ADJACENT SUBURBS NOT IN PORTLAND PROPER CONTAIN TEN THOUSAND PEOPLE WHO MAY COME IN—MOUNT TABOR SEEKS ADMISION.

More than enough signatures have been received to bring a petition for the annexation of Mount Tabor to Portland before the Portland city council.

The districts immediately adjacent to Portland, just outside the city limits, are more than 10,000 inhabitants. This includes the residents of Mount Tabor, Montavilla, Tremont, Woodstock, South Mount Tabor, a part of Lents, Columbia Slough and St. Johns.

"Petitions have been circulated among the voters to secure the 15 percent cent necessary to bring it with county auditors for the Portland city council.

"We have not an adequate water supply, fire or police protection, street lights, sewers or health protection. The increase in value of property would more than offset a slight additional taxation.

The portion of school district No. 6 which is mapped out for annexation contains a tract a mile and a half square. The west boundary is Portland boulevard, south Hawthorne avenue, and the northern part of the city.

The district has an estimated population of 2,800. The vote is figured at 300. More than 500 school children attend the two schools. The assessed valuation is \$715,570.

One substantial resident, in giving his version of the affair, stated: "I have my doubts whether the benefits that would accrue to Mount Tabor by the annexation would offset the difference in the taxes.

What Circuit Judge George regards as one of the most remarkable legal instruments he ever saw and the Douay, or Catholic bible, figured in a decision given this morning by the court in the suit of Matthew Ryan to have set aside a deed to property valued at \$10,000 in favor of Michael and Ellen Galvin.

The deed was annulled and Galvin and wife awarded \$750 for their care of Ryan during the last year.

An agreement between Ryan and the Galvins was entered into August 11, 1902. It provided that should Ryan die, the property should be given to the Galvins, to be recorded after his death, on certain conditions.

WESTERN LAND FRAUDS OVERSHADOW POSTAL IRREGULARITIES AND WILL PROBABLY INVOLVE MANY MORE MEN OF INFLUENCE—GIGANTIC SCAM.

The most important information given the grand jury came from a special agent of the land office, who for years was a member of a ring of successful grafters, operating both in San Francisco and Washington. He has revealed everything, from the time he was tempted with bribes to betray his trust to the discovery of the frauds, and his decision to turn state's evidence in order to save himself.

It is expected that indictments will be returned against several minor officials in the land office, against members of two prominent real estate firms in San Francisco, and others, including a banker, a notary public, a member of the California legislature, and several influential business men.

(Continued from Page One.)

San Luis Obispo, Feb. 11.—Fred A. McGuire, a former Santa Barbara society man, who is awaiting trial here for robbing the Southern Pacific train, gave up information today that led to the finding of the treasure.

After finding himself unable to leave, or unwilling to help keep secret the hiding place of the box of money, the trustee asked for an audience with the sheriff, and narrated to him his conversation with McGuire.

Today Sheriff Ivens and Deputy Sheriff McFadden followed the directions given to them by the trustee, and at 2 o'clock this afternoon discovered the hiding place about a mile and a quarter from San Luis Obispo.

The contents of the chest were \$1,000 in coin and a diamond valued at \$300. McGuire is formally charged with the crime.

CONSUMPTION CURED

"I was Dying of Consumption. Doctors gave me up. Nothing helped me. I tried Duffy's Pure Malt Whiskey. Improved at once. Eight bottles completely cured me."—Says Mrs. H. C. Allington, Nashua, N. H.

DUFFY'S PURE MALT WHISKEY

During its existence of 50 years, Duffy's Pure Malt Whiskey has made over 4,000,000 cures. 7,000 doctors prescribe Duffy's, and it is used in over 2,000 hospitals exclusively as the one complete, perfect and permanent cure for consumption, coughs, colds, grip, bronchitis, asthma, pleurisy, pneumonia, catarrh and all diseases of throat and lungs; indigestion, dyspepsia and every form of stomach trouble, nervousness, malaria and all low fevers, and for all weakened, run-down, diseased or wasting conditions of body, brain, nerve and muscle.

Duffy's Pure Malt Whiskey not only drives out disease germs, but builds up new tissues and renovates the entire system. It acts on the stomach, purifies the blood; stimulates circulation, tones up the heart, quiets the nerves, invigorates and builds up the body so that it will throw off and prevent disease.

At the medical convention in Albany, a leading doctor said: "I would rather have Duffy's Pure Malt Whiskey to cure consumption and diseases of the throat and lungs than all other medicines in the world." And the doctors present agreed with him unanimously.

Duffy's Pure Malt Whiskey is good for old and young. It promotes health and long life, keeps the old young, and makes the young strong.

Duffy's is absolutely pure, contains no fusel oil, and is the only whiskey recognized by the Government as a medicine. This is a guarantee.

When you ask for Duffy's Pure Malt Whiskey be sure you get the genuine. Unscrupulous dealers, mindful of the excellence of this preparation, will try to sell you cheap imitations and malt whiskey substitutes, which are put on the market for profit only, and which, far from relieving the sick, are positively harmful.

Sold by all druggists and grocers, or direct, \$1.00 a bottle. Medical booklet free. Duffy Malt Whiskey Co., Rochester, New York.
