RED AND BLUE MEN EARLY ON GRIDIRON

Philadelphia, April 20.—The University of Pennsylvania football squad began its spring practice on Franklin field early last week. The practice will be continued until about the middle of May, on Monday, Tuesday, Thursday and Friday of each week. At the end of that time practice will be discontinued until the middle of September, when the best men will be selected and put at work in preparation for the regular season's games. Captain Torrey took charge of the squad, assisted by Dr. Shell, trainer of the track team, and George Turner. The work was of a light nature in order to give the men an opportunity to gradually work out the stiffness attendant upon a winter's rest.

The idea for the first few days will be simply to get the men imbued with the football spirit and to loosen up their muscles, after which harder work will be the order. Quick starting and the tricks of holding or passing an opponent with light practice at punting, formed the bulk of yesterday's work.

YOUSSEF AND PERSON READY FOR MATCH

Young Youseff, the Turk, and Chris Person of Tacoma are scheduled to wrestle before a Portland audience next Tuesday evening at Union hall. Second and Stark streets.

The recent bout between these two crack exponents of the wrestling art, excited so much interest among the local followers of the game that it was found advisable to make a return match which same was accomplished by Tommy Tracey some few days ago.

Although Youseff was the winner in the last bout, those who witnessed the affair state that it is their opinion that he will have to go some to be returned a winner the second time.

Both are big men, weighing in the neighborhood of 200 pounds or over to the man, and a bout between these two giants is certain to be strongly contested.

Joe Acton is being impertuned to officiate as referee in this event, and Manager Tracey anticipates no trouble in securing the veteran's consent.

M'COY WANTS SAM BERGER. (Journal Special Service.) San Francisco, April 30.—Kid McCoy has his eye out for a match with Sam Berger of the San Francisco Olympic club, the amateur heavyweight champion of the Pacific coast. A local club offered \$5,000 for the go, but Berger refused, saying that he has no present intention of becoming a professional. He is getting ready to go to St. Louis to compete in the international boxing tournament at the world's fair.

JEFFRIES KNOCKED OUT BY CUPID

WORLD'S FAMOUS HEAVYWEIGHT CHAMPION KNOCKED OUT BY THE GODDESS OF LOVE—JEFFRIES WILL CHANGE HIS GARB—OTHER SPORTING GOSSIP OF INTEREST.

(By W. W. Naughton.) San Francisco, April 30.—It has all time been big Jim Jeffries' boast that he had never been knocked down, let alone out, but according to his bosom friend, Dick Adams, the champion can not lay claim to the distinction any longer.

As Dick explains it, "The little fellow with the bow and arrow did what Sharkey, Fitzsimmons and Corbett failed to do. He walloped the big fellow one and the champion took the count." Jeffries' marriage and the fact that his sojourn at Harbin will be both honeymoon and training spell has given the gossips plenty to talk about. The feature of the affair that amuses such as are not very close to Jeff is that the gentleman should have kept his own choice without his closest friends suspecting his purpose.

THE CHAMPION'S WIFE HAS ANNOUNCED THAT SHE WILL KEEP AN EYE ON HER HUSBAND'S TRAINING AT HARBIN AND MANY ARE WONDERING WHAT EFFECT HER PRESENCE IN CAMP WILL HAVE ON THE BIG FELLOW.

Some of the promoters are talking of matching Eddie Hanlon and Terry McGovern. Assuredly an affair of that kind looms up as a pugilistic event among the "Roman chariot races" that certain so far and it only remains a little talking of bringing on the boards. It is but fair to say, however, that the events in question have only been talked about so far. Your San Francisco promoter may be slow to learn but it has been shown amply within the past six months that the public will patronize one kind of pugilistic entertainment, to wit, the good kind.

As a cold matter of fact the Brit-Young Corbett fight has been the only money-maker of the present year.

LACROSSE PLAYERS ARE GETTING READY

The efforts to start a lacrosse team in Portland have been crowned with success so far, and it only remains a little more work before Portland will boast of a good lacrosse team. Letters have been received from Seattle and other coast cities regarding matches, as well as wishing Portland all kinds of success in their efforts. A meeting has been called for Monday evening, when final arrangements will be made for the season, so that it is hoped that every lacrosse-player and every likely lacrosse-player will attend. The old warhorses of bygone days are not excluded, but their aid is requested, so that the younger men may be encouraged in their work. A few weeks from now we should be able to announce the first exhibition match.

CYCLING REVIVAL IS ON THIS YEAR

Once again the revival of bicycling is on the boards. Throughout the country this year a great effort is being made to repopularize the once interesting sport. In this city more are riding wheels this year than in the last few years and it may be possible that before the end of the season Portland will have some exciting bicycle races.

The outdoor world is awakening and our thoughts naturally turn to ways and means whereby we may find the most benefit and enjoyment as the mid days and the bright sun tempt us beyond four walls. We think of health and strength gained in seasons past as we wheeled out into the open, and we make up our minds that we will be abroad as early as possible this season in company with our faithful friend, the bicycle. At the same time we have vivid recollections of sundry mistakes we made in the past, and we resolve in the light of better knowledge to carefully avoid them this year.

We remember that upon certain occasions, tempted, perhaps, by smooth roads or by the greater endurance of a stronger companion, to ride too far and too fast; result, exhaustion instead of exhilaration at the end of the ride—positive harm instead of benefit.

Cycling has been hurt by the friends in many instances in the past. May its renewed popularity never be allowed to wane through the mistakes of its adherents. These mistakes can easily be avoided now and in the future, as wheeling has long passed the experimental and the sensation stage, leaving it as a friend tried and true, through evil as well as good reports from whom there can be no estrangement.
