TRANSACTIONS IN THE FINANCIAL WORLD

LARGE SHIPMENTS CAUSE A DECLINE

SAN PRANCISCO POTATO MARKET RECEIVES A TEMPORARY SET-RECEIPTS - RICE HIGHER - TO-MATORS ARE DOWN.

Front Street, March 4.—The principal items of interest in the Portland wholesale markets today are:

oday are:

Asparagus crop is rulned.
Lurge pointo receipts cause drop.

Onlons are higher priced.
Japanese rice is advanced.
Spot tomatoes are lower.
Temporary shortage in sugar.
California eggs burt locals.

Outside butter gets trade.
More meats are coming.
Sturgeon season is closed.
Fresh salmon rapidly cleaning up.
No haltbut in market.
Bluestem wheat goes cast.

Large Shipments Cause a Drop.

The large shipments of potatoes from this city to the San Francisco market during the past few days has caused a decline of about to in the market values in that city. Just now every dock in the bay city is full of pointness and the market is in a very weak condition. Dealers there are bearish and look for lower prices for some time. They report the retailers only buying in a sort of hand-to-mouth fashion and a decline in prices was the result. In this city the docks are so full of pointness that the dealers cannot find a place to store their goods while avaiting shipment. One dealer reports that the O. R. & N. Co. has refused to allow any more storage of potatoes on its docks until the present stocks are cleaned up, as they say that the upper deck is now just as full as it can be consistent with safety. As a result of these conditions the dealers in this city are not so strong in their opinions of the potato situation today and all report a decline of be per hundred on the best grades. best grades.
Onion Market Ruling Higher.

Onion Market Ruling Higher.

As has been previously told, the atrength in the onion market is a legitimate one and is not boosted up by some of the desiers in order to unload, as some of the potato men have. Today higher prices are ruling out in the country for the best stocks, \$1.40 being offered and paid. The market for potatoes in San Pasincisco is now at \$1.75 and this allows higher figures to be paid in this market. Higher Prices for Potatoes Later.

Higher Prices for Potatoes Later.

It seems to be the general opinions among the potato men that if the Oregon farmers and potato stilppers do not become too excited on account, of the temporary lowering of prices and ship large stocks into the bay-city market, they will be better off. The decline made in prices today is a natural one and if the shippers do not unload their goods too quick they will receive higher prices. Among the shippers the opinion is freely expressed that in about a menth or pechaps six weeks the San Francisco market will be in good shape and higher prices will rule. Contracts are now being offered for April and May delivery at higher figures than are now quoted. "Let the potato market take its own course," say the potato men, "and it will come out all right in the end. California will need our potatoes very badly later on."

Temporary Scarcity of Sugar.

Wholesals grocers of this city report a temporary shortage in the sugar supplies in this city. This condition has been brought about by the inability of the steamer from San Francisco to this city to take the goods of fered for shipment. During the coming week a number of cars will come overland and this will help to relieve the situation. There have been several advances in the prices on sugar if the east, but that marker barely has any affect on Pacific coast prices, as the product here is held by another company.

Byot Tomatoes Are Lower.

Prices on spot tomatoes of the standard grade are reported 50 per dozen lower today. Standard 2½s are now quoted at \$1 per dozen.

Prices on spot tomatoes of the standard grade are reported 50 per dozen lower today. Standard 21/2s are now quoted at \$1 per dozen. Storm Causes a Famine.

The storms off the Pacific occun have caused a shortage in the oyster supply and in this city today stocks were very hard to obtain. No changes are noted in the quotations. California Eggs Hurt Trade.

California Eggs Murt Trade.

Quite a large number of cases of California eggs are due in this market on the next steamer from San Brancisco. This, coupled with the fact that there are now quite a lot of California eggs in this market causes a weaker feeling and prices are again expected to assume a downward course in order to meet the quotations made on the California stock. Receipts in this city today were not large, but the demand is meminal and dealers are only buying in small lots for immediate use.

Outside Butter Hurta Trade.

Outside Butter Hurts Trade. The large receipts in this market of Caliquoted for the home stocks has turned most of the trade toward the outside goods. The best cresimery butter manufactured in Cali-fornia can be hald down in this city at 24c and this enables the dealers to cut under the local figures. Most of the butter being used up the valley is of California manufacture. More Meats Are Coming.

The receipts of hogs and veal along Front street today were larger but not half enough stocks arrived to suit the demand. Good block bogs, the best qualities of veal and mutton, are in active call at top figures.

