HORSE SALE CLOSES AT IRVINGTON PARK

Jeremian Powers was an interested and excited bidder at the horse sale yesterday, the last day of the event. Powers knees, and Aldace went to Tongue & Hellman for \$900.

Jerry decided that the 4-year-old. Aldace, looked good to him about \$850 worth, and in the course of the bidding it came to be Jerry's turn to raise Hellman's bid of \$800, and he signaled Mc-Carthy \$50 better. Somebody went \$75 and Hellman shouted \$900, and Jerry quit. Ed Schiller told him that if the horse was worth \$860 he was worth \$100 more, but Jerry had made up his mind that he was done, and all the coaxing could not get another bid out of him, and Hellman got Aldace for \$900.

Jerry has an ambition to become a turfman, and he missed by a narrow margin. There were several other bidders besides Jerry Powers and H. H. Hellman in the persons of W. F. Wat-son and George Perringer. Mr. Hell-man, the purchaser of Aldace, and his partner. Mr. Tongue of Hillsboro, are the owners of the well-known pacers Portin Knight and Mack Mack.

The crack horse, Newsboy, by Lamhert Boy, brought the next best price of \$400, being purchased by Brown & Eaton of this city.

Mr. Hellman secured the third high-est-priced horse, Loveless, for \$380. The sale was a success in every way, although held a month earlier than last

STATE AND DISTRICT CONVEN TIONS HOMINATE TWO CON-GRESSMEN, ASSOCIATE JUSTICE AND FOOD COMMISSIONES-OTHER HOMINATIONS REPERRED.

The Socialist state and district conventions concluded their labors yesterday, their nominees being as follows:
Associate justice of the supreme court, C. C. Michaelson of Prineville. State food and dairy commissioner, N. Rasmussen of Portland. Congressman from the First district,

B. F. Ramp of Salem. Congressman from the Second district, George R. Cook of Portland. The nomination of circuit judges, dis-

trict attorneys and joint legislative can-didates was left to the executive committee, which will meet later and complete the ticket. The following platform was reported by the committee on platform and adopted by the convention: Workingmen of all countries, unite You have nothing to lose but your chains; you have a world to gain! "We, the Socialist party of Oregon, in convention assembled, proclaim our al

ica, and affirm our unfaltering adher-ence to the principles and the program of international revolutionary socialism.
"In presenting our candidates to the with it, we base our appeal upon the following declarations and our platform of

legiance to the Socialist party of Amer-

principles: "First-Labor produces all wealth. and political conditions labor's share in the wealth which it creates is merely a mean and uncertain subsistence.

"Third-So long as the present organization of industry remains the capitalist class will monopolize the ma chines of production and will appropri ate, through the wage system, twealth created by the working class. "Fourth-This appropriation of labor" wealth by the capitalists is so complete that it enables them to live in luxury

and idleness. "Fifth-As a necessary consequence of this exploitation of the laborers by the capitalists-this expropriation of all property out of the hands of the tollers into the private ownership of the holders of capital, there is an inevitable war between the interests of the working class one the one hand and the inerests of the capitalist class on the other.

"Sixth-This class struggle between the wealth-makers and the wealth-tak-ers will endure so long as our present system of production for profit contin-

"Seventh-In this conflict between the workers and the capitalists, labor is dis-armed on the economic side, all the instruments of production and distributing wealth being owned and controlled by holders of capital. "Eighth-There is only one weapon

with which the working class can successfully oppose the capitalist class-and that is the ballot.

"Ninth-This fact demands as an inevitable conclusion the organization of the working class into a political party that shall be, everywhere and always, distinct from and opposed to every po-litical party not founded entirely upon the interests of the working class. The Socialist party is organizing to meet this demand, and is therefore the party of the working class.
"Tenth—The Socialist party, when in

office, shall always and everywhere, until the present system of wage-slavery is utterly abolished, make the answer to this question its guiding rule of con-duct: Will this legislation advance the interests of the working class and aid the workers in their class struggle against capitalism? If it does, the Socialist party is absolutely opposed to it,
"Eleventh—In accordance with this principle, the Socialist party pledges itself to conduct all the public affairs of this city in such a manner as to pro-mote the interests of the working class.

"Twelfth-In conclusion, we appeal to all working men to study the principles of socialism, to vote with their class at all elections until they overthrow the power of capitalism, abolish industrial classes in society, terminate forever the class struggle and inaugurate the cooperative commonwealth based upon this undamental principle of justice:
"To every worker the full product of
