SILVEY STUART
WRITES OF NOME

A letter has been received from Silvey Stuart, who is well known in this city, from Nome, Alaska, which is dated January 23, 1904. He writes that there has been a remarkably fine winter at Nome; that the weather is really preferable to that of Oregon. There has been no thawing since last October 5, but that 33 degrees below zero was the coldest weather up to the time he wrote.

He writes that people there go around in about the same clothes they wear in Portland, with the possible exception of a short fur coat. Everybody is contented and there is an abundance of everything in stock in the stores, at reasonable prices. He says further that every one is feeling well there, is very well satisfied with the country and expects to stay.

ISSUES HANDSOME
SOUVENIR BOOKS

Tourists to Oregon and the Pacific northwest will be pleased to secure as a souvenir of the wonderful scenery of this region a new work published by Kiser Bros., which is entitled "Pacific Coast Pictures." The work contains 78 superb half-tones, each of which is accompanied by a terse and well-written description by John Gill of this city. The book contains, also, a brief and comprehensive statement regarding the Lewis and Clark centennial exposition from the pen of Secretary Henry E. Reed. A facsimile letter from Director General H. W. Goode, heartily endorsing the book, also appears. The Portland chamber of commerce of-

cially commends the work and Kiser Bros. are in receipt of commendatory letters from United States Senator Fulton, Dr. C. Barck, the well-known authority on geology and mineralogy and a professor in the University of St. Louis; Will G. Steel of Portland; F. A. Routledge, in charge of the art department of the Oregonian; Rodney L. Gilson, formerly president of the Masamas, and R. F. Robinson, county superintendent of schools. Mr. Robinson will recommend the introduction of "Pacific Coast Pictures" into every school and library of the Pacific northwest.

The new work covers a great variety of scenery. It embraces charming glimpses of the Columbia, artistic bits of picturesque scenery around Puget sound and a series of impressive views from Mount Shasta in the Sierras to Mount Baker in the Cascades. Familiar views throughout the Willamette valley, Crater lake, the Three Sisters, Portland and vicinity, Mount Hood, Lake Chelan and others, are included.

Few persons are aware of the great amount of labor expended in the production of "Pacific Coast Pictures." It has required five years in its preparation. Many arduous journeys through a rough and mountainous country were necessary to produce it. Every picture was taken under the most favorable atmospheric and climatic conditions. There is but little doubt that Kiser Bros. will find many

EASTER NOVELTIES
IN MEN'S SHOES

To complete your Easter outfit for Sunday a nobby, dressey pair of shoes is as essential as the suit or hat. In shoes we can help you. We sell the

EASTERN STUDENTS
IN OREGON COLLEGE

BETTER HIGH SCHOOLS IN THE
STATE THAN KENTUCKY, SAYS
PRESIDENT T. L. CAMPBELL—
UNIVERSITY BULLETIN ON THE
STATE'S CHIEF INDUSTRIES.

President T. L. Campbell of the University of Oregon is a guest at the imperial, en route to his old home in Mount Hood for a brief visit.

"The university officials feel more encouraged than ever because of the many prospective students who are coming from the high schools of Nebraska, Iowa and other eastern states," said the professor. "These students, for the most part, have removed to Oregon with their parents to make this state their new home. They are the product of the eastern high schools, and aid in filling any gap that may be caused by the abandonment of the preparatory department at the state university. In the past Oregon has been weak in the matter of high schools, but now 14 such schools have the four-years' course of study, and almost as many more have three-years' courses."

One of the chief matters of interest to the university faculty at present is the issuance of the bulletin every two months. The next bulletin, to come out in about two weeks, will deal with the mining resources of the state. It is being carefully compiled by Prof. O. F. Stafford, of the department of chemistry and mining, and will give a vast amount of information that will be absolutely authentic as to the mining industry of the state.

"Another bulletin to be issued will deal with road building. Experiments are now being made on the university campus in different road building; and for the first time a road is being surfaced in crude oil. In California the crude oil surfaces have proved a great boon in rural road building, the surface being firm and able to turn the rain. If the crude oil, which is comparatively cheap, will prove a success in Oregon, it may revolutionize road improvements."

"By putting the result of our work before the public in these bulletins, it is the belief of the faculty that much practical good will be done by the university."

The Famous Reopens Tomorrow.

The Famous Clothing Store at Second and Morrison streets, which is closed on account of the death of Emanuel Rothschild of Cincinnati, will re-open tomorrow morning.

PRASP SUCCEEDS
ARTHUR C. BANCROFT

Frederick W. Prasp was appointed chief deputy in the county department to succeed Arthur C. Bancroft, whose resignation took effect today. Prasp has been in the employ of County Clerk Fields since he took the office July 7, 1901, handling the probate work. Bancroft leaves Monday for Lincoln county, where he will engage in farming on Elk creek with his brother Harold.

