THE OREGON DAILY JOURNAL, PORTLAND, FRIDAY EVENING, MARCH 18, 1904.

READY RESPONSE FOR CASTRO FUND

The ready response which greeted The | for \$10,000, and the purchaser consid Journal's suggestion that a fund be ered himself lucky to get him for that created for the purchase of Shortstop

So far it has cost the Portland man Castro for the Portland team, is the best evidence of the high appreciation that his men, pay advance money and garb the people of this city entertain for a them, and to pay out another thousand high grade of baseball. The facts of would be a severe hardship. The fans the case, as fully set forth in yester-day's Journal, were sufficient to convince the fans of the worth of Castro and in a short time over \$100 were sent to The Journal office as a starter for the fund. The sufficient in yester-to do their share towards, supporting is worth a trip of many mfles. And again it must be remembered that next The subscription will be known as the "Castro Fund," and all money should be sent at once to The Journal office, where a proper acknowledgment of the same will be made the mode of the paye the way for next season.

same will be made through the columns of the paper. The

can open the case with the eastern mag-nates—the case has been settled and the only manner in which Castro may Portland Club, per Peter Grant. be secured is for Manager Hily to pay Manager Hanlon \$1,600. Some may think that a ball player is not worth such a sum. "King" Kelly in his day was sold

The same of the Northern Pacific roll. Mr. Craig

lic and a beginning has been made in acquired the placer property of R. S. Armstrong, on Big creek, has purchased

a hoisting plant and will install it on his ground. The gold bearing gravel on his ground is very deep, and it being necessary to drift the ground, he has decided to facilitate work with a hoisting plant.

Repair of the air pipe line between the compressor and the Baisley-Elkhorn mine is reported to have been finished by the management in time to prevent the mine from refilling. The manager put a force of men at this work immediately after the slide, and the past week men coming from that section said that connections had been made, and operations at the mine and mill would quickly be normal.

The Bonanza mine has cut the voir on the 1,200 level. It is said that a portion of the 40 stamps are kept dropping on ore removed from the deepest level and also from a small stope on the 800 where a new ore body is being developed By its work of steadily seeking depth the Bonanza commands greatest interest of all Oregon properties at the ent time. This is the deepest shaft in the state, and gives the greatest vertical depth of any working in the state.

There is every indication that the to the public generally and the city school children for holiday donations which were generous and helpful, we oferally considered that the mineral weath is there and only wants suffihave been my co-workers and helpers I clent capital to develop it and put it on especially wish to express my sincere a paying basis.
