BABY CARRIAGES AND GO-CARTS

UNPRECEDENTED SHOWING OF THE LATEST AND HANDSOMEST DESIGNS FROM THE LEADING FACTORIES OF THE COUNTRY. GO-CARTS WITH THE NEW AUTOMOBILE RUNNING GEAR

We are now ready to show you the handsomest and most complete assortment of up-to-date baby carriages and go-carts ever brought to this city. They represent the finest examples of modern manufacture. Just look at the illustrations shown around this advertisement. You will note that the patterns are beautiful in design and most artistic. The upholsterings are luxurious and the material and workmanship of the highest grade. The handles on all carriages and carts are fastened direct to the body and all have the finest spring frame. The backs and front of the go-carts are adjustable to any position. But especially would we call your attention to the NEW AUTOMOBILE RUNNING GEAR, with which many of the go-carts are equipped. It consists of four steel wheels of equal size, with heavy rubber cushion tires, attached to the axle by a patent process requiring no nuts, and with rubber dust caps over the hubs. This is the easiest running and most comfortable cart ever invented. No violent jar for the baby, no nuts to work off the axles, and no dust in the bearings.

LET US SHOW THEM TO YOU

Below you will find a carefully arranged schedule giving description and price of each carriage and cart shown in the border of this advertisement. By comparing the numbers you will obtain an exact idea of the appearance and appointments of each carriage. Cushions are not really necessary for the comfort of the baby—all carriages have cane seats and backs—you can use your own cushions. All cushions and parasols are interchangeable. For that reason we can give you any of these go-carts or carriages at lower prices than shown in accompanying illustrations by equipping them with cheaper cushions and parasols. In cushions we have corduroy, tapestry, novelty cloth, Bedford cord and broadcloth, in tan, green, red, brown and blue. Parasols in same colors. We will also sell the carriages without cushions or parasols at proportionate reduction.

WE HAVE HIGHER PRICED GO-CARTS IN BEAUTIFUL PATTERNS

Our Mail Order Department Is Always at Your Service

If you are unable to visit our store you can order by mail any style of carriage or go-cart shown here and we will give your order prompt attention. Cut out the picture of the carriage or cart you want and send that in to us with your order. BE SURE to give the number shown in this advertisement and state choice of coloring or upholstering you desire. Name also your second or third choice in colors or styles in case we may not have your first choice left in stock. It would be advisable to send in your order promptly, as we expect to have an unprecedentedly large sale this spring. You have never had such an assortment at such prices to choose from.
