

A BEILLIANT 10-INNING CONTEST AT BAKERSFIELD YESTERDAY-BUTLEB PITCHED.

### (Journal Special Service.)

Bakersfield, Cal., March 17 .- Portland Browns, 3; Chicago Nationals, 2; 10 innings

Batteries - Butler and Steelman Wicker, Briggs, Kling and O'Neil. The Journal said yesterday that the signs were right for Portland and the prediction was true. The Browns took Windy City players into camp in brilliant fashion, demonstrating to the easterners that western baseball is just as lively as that played on the Atlantic coast. Ike Butler was in the box for Portland and the "Old Reliable" dished out all sorts of shoots and kinks to the his Chicago batsmen, having them at mercy during the entire contest. Butler was in rare form and never had more perfect control and his work was a revelation to both teams.

It seems strange that so many fans were of the opinion that Butler was not the man to pit against Chicago. Manager Ely selected Butler because he knew well what Ike could do, and Ely's judgment was fully vindicated. Castro was the other particular star and his work as never excelled on any diamond. Castro took everything that came his way, with ease and safety, accepting seven hard chances without an error, and was also at the business end of a double play with Freeman. At the bat, Castro lined them out, having four hits, one being a triple. Manager Selee of the Chicago team felt quite confident Wicker Browns played together. and Briggs were withdrawn from the

It was said by followers of the game that the race for the pennant will be settled by Portland. Manager Ely was well pleased with the work of his men, but stated that when the season opens one week from today at Fresno with Mike Fisher's Tigers, the Portland team will play the trongest ball in the Coast league