ONLY A SUGGESTION

But It Has Proven of Interest and Value to Thousands.

Common sense would suggest that if one wishes to become fleshy and plump it is only result from the food he eats and digests and that food should be albuminous or flesh-forming food, like eggs, beefsteak and cereals; in other words, the kinds of food that make flesh are the foods which form the greater part of our daily bills of fare. But the trouble is that while we eat enough and generally too much, the stomach, from abuse and overwork, does not properly digest and assimilate it, which is the reason so many people remain thin and under weight; the digestive organs do not completely digest the flesh-forming beefsteak and eggs and similar flesh-forming food.

There are thousands of such who are really confirmed dyspeptics, although they may have no real pain or inconvenience from their stomachs. If such persons would lay their prejudices aside and make a regular practice of taking, after each meal, one or two of Stuart's Dyspepsia Tablets the food would be quickly and thoroughly digested, because these tablets contain the natural pepsines and diastase which every weak stomach lacks, and by supplying this want the stomach is soon enabled to regain its natural tone and vigor.

Stuart's Dyspepsia Tablets digest every form of flesh-forming food, meat, eggs, bread and potatoes, and this is the reason they so quickly build up, strengthen and invigorate thin, dyspeptic men, women and children.

Invalids and children, even the most delicate, use them with marked benefit, as they contain no strong, irritating drugs, no cathartic nor any harmful ingredient. Stuart's Dyspepsia Tablets is 'the most successful and most widely known of any remedy for stomach troubles because it is the most reasonable and scientific of modern medicines. Stuart's Dyspepsia Tablets are sold by every druggist in the United States and Canada, as well as in Great Britain, at 50 cents for complete treatment.

Further, it is required to cure any stomach trouble or to make thin, nervous dyspeptic people strong, plump and well.

The Phipps &
Atchison's Hats

Will do the same for all who will wear them. Tailored Walking Hats, every one new, every one different, every one a distinctive style. LENTEN SERVICES
WILL SOON END

HOLY FRIDAY IS OBSERVED IN
CATHOLIC AND EPISCOPAL
CHURCHES BY SPECIAL RITUALS
AND MUSIC—PREPARATIONS IN
ALL CHURCHES FOR EASTER.

Holy Friday, commemorating the passion and suffering of the Lord, was observed today in the Catholic and Episcopal churches of the city. Fasting and prayer continue through the day and many consider this as closing the Lenten season of denial. The mass of the pre-sanctified was recited in the cathedral at 9 o'clock this morning. The "passion" according to St. John was sung and the veneration of the cross followed. Fathers Kennedy, McDevitt and Reidhaer officiated. Father McDevitt will preach on "The Passion" at the final prayer service tonight.

The Sacred Heart church celebrated mass at 8:30 this morning. The veneration of the cross followed at 10. The Holy Rosary church began services at 8 o'clock with mass of the pre-sanctified. This evening at 7:30 there will be stations of the cross and a sermon on the passion of the Lord.

Easter Sunday marks the end of the gloom and sadness of holy week. The services are full of praise and joy. Pontifical high mass will be celebrated in the cathedral by the archbishop and Father Kennedy will preach on "The Resurrection—the Greatest Manifestation of Divinity." The music, under the direction of N. C. Zan, includes Kalliwoda's mass and Sanctus.

At Sacred Heart church mass will be recited at 8 a. m. High mass at 10:30 will be followed by Father Durrer's sermon on "Resurrection."

The Holy Rosary church will celebrate mass at 6:30, 7:30 and 8:30 Easter morning, and solemn high mass at 10:30. Father O'Brien will preach the sermon and Fathers Lawler and Shaw will recite mass. The male choir, directed by J. H. Cass, will sing Haydn's third mass.

COURT HOLDS NO
FRAUD WAS MEANT

Justice Seton yesterday rendered a decision in favor of the defendant in the case of B. C. Glover and J. A. Roper vs. Charles Mayger. The complaint stated that Mayger had willfully misrepresented certain government lands, agreeing for \$100 to locate Glover on a homestead of good agricultural land. The land proved to be rocky and unfit for farming purposes. The plaintiffs brought suit, each for \$217, the amount of commission and location expenses. The defense argued that the plaintiffs could not sue for damages in the entire sum expended while they still held the claims. Mayger was proved innocent of fraudulent intent.

OBSERVED IN CHICAGO.

(Journal Special Service.)
Chicago, April 1.—Good Friday was observed in Chicago with special services of the Catholic churches and in many of the Protestant churches. The board of trade, the stock exchange, banks and numerous business houses remained closed in observance of the day.
