OBJECT IS TO STIMULATE PROS-PERITY OF CITY BY STARTING SAWMILLS AND LUMBER IN-DUSTRY -- BUSINESS AT COURT-MOUSE QUIET BUT GOOD.

(Special Dispatch to The Journal.) Vancouver, Wash., June 3 .- The business men's meting, called to take place at the Hotel Columbia last night, for the purpose of considering what action to take in regard to the investment of \$10,-

000 in the Columbia sawmill plant, was very light in attendance. There was, however, a meeting of a similar nature held the night before, which was well attended. During the two meetings \$5,500 of the \$10,000 called for by Mr. Soper has been subscribed. The balance is expected to be raised in a short time. As soon as this is accomplished preparations for operations will be commenced and Vancouver will again be blessed with a degree of prosperity to which it is justly entitled.

Business Quiet But Good, Business in and about the court house n Vancouver, like the rest of the town is quiet—the greatest rush being in the auditor's and treasurer's offices. The treasurer is kept busy receiving tax payments and the county auditor in gen-

eral routine business.

The business in the auditor's office during the month of May was considerably below what it was during April, nd yet very much more than it was for the same time the year preceding. Dur-2,000 ASSEMBLE TO MEAR AM- ing the last month there were 19 marriage licenses issued, and the receipts of the office showed a total of \$360.45, PATE IN EXERCISES BASEBALL as compared with \$409.35 total receipts A SPECIAL PEATURE BACE DAY. for April last. A year ago there were 26 marriage licenses issued, and the total receipts for all business was \$332.70. In April, 1908, the total re-ceipts of this office were \$337.20, and a ecord of 24 marriage licenses.

The number of documents filed and recorded for the month just ending is as follows: Patents, 8; deeds, 102; mort-gages, 32; satisfactions, 23; chattel mortgages, 7; satisfactions, 2; marriage licenses, 19, and miscellaneous filings. The salaries paid by the office nts to \$255 a month, which leaves \$105.45 that the office paid over in clear gain to the county for the last month.

While the business for the last month has been unusually quiet, if the balance of the month of June is kept up as it ommenced, a large gain is anticipated in this office.

A serious wreck, it is reported from a reliable authority, was narrowly averted on the P. V. & Y. branch of the N. P. railway yesterday, a short dis-tance this side of Yacolt. A New City Will Be Born Tomorrow _____ It Will Be a Day of Rejoicing in Many Hearts

We have told you of the wealth surrounding the proposed City of Eagle Creek

We have described it in these columns. It it is the cream section of Oregon. That is to say, it is surrounded by an agricultural region second to none in the world, and in an old settled one, its farms ranging from 25 to 50 years in age. The site of the town is on a delightfully pretty level tract of land, with Deep creek on the north, Eagle creek on the south and the Clackamas river on the west. The tributary territory has always been one of the most prosperous in the country, because of its native fertility, and now that its people are to have the privileges of markets and trading marts,

Then hop aboard one of tomorrow's trains, leaving Portland at 7:40 and 10:30 a. m. and return in the evening the owner of a lot in one of the most promising towns on the western slope of the Rocky mountains.

That town is Eagle Creek City. It will be a baby tomorrow. It will be a husky giant within a year. Mark that. Make no mistake.
