Absolute Perfection.

In buying your spring suit or top-coat there is three things to be consid-ered: material, fit and price. The name Hart, Schaffner & Marx on a garment stands for absolute perfection in material, workmanship and style. They back up their goods with an iron-clad guarantee as follows: "To be free from imperfections in materials and workmanship; to be sewed throughout with manship; to be sewed throughout with pure dye silk, tailored by skilled work-men and made of dependable cloth, ab-solutely all wool. If not just as above, come and get your money." As to price, you can save from 5 to 10 per cent in buying your garments here. See ad. on page 3. Samuel Rosenblatt & Co., corner Third and Morrison.

Card of Thanks.

DECLARES AGAINST CITIZENS' ALLIANCE

Frank Buchanan Says Such Organizations Do More Harm Than Good--- Unions Will Gain by Fight---Sam Parks' Downfall.

or the Industrial Alliance, as it is called informed business circles it is fully bein some localities. The organization lieved that the trust representatives was formed for the ostensible purpose of crushing out the labor unions of the country. A business man who has that idea as his motive is simply working against his own interests."

The well-informed business circles it is fully believed that the trust representatives employed Parks to institute strikes against those firms who were not in the association in order that they might eventually secure the business which they could not otherwise get. There So spoke Frank Buchanan, president f the International Association of Bridge and Structural Ironworkers, last night at the Perkins hotel. President

FRANK BUCHANAN.

resident International Association Bridge and Structural Ironworkers. Suchanan is making a tour of the west in the interest of the organization he represents. Prior to his coming to Portland he visited Salt Lake, Los Angeles and San Francisco. Until very recently his time was fully occupied in the east. He went through the big strike of the bridge and structural ironworkers in New York a few months ago, which resulted so disastrously to Sam Parks, the business agent of the

Would Injure Business.

"If the business man who joins the organization I have mentioned should successful in his efforts payrolls would be materially lessened, and as a result he would not make the sales or realize the profits that he does under the present system of good wages and reasonable hours. If he sees any weak or repulsive features in unionism why not try to eliminate them from the organization? It would be much wiser if he would concentrate his efforts to bring about this result than to institute a senseless campaign of trying to put an end to organized labor, because then in the former case he would be accomplishing something that might prove of some good. And the rank and file of the labor unions would assist him in bringing about such reforms, .
"While Parks was guilty of all the charges which were brought against him," said Mr. Buchanan, discussing New York affairs, "he was not the only culprit that was engaged in nefarious soon?" work in the metropolis at that time.

"I am surprised that any sensible nized that Parks was corrupted by the man will connect himself with such an trust in order that it might get a corner organization as the Citizens' Alliance upon all the work in its line. In wellare two sides to this question, as in

others. The Fight in New York. "I was all through the fight and made myself greatly disliked by some of the union men because of my attitude.
When I saw things were in a bad shape
I began an active campaign to
straighten out matters. On account of the methods of Parks and several other representatives, I suspended the local in New York. But the feeling against me emanated more particularly from Parks and his kind than from any one

"What is your opinion of the Citizens' Alliance? Will it be able to destroy the unions?"

Unions Will Grow Stronger "It is making considerable disturb-ance over the country," was the reply, "but it will merely have the effect of making the labor organizations concentrate their forces. In the end it wil prove a benefit to labor. Temporarily may have the effect of staying labor progress in certain localities, and when they are not very strong it is possible that they may be wiped out. But where unionism has been thoroughly estab-lished all the alliances mustered to gether will be powerless to have any great effect upon it. Labor will come out of the struggle stronger than ever because the fight being waged against it will cause the unions to stand more firmly together than ever before.

"The alliance is simply making that there are 30,000 wage earners here, gambling house in the city. The reduction would simply mean that turned over to a few individuals who the transaction. For that reason, business man, other than the few who will be directly benefited, can ally him-self with such an organization as the Citizens' Alliance. All who do are working strictly against their own in-If there is anything about abor that is particularly offensive to them why do they not make it known and assist to right matters? Any at-tempt to destroy the unions is poor bus-

"Our organization was never in bet-ter shape than at present. Although our international was formed since 1896, we have a membership of 40,000, and during that time we have succeeded in doubling the wage scale. The average wages paid to bridge and structural ironworkers in the big eastern cities is about \$4.50 a day for eight hours' work. At San Francisco it is about the same. The scale is lower at Portland than almost any place else, running from \$3 to \$3.50 for ten hours' work.'

No Increase Here. "Will an increase be asked for here

"No, I am advising them to build up It is now generally admitted by repre- a stronger organization before attemptsentative business men that many of ing anything of that kind. The Portthe employers who are still at large land local has only about 180 members."
