

THE LARGEST JEWELRY STORE IN PACIFIC NORTHEAST.

EYESIGHT AND DOLLARS

Your eyes are worth more to you than your dollars. In eye service cost should be a secondary consideration, yet extravagance is natural if you come to us. If your eyes trouble you don't neglect them. Isn't it wiser to spend a few dollars with us now than to spend hundreds of dollars trying to restore lost sight in later years? Our examinations are scientific, painstaking thorough. Our instruments the most modern. We have the means of proving when we are right. No guess work here. No over-the-counter methods.

The Best Teeth Are the
Best That's Made.

That's Our Kind.

We take pride in referring to our customers—those persons who have been with us from the start—as to the correctness of this assertion. We make a flexible flesh-colored plate at \$15 that cannot be distinguished from the natural mouth. It is for this that these plates formerly sold at \$15. There are dentists in Portland today that charge \$35, and others \$50 for the identical plate we sell at \$15.

Silver Fillings \$5.00
Gold Fillings, pure \$1.00
Gold Crowns, 20-K \$3.50
Full Set Teeth \$3.50
Bridge Work \$3.50

A QUESTION OF ORTHOGRAPHY.

(Journal Special Service.) Chicago, Feb. 25.—W. E. Baker, special service editor in the quartermaster's office at Fort Sheridan, has been discharged from the service because he refused to spell "routing" with an "e," thus: "routeing." The command was given the young clerk by Lieutenant

Colonel Miller, who was preparing some transportation papers. Baker said such spelling would be incorrect. Miller, dressed in his authority, commanded him to spell the word as he directed. Baker refused, and yesterday the secretary of war ordered his discharge, saying that the clerk had disobeyed an order from his superior officer. Baker says he will carry the case to President Roosevelt.

**WIZARD BURBANK'S
NEW KIND OF POTATO**

(Hearst Special Service.) Santa Rosa, Feb. 25.—For the first time today Luther Burbank, the "wizard of horticulture," was induced to say something about the coming revolution in the potato world, which his genius has brought to life. This is probably one of Mr. Burbank's greatest achievements. He has produced new strains of potatoes and is perfecting his great work. He has produced a new potato successfully and is now working to make them of a little larger size. With magic skill he produces large or small varieties at will, this latter achievement is only a matter of time. In the remotest parts of the earth, wherever the potato is used, agricultural scientists are awaiting Burbank's latest creation.

The new potato will be sweeter than the old one. The pulp will be almost of a carot color and will be very palatable. Burbank admitted that this new kind of potato will revolutionize the world, so far as potatoes are concerned.

Are You Particular

About your coffee? If you want the best, see that you drink Country Club Mocha and Java.

Mr. Shoe Merchant:

We are still making some rattling good shoes. We put Custom oak sole leather in the bottoms, Asbestos leather in the tops and sew them with silk. Do you know what Asbestos leather is? It is the hardest wearing material on the market. If you want some good shoes, let us hear from you and we will guarantee satisfaction.

FRED DOWNS, RANCHMAN, SAYS
THE ROYAL SALOON CROWD GAVE
HIM A POTENT STIRUP CUP
AND TOOK TWO CRISP \$20 BILLS
FROM HIS WALLET.

Saying that he had been drugged and robbed of two \$20 bills on Tuesday night or early Wednesday morning, Fred Downs picked up the rest of his belongings that had been deposited at the police station when he was arrested yesterday for being drunk, and started for his home near Sara, Wash. Downs recently sold his timber ranch near Sara, and came to Portland. He was arrested at 1 a.m. yesterday by Patrolmen Baty and Adams.

When Downs secured his things that had been taken from his pockets when he had been brought to the police station, he began to look through his papers and pocketbook. When asked the object of his search, the ex-ranchman replied:

"I was drugged and two \$20 bills taken from me. I spent most of last Tuesday evening in the Queen Annie saloon, and I think they doped me there."

Downs admitted having visited one or two other north end saloons during his tour. But the Queen Annie saloon, corner of Fourth and Burnside streets, is the last place that Downs can remember having visited. He stated that he had three \$20 bills when he left the little Washington town several days ago, and that he had one of them changed just before leaving Vancouver for Portland.

"The other two bills I put in my shirt pocket, thinking, of course, that they would be safe there. But I guess they are gone for good, now."

When he was released Downs showed the police officers at the station that he still had money. Besides several dollars in change, the man from Sara had a check on a Vancouver bank for \$300 and a \$250 note that had been given as part payment for his ranch.

During the past ten days Mr. Olson has been at the home of his son, Fred Olson, at 336 East Hoyt street, and his recovery was so rapid that Mr. Olson, Sr., is planning to return next Saturday to his home at Port Blakely, Wash.

Mr. Olson is rapidly recovering from an operation performed for the removal of a cancer. The cancer was removed from the left cheek of Mr. Olson, Sr., the operation having been performed nearly two months ago by Drs. Louis Buck and William Jones, while the aged sufferer was at St. Vincent's hospital. Three weeks ago skin was taken from Mr. Olson's right arm and grafted onto the face wound. Both operations were most successful.
