# THE PITY OF IT

of, "Wolf! Wolf!" with which she had so often been fooled, many piano buyers who really want a piano have been so often fooled by the cry of "Special" that when a real chance appears that they would gladly embrace, they lose it through their incredulity. We can always sell you a low priced piano, but we can't always sell you a strictly high grade piano for the amount ordinarily asked for a low priced one.

## Our Proposition

Is to sell you ANY PIANO IN OUR STORE at these sweeping reductions, and still give you the benefit of our easy terms. Have you ever heard of a Knabe, or an Everett, or a Hardman or a Fischer, or a Steck, or a Vose, or a Packard, or a Ludwig, or a Kingsbury, or a Hamilton at a great reduction? Never! It is such makes as these that grace our unprecedented offer. Now you have a chance to do two things—buy the most noted of America's highest grade pianos during this sale for the price of an ordinary make, or wait until later in the season and pay just as much for an ordinary piano. WHICH WAY DO YOU CHOOSE?

## A WORD TO PIANO CONTESTANTS

But a short time remains for you to take advantage of the prices quoted you on your price slip. Your special credit letter is good any time BEFORE SEPTEMBER 1. BEAR IN MIND, however, that your special price slips are to be canceled on the day the sale closes, after which regular prices will prevail.

The end is coming sooner than we expected. We supposed when the sale started that our enormous stock of pianos would be able to supply any demand made upon it, but we reckoned without a host, for never in the whole history of our house has such a demand for LUDWIG, KINGSBURY and HAMILTON Pianos confronted us. For this reason we must close the sale in a few days.

## Our Prices

Were it not for the injury it might do to dealers in the same pianos in other parts of the country, we would gladly come right out with our prices and name the pianos, but this is out of the question. We will say, however, that our pianos are marked the year 'round in plain figures, which original cards have not been disturbed, thus showing the real cut made on the price of each instrument. As a hint, however, we might say that one of our high grade standard pianos, regularly sold for \$425, goes now for \$324. Another \$350 style, for \$286, etc. Every piano in the house being included in cut.

# EXCHANGE. SALE TERMS ARE EASY!

We want PIANO CONTESTANTS to realize what we are offering them. The man does not live who could get the special discount we offered in our letters unless he could prove to our satisfaction that he was a contestant and held our special discount letter. To those who were not contestants we will say that our prices will prove more than attractive to you.

## BAPTIZED IN THE NAME OF "DEVIL"

(Special Dispatch to The Journal.) Hillsboro, Or., April.—A rather sensational divorce proceeding was heard here yesterday by Judge T. A. McBride in the suit of Lillian C. Dixon vs. Albert Dixon. Mrs. Dixon alleged, among other things, that she and Dixon were married in 1883 and that the fruits of said marriage are 10 children, the oldest being 20 years of age and the youngest 9 months old. Lillian further stated that Albert accused her of baptizing her children in the name of the devil; that he would pray God to kill her, and then to frighten and annoy her would assure her that the Lord would answer his prayer. The court immediately upon hearing the

## KANGAROO COURT PASSES ONLY TWO

The "Tale of the Kangaroo" was quickly told this morning. Two prisoners were released by order of Chief Hunt. Municipal Judge Hogue, who alone has the legal power to release the prisoners, was not consulted. The morning session was a quiet affair. The men who missed the jail breakfast had hard hands. They were not long in getting away from the station after being let out. "We don't want to see a judge," they said as they looked back at their late lodgings.

evidence granted a divorce and made a liberal allowance for plaintiff's support. The court added: "A family of 10 children certainly renders it self-evident that these people are not believers in race suicide."

Every officer that made an arrest last night did not fail to use the printed reports that the chief has so kindly issued for their use. "Canadian Whitey," who will answer to the charge of robbery at the circuit court, was released at a kangaroo court session several weeks ago. It took the detectives three weeks' hard work and cost the city a small sum of money to catch him again. The chief wonders if he will ever have another opportunity to get acquainted with Goodie, the released purse-snatcher.

## MYRON C. COOLEY QUILTS PORTLAND

Myron C. Cooley, who has been editor of the Pacific Baptist for the past fourteen months, is about to leave Portland. He leaves tomorrow morning for Roseburg, Or., where he will preach an Easter sermon, and on his return he will go to his former home in southern

MYRON C. COOLEY.

