Han Francisco, April 9.—Another coat
whitewash was added to the Portand team's already heavy supply. Out of the twelve defeats meted to the Portland team half of them have bee blanks. Just what is the matter is hard to discern, for the team puts up a fast and snappy fielding game. The Port-land manager has secured Murphy, the first baseman and all-around player of the San Francisco State league team. and the lad will be given a thorough trial. The showing of Druhot is a source of satisfaction, and Manager Ely is said to be negotiating with a young

fellow named Spencer.

Butler pitched a fairly good game yesterday, but his support was ragged. OAKLAND.

May be the boys are discouraged.

It's no use beating Oakland; they are a lot of lobsters. The signs today read all right for Portland. Watch for the victory. Things look rosy for the Browns cap-turing a double-header on Sunday. They've been taking headers right along; why not double up occasionally.
In yesterday's game Butler pitched good ball, but his team didn't back him up in the hitting department.

GOLF ASSOCIATION TO FORM NEW RULES

(Journal Special Service.)

New York, April 9.—At a meeting tonight of the executive committee of
the United States Golf association an
entirely new plan for conducting the
amateur championship to be held at
Baltusrol in September will be considered and perhaps adopted. The new
system, in accord with the instructions
given at the annual meeting last month,
will begin with a qualifying round, but
the arrangement of medal and match
play proposed is entirely novel. The
plan is to begin with an 18-hole medal
play round in which 64 will qualify.
The set will meet again at 38 holes,
medal play, on the second day, 16 to
qualify. Match play will begin on the
third day, all rounds to beat 36 holes.
Under this arrangement, once the 16
are sorted out, the match play will proceed in the fafrest possible manner to
the final and the interest will increase
with each round. This plan is so far
shead of any other that has been proposed that it seems pretty certain that
it will be adopted by the executive composed that it seems pretty certain that it will be adopted by the executive com-

HEINZE CONTROLS MONTANA POLITICS

(Special Dispatch to The Journal.)
Helena, Mont., April 9.—Primaries
were held in this county last night to
elect delegates to the state convention which meets here Tuesday. In Helena former Senator Carter elected 27 delegates, while the opposition, headed by Mayor Edwards, named 76. Country districts are sending in favorable Car-ter reports, but it is not regarded as probable that the opposition's majority can be overcome.

can be overcome.

A significant feature of the primaries is that Edwards received the strengous support of Heinze, and several Butte political leaders came over to Heinze to effect the defeat of the Amaignmated representative. This is the first attempt of Heinze to centrol the Republican machine since his sensational "turn down" in this city several years ago. The Carter leaders express the utmost confidence, however, in their sellity to confidence, however, in their sellity to confidence, however, in their ability to control the state convention.

In case, however, as indications to-day seem to clearly indicate, that Heinze again gains control of the convention, the fight against the Amalga-mated has made a decided gain.
