

TRANSACTIONS IN THE FINANCIAL WORLD

NO PREMIUM PAID BY THE MILLERS

Flour men have all the supplies they are in need of and are not over anxious to buy—some offers rejected—potatoes good.

Front Street, March 2.—The principal items of interest in the Portland wholesale markets today are:

Wheat is set to firm. The price of wheat in this market has reached such a state when it is so high that the exporters cannot make any buys and the hold is left entirely to the millers.

Wheat Pool Turned Down. A report from Pendleton says that a pool of farmers holding 40,000 bushels of wheat was turned down by the millers.

Flour Market Keeps Firmer. Despite the fact that the wheat market is showing a slight weakness flour products are being quoted higher.

No Poultry in Market. At present there is hardly any poultry in the front-street market and the call is showing an increase every day.

Market Continues Lower. It is the same old story in the egg market—lower prices. All the retailers are expecting a slump in the market.

Steamer Vegetables Well Spiced. The San Francisco steamer was a day late in arriving, having come in last night.

Potato Market in Good Shape. The potato market here is in good shape with the dealers again entertaining offers.

Onions Continue to Be Firm. As in potatoes, the onion market is firm. There have been quite a number of buys up the country during the past two or three days.

Opinions on Today's Market. W. B. Glafes company—California steamer as usual; one case of celery and car cauliflower overland today.

Only Weakness in the Cattle Market. Portland Union Stockyards, March 2.—Receipts of livestock to the stock pens today were:
