COME EVERY DAY

GENERAL PASSENGER CRAIG SAYS THAT IT IS A HARD COLONISTS COME IN PARTIES.

General Passenger Agent A. L. Craig the Oregon Railroad & Navigation company pushed his chair back and gazed out at the rain. "Nice damp weather," he said with a smile. "What a relief and a change from a cold, dry

spell of 33 degrees below zero;" Mr. Craig returned last week from a trip to Chicago, St. Louis and Kansas City and was confined to his home sevdays on account of a severe cold. He is still suffering from the effects of his illness, but is rapidly recovering. "There is but little new in the east,"

he said. "People are beginning to know a little more concerning the Lewis and Clark fair and the residents of St. Louis are booming their exposition. Everything is in readiness for a big movement of homeseckers after March 1. But at this time it is impossible to make any estimate of the number of settlers who will come west this season. After the smoke clears away we will be able to count noses. I am pleased at the way in which the chamber of commerce is interesting itself in the advertising of Oregon, of which too much cannot be said.'

Mr. Craig looks for the largest at tendance at the St. Louis fair to come from Chicago, Cincinnati, Memphis and intermediate points and the neighboring "The fair is going to be large hard for one to realize that it is to be half as large again as the Chi-cago exposition, for at the Columbian fair everything was new and there was no comparison to draw from."

Speaking of Oregon vacant lands, Mr. Craig said: "People must not get the idea that there is plenty of vacant farming land in this state. There are tracts that are not yet ready for settlement and others that are undesirable, One cannot afford to go back 25 or 30 miles from the railroad and raise wheat. The haul is too great. Lands already settled are worth money.

Mr. Craig declares that it is a big undertaking to induce a dozen families to think of doing the same thing, and a great deal bigger one to persuade 1,000. When a man tells me that he is going to bring in a colony of 1,000 families, he said, "I put it down that he doesn't know what he is talking about."