The sturgeon Season Is Closed.

The sturgeon season has closed on the Columbia river and will not open until November
1. During the past season sturgeon has been
rather scarce in this market, while a few years rather scarce in this market, while a few years ago almost any day tuns of the fish went to waste along the docks on account of the lack of buyers. Now there is a good demand for sturgeon, but the supply is limited.

No Halibut in Market. The bad weather off the Puget-sound const has kept the halbut ushers from vanturing out and the result is that stocks are not in evidence in this market today.

Bluestem Wheat Goes East. The wheat market is very weak with no changes in quotations today. The only grade that is being held firm is bluestem which is almost entirely controled by the miliefs. Eastern buyers have been in eastern Oregon and Washington buying bluestem wheat for shipment, as they say that it is far superior to others is the manufacture of carcals.

Merchants' Opinions on Today's Market. W. B. Glafke company—Creamery butter situation is none too strong on account of the large receipts of California stocks at lower

W. T. Turner & Co.—We have an idea that the egg mucket will go lower; chickens are the egg marge, which as still very short.

Smith Bros.—Market is now gotting good quantities of hogs and veal and also a fair amount of chickens and dressed turkers, still there is not half enough for the demand; good, fat mutton and lambs are selling high.

Bell & Co.—Car mixed vegetables came in

Frisco; ontons slight advance; eggs weaker; no poultry coming. Everding & Farrell—Still short of chickens;

Monday.

McKinley Mitchell—Potators dull and quiet in Frisco; market lower.

Toft, Hine & Co.—Everything in market selling at top quotations except eggs, which are showing more weakness from day to day.

Today's wholesale quotations, as revised, are as follows:

NEW YORK SUMMARY.

New York, March 4.—Dow, Jones & Co. say:
No war news of any consequence. Independents
expect to follow United States Steel advance
in steel pipe. Fifty-five roads for January show
an average net decline of 24.08 per cent: 42
roads for the third week of February show an
average gross decline of .15 per cent. Railways Steel Springs declares a dividend of 2
per cent on common. Delaware & Hudson reports show a surplus, after all deductions, equal
to 1½ per cent on stock. There is a very
slight demand for stocks in the loan crowd.
Some indications of disposition to come togother among the miners and operators in the
soft coal fields. There has been \$1,250,000 in
gold sent to Argentina altogether. The banks
loat to the subtreasury since Friday \$1.091,000,
Twelve industrials advanced .12 per cent: 20
railroads advanced .20 per cent.

INDEPENDENCE

NEW TRAIN SERVICE ON SOUTHERN PACIFIC

(Journal Special Service.) Independence, March 4 .- It has been authoritatively reported here that the Southern Pacific will put on a regular train between Corvallis and Portland, passing through this place early in the morning and returning in the evening. If this should be done it means much to this side of the valley as it will give the railroad connections which the valley has been so long trying to secure, Heretofore the officials of the Southern tempting to ride their horses across a Pacific have stated that they would place such a service in operation as soon as the traffic would warrant, but the passenger traffic was not enough to justify the extra expense of the service and they were giving fair service in that broken, but the young lady sustained they connected with other lines and internal injuries and sha is now in a sereached most of the principal cities on the west side both for morning and evening travel. But it is said that during the last six months the traffic has done in eastern states and to the fact that much property has been changing hands and the district is attraction. attention than was heretofore the case.

During the last two years the hop business alone has increased to almost double its former extent, while the stock, dairy, fruit and vegetable busi-

ness is more than keeping pace with the increase that is noticeable in other sections. In Polk county there has been in the last two years a very large sale of excellent property. The magnitude of the sales can hardly be estimated without going to the records, but of north end saleon and gambling house. about \$20,000. William J. Iliff, something over \$25,000. Dickinson and E. J. Rose each \$15,000, approximately, and Mr. Brown \$9,000. All of their places are being vastly improved and on some of them there is a large acreage of hops.

It is said the dog was first located in Duluth by a Pullman car porter, who promised to accure the animal provided Erickson would pay all expenses and reof them there is a large acreage of hops.

