SEEK REPEAL OF

RETARDS MINING BUSINESS OF STATE-CANDIDATES FOR LEGIS-LATURE MUST DEGLARE TREM-BELVES-OREGON TO BENEFIT PROM ERUTTSCHRITTS VISIT.

(Special Dispatch to The Journal.) Baker City, Or., May 9 .- Mining men of eastern Oregon are beginning to search about and inquire into the record and predelictions of the candidates for the state legislature on the Eddy bill. A meeting today of a few mining men brought out the fact that they intended to support for the legislature a man who will vote for the repeal of the Eddy bill, believing that that law as it now stands is having the effect of retarding the mining business of the state and in cases working absolute hardships. Candidates from this district have not

yet expressed their views on the subst, but will be required to do so soon. Bastern Oregon is to benefit from the visits of Julius Kruttschnitt, director of ransportation and maintenance of the Harriman lines, to this state last week. A representative of the Baker City erat called upon Mr. Kruttschnitt in his private car just before he left for California Thursday after having nt reveral days visiting the main lines and branches in eastern Washington and parts of Idaho and Oregon. He said that it was Mr. Harriman's

policy to develop to the fullest extent possible on the part of the railroad company the wonderful resources of the Inland Empire. The work begun by President Mohler will be carried on, adnal new steel put in the main line and the roadbed ballasted at places left unfinished when winter came on. Some new bridge work will be undertaken and new branches will be built as fast as possible and others extended. Mr. Kruttschnitt pointed out on a map aces in Baker county where railroad improvements will probably be made in

This is Mr. Kruttschnitt's first to the northwest said he was coming again soon, that he might be familiar with the lines of the road here which he is supposed to operate in connection with the Union Pacific, Southern Pacific and Short Line. The improve-Pacific and Short Line. The ments to be made upon the Southern Pacific Oregon lines will be very great and that road will have ample motive power and rolling stock for handling his business. General Manager E. E. Calvin of the

O. R. & N. said that It would be his effort to become thoroughly familiar with every inch of the road in eastern Oregon and carry out in detail the work of improvement as planned. He has promised to come to Baker City soon and spend several days in this vicinity. He proposes to become personally ac-quainted with the business men throughout eastern Oregon and will take up Baker county probably first of all.

transportation department whose work is supplemented by an efficient general superintendent, and with such men as Stubbs, Campbell, McCormick, Craig and Miller in the traffic department if Oregon does not progress it will be the fault of Oregon.

PLANTERS' COMPRESS CASE ON IN MEMPHIS

(Journal Special Service.)

Memphis, Tenn., May 9.—The interstate commerce commission met in Memphis today for the purpose of continuing the hearing of the case of the Planters' Compress company, in which a number of the largest railroad corporations in the United States are the defendants. Included among the defendant roads are the Pennsylvania, Michigan Central Southern, Missouri, Kanigan Central, Southern, Missouri, Kan sas & Texas, Missouri Pacific, Louis-ville & Nashville, Illinois Central, Cin-cinnati, Hamilton & Dayton, Nashville, Chattanooga & St. Louis, Yazoo & Mis-missippi Valley and Big Four. The suit was instituted some time ago

and originated in a demand of the com press company on the defendant rall-roads for a differential of 10 cents a bale in favor of the round bale as against the rectangular bale. The rail-roads, it is understood, recognized the extent of making an allowance of 10 cents a bale, or the cost of compressing a rectangular bale, but a further re-

The outcome of the issues involved are awaited with much interest not solely because of the money directly involved but because of the rivalry ex-isting between the round bale and the square bale compress companies.
