TION IN APPOINTING LAND TION WORK NOT APPROVED BY LOCAL BAILBOAD MEW.

lecided to take a hand in assisting land this territory. In doing so, they have caused something of a panic among local railway officials, who claim to have found land agents generally the great est source of annoyance and trouble in their official positions.

The Western Passenger association, embracing a number of the lines which traverse the middle west, and have connections with the roads which penetrate the northwest territory, has agreed to organize a bureau, which is to have charge of colonist rates and arrange-ments. The lines in this territory are of the Western association as presump tive, to say the least.

Particulars of Agreement. According to the terms of the agree ment entered into by the Western as sociation, land agents will be giver half-rate permits on all western roads and will have the authority to sell cold nists' tickets once a week at the rate of one fare plus \$2 for the round trip. Such almost unlimited authority as is included in the agreement is given the land agents in return for the payment of a fee of \$5. After the payment of that amount agents are included in the class of "accredited agents," and are endowed with power to sell tickets to

PROPOSED SEWER IN HOYT STREET.

Auditor of the City of Portland.

PROPOSED SEWER IN EAST TAYLOR STREET AND EAST THIRTY-NINTE STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Oregon, held on the 18th day of May, 1904, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and proposes to construct a sewer in East Taylor street and East Thirty-ninth street from 100 feet west of the city boundary to a point in East Thirty-ninth street; thence north in East Thirty-ninth street to the sewer in East Yam-hill street. Said sewer to be of vitrified sewer pipe with all necessary catchbasins, manholes, ismpheles and branches, of the following dimensions: Of eight inches clear inside diameter from a point in East Taylor street at Sylvan avenue; thence of 10 inches clear inside diameter to a point in said East Taylor street at East Thirty-ninth street; thence north in East Thirty-ninth street; thence north in East Thirty-ninth street.

Said sewer to be constructed in accordance.

street; thence north in mast amirty and to a conection with the sewer in East Yambill street.

Said sewer to be constructed in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer filed in the office of the Auditor of the City of Portland on the 17th day of May, 1904, indorsed: "City Engineer's plans and specifications for a sewer in East Taylor street and East Thirty-ninth street from 100 feet east of the city boundary to a point in East Thirty-ninth street; thence in East Thirty-ninth street; thence in East Thirty-ninth street to the sewer in East Xambill street, and the estimates of the work to be done and the probable total cost thereof."

The cost of said sewer to be assessed as provided by the city charter upon the property specially benefited thereby and which is hereby declared to be as follows: Lot 12, block 6, in Bartach Park; lots 1 and 2, and the south 100 feet of lots 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, and the south 100 feet of the west one-half of lot 15, block 4, Eastland; also all the lots, parts of lots and parcels of land lying between the south line of East Taylor street and a line 100 feet south thereof and parallel there-

between the south line of East Taylor street and
a line 100 feet south thereof and parallel therewith, and between the eastern boundary line
of the City of Portland and a line 100 feet west
of and parallel with the west line of East
Thirty-ninth street.

The Engineer's estimate of the probable total
cost for the construction of a sewer in said
East Taylor street and East Thirty-ninth street
is account.

The plans, specifications and estimates of the The plans, specifications and estimates of the City Engineer for the construction of a sewer in said East Taylor street and East Thirty-ninth street are hereby adopted.