These places are all along the line of the Southern Pacific railroad, easy of access for shipping purposes and represent only a few of the larger sales that have been made in the county most of which are in this immediate neighborhood. Small sales have been very nu-merous and it is estimated that there will easily be 800 acres of hops placed in the ground during the next year. The dairy business has been keeping pace with the hop business and the creamery here reports a large increase in the number of cows and in the quality of cattle. The fine grade of goats, hogs and sheep is becoming well known everywhere and these industries, coming for ward so rapidly, are doing much to bring this county forward and to make the Southern Pacific a larger traffic and more extensive freight trade. Five families of Oklahomans arrived

here the first of this week and it was impossible to get homes for them to locate in, but two vacent houses were found, to which they have moved until they can secure permanent quarters. They have a carload of material com-ing from the east and will locate here as soon as they can secure proper ac-comodations. The Independence Im-provement league has been doing effi-cient work in securing these emigrants from the east, and it was literature sent out by the Harriman syndicate that caused them to come to this place. G. A. Hurley, who is the secretary of the league here, states that they were communicating with him prior to their coming, and that he expects a much larger delegation from Oklahoma and from Illinois. These new arrivals state that they are communicating with some 50 families in the east who are waiting for more complete reports before they decide to leave for the west.

Mrs. Ellen Robertson has sold her

residence to Mr. Hastings of this city. The residence is in one of the best localities in the city. Mr. Oberson bought the Lyons resi-

dence this week.

Walter Smith, the small son of Mr. and Mrs. L. Smith, of this place, fell and broke his shoulder blade. The fracture was quite severe, but he is improv-

Tony Noltner of Portland is in the city visiting friends. D. L. Keyt, a candidate for state senator on the Republican ticket for this county, was here on Thursday making friends for the primaries, which will be held here soon. He halls from Dal-

Dr. W. C. Brown, a former dentist of this place, will open a dental office in Burns, Harney county, in a short time, Edward Rosendorf, a former resident of this place, is reported to be very low with typhoid pneumonia in Philadelphia, where he is attending the medical college. He graduated from the phar-macy course at the Agricultural college in Corvalis last year, and was just entering on a nine-year course of study in medicine, Mr. Rosendorf is well known here.

One of the pleasant social events of this city occurred on Saturday evening when the many friends of Miss May Webster called at her home and gave her a surprise party. There were about 84 present, bringing with them appro-priate and beautiful gifts, and an enjoyable evening was spent.

NON-PARTISAN IS

(Journal Special Service.)

last night in the city hall and George B. Dorris was nominated for council man to be voted for at the city election Energy..... to be held on the first Monday in April. Olympic Pancake Flour, the best convention was held in accordance with the new law which requires nomi- Try it. nations by convention to be made 30 days prior to the election, or 15 days prior if the nomination is by petition. Nominations in the other three wards will be made tonight. An effort was made to start the municipal campaign along political lines, but it has resulted in failure. Mr. Dorris is a non-partisan favoring the licensing of saloons and the candidates to be nominated tonight will be on the same ticket. It is probable that the anti-saloon people will put up a ticket.

Homestead Contest.

A homestead contest case was heard before United States Commissioner J. J. Walton here yesterday. The case was that of Bert Lemmon against Richard P. McHenry, and the homestead in question lies just across the county line from Lane in Linn county, in the Upper Mohawk country. Failure to make the place his residence is the ground on which Lemmon is contesting McHenry's right to hold the claim. The tes-timony of about 30 witnesses was taken and will be forwarded to the land office at Roseburg. L. T. Harris appeared as counsel for Lemmon, and E. O. Potter

for McHenry.
To Extend Sewer.

The sewer committee of the city council has taken steps to extend the Jefferson street sewer, one of the principal sewers in the city, south from West Eighth street a distance of several Best Sugar-Cured Ham, per lb. 140 Eighth street a distance of several blocks to accommodate a rapidly growportion of a large amount of surface water in the winter time. City Surveyor Collier is now at work surveying the proposed line, and the city council will 50-lb. can Pure Leaf Lard \$5.00 take action on the matter at its next 1 sack good hard wheat Flour \$1.00 regular meeting.

Palls Under Her Horse.

Miss Emma Workman of Marcola, 13 miles northeast of Eugene, met with a serious accident the other day. The young lady, accompanied by two friends, was on her way on horseback to spend the evening with a neighbor. became frightened and whirled around on the track, throwing her off to the ground, a distance of eight or ten feet, the horse falling on her. No bones were rious condition. The Eugene Commercial club's bowl-

ing team is arranging to hold a contest on the local alleys Saturday night with the following: A. J. Tolmie, captain; H. A. Dunbar, C. A. Wintermeier, Web-ster Kincaid, Dr. F. M. Day and E. R.
