapons. Wilson was arrested on Third and Pine streets about 9 o'clock last night by Sergeant Hogeboom and Patrolman Vaughn. Wilson's coat was buttoned tightly and the officers noticed the outline of a revolver beneath it.

Wilson was sentenced to 100 days in the county jail.

POLICE PREPARED FOR REAL CONFLICT

When the patrolmen lined up at roll-call this morning before Chief of Police Hunt the peace-keepers were requested to give in the caliber of their revolvers.

This was done in order that a reserve supply of ammunition might be purchased and kept at the police station.