California to reside. Mr. Cooley came here from Santa Anna, Cal., in February, 1892, and during his residence in the city has made many friends. He has been prominently connected with the Baptist Ministers' conference and as a mark of respect the ministers will give a dinner in his honor tonight at Watson's restaurant. Several out-of-town clergymen have been invited to the banquet. Last evening he was the guest of honor at an informal reception at the Second Baptist church. Rev. Stanton C. Lapham and U. K. Hall made speeches, after which they presented Mr. Cooley with a handsome leather sofa cushion. Mr. Cooley responded briefly, thanking them for their kindness. Refreshments were then served. Wednesday evening Rev. G. A. Learn, pastor of Grace church, Montavilla, gave an elaborate dinner for Mr. Cooley. Covers were laid for twelve. The table decorations were palms and potted plants.

Mr. Cooley's successor is J. A. Clark, who has come from Connecticut to take charge of the Pacific Baptist.

## PLANS MADE FOR FRATERNITY TEMPLE

Plans for the temple of fraternity to be erected at the Lewis and Clark fair will be furnished free of charge if the board of directors accepts the offer of Mr. Hall Lewis, chief engineer of the Portland Railway company. This would mean a saving of \$400 or \$500 to the association.

Active work began today. At a meeting of the association held last evening, the executive committee was instructed to select designs for certificates of membership. The secretary was instructed to secure credentials from those societies that had not yet filed them. Several committees are yet to be appointed by the president. These will be selected from the executive com-

mittee, which is made up of representatives from all of the fraternities which have given their support to the temple of fraternity movement. The Federated Trades' Council has asked the co-operation of the association in the trades carnival. A committee with power to act was appointed by the chair and conferred with Mr. Arnold and the Trades Council this afternoon. The necessary bond was given and the contract closed.

## COURT WILL HONOR MR. SHOWERS' MEMORY

Out of respect to the memory of William Showers, county commissioner, who died Wednesday night, the state circuit court will adjourn tomorrow at noon and practically all business will be suspended at the court house in the afternoon. The only business to be transacted at the office of the county clerk will be the filing of instruments which may be brought in.

The court house attaches have purchased a beautiful floral emblem and sent it to the residence of the deceased, 447 Montgomery street. The funeral will take place at 2 o'clock tomorrow afternoon under Masonic auspices. Mr. Showers having been an active member of that order for many years. The interment will be in Riverview cemetery.

## DISEASE MOST DREADED BY SCIENCE

Medical Experts Declare That Most Cases of Serious Sickness Originate in the Kidneys.

The Subtle and Fatal Beverages of Kidney Trouble Can Only Be Prevented and Permanently Cured by Warner's Safe Cure.

The worst plague medical science has to contend with, and the most terrible of all diseases that afflict mankind, arise from the kidneys, which are called upon to perform the highest organic functions of the body.

The most deplorable feature of kidney disease consists in its subtle and devious character, and so insidious are its ravages that many victims do not even suspect its existence until the advanced stages have been reached. The startling statement has been made by prominent doctors that in nine cases out of ten, where the invalid thinks he or she is suffering from neuralgia, rheumatism, pleurisy, heart weakness, indigestion, or other acute forms of disease, the pain is in reality due to hidden troubles with the kidneys. And this is not strange, when the complicated and delicate construction of the kidneys is considered, together with the further facts that, while they are the most susceptible to attacks, they are called upon to perform more work than any other functions of the body.

For many generations disease of the kidneys baffled the skill of medical experts and it was not until Warner's Safe Cure was discovered that any relief was afforded sufferers from this awful malady.

Warner's Safe Cure is the only cure for diseases of kidneys, bladders, liver and blood, and it has restored thousands of afflicted men and women who thought their days were numbered, to health and happiness and the activities and pleasures of life.

It reduces the inflammation, builds new tissues and strengthens and invigorates the delicate organs, and enables them to do their work properly and fully.

Warner's Safe Cure is made of pure herbs, and contains no dangerous drugs. This is the reason doctors and hospitals use it exclusively for kidney troubles.

Sold at all drug stores or direct, 50 cents and \$1 a bottle. Medical booklet free.

## QUICK ADVANCE IN CITY REALTY

For the second time within a month the property located on the northwest corner of Second and Market streets has been sold. On March 4 it was sold to Fritz Breake for \$9,500, and on March 29 it was sold to Frederick E. Hoelzel for a consideration of \$11,000. The renewed activity in this section

is caused by the proposed building of a public market on the block bounded by Second, Third, Clay and Market streets. The two deals were made by Ben Halstead.
