### SPOKANE DETECTIVE **GETS HEAVY SENTENCE**

(Journal Special Service.)

Spokane, March 5 .- Twenty days in jail and a fine of \$140, that is the sentence meted out to Detective Otto Bringgold by Judge Richardson.

The attorneys for Otto Bringgold, who was convicted on a charge of tampering with a witness against William Royce, appeared with a motion for a new trial. The motion was overruled. The court asked Bringgold to stand up

and asked if he had anything to say why sentence should not be passed. The prisoner replied:

"Nothing, except that I am not guilty. The judge then sentenced Bringgold

to 20 days in the county jail and imposed a fine of \$140. This is double the sentence first imposed upon Bringgold by Judge Hinkle. E. H. Sullivan, one of the attorneys for the accused, gave notice of an appeal to the supreme court. Bond for \$500 was given. Sullivan, Nuzum & Nuzum and John A. Peacock are attorneys for the defendant. The prosecution of Bringgold was pushed by Prosecuting Attorney Kimball.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose. Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.
