PETS OF MACHINE BEATEN BY 5,000

(Continued from Page One.) In the county rather than lose the sheriff and the district attorney. I guess Burckhardt and Cader Powell are to blame for it as much as anyone. The people wouldn't stand for them. Burckhardt and Powell expected to save Stott by means of heavy fraudulent voting, and extensive preparations were made to ring in "affidavit voters." Bales of printed forms were partly filled out at the county headquarters yesterday, but leaving the name of the voter blank. These forms were signed by Burckhardt and five other Republicans, attested by John T. McKee, a notary public in Whitney Boise's office, who falsely certified that the affidavits were sworn to before him by the voter and the six freeholders. These perjured affidavits were then sent out for use at the various polling places all over the city. Fortunately the county assessor detected and exposed in The Journal so that the plans of the machine were frustrated. Democratic workers were warned and prompt arrests convinced the machines that its designs must be abandoned.

Partial returns on the congressional vote indicate that J. N. Williamson, Republican, has carried the county by from 6,000 to 7,000.

MARRIED WOMEN FOR QUEEN. Married women may be allowed to enter into the carnival and Mardi-Gras queen voting contest. Ever since the contest first opened, numerous requests have been received by the committee, that married women be permitted to run for queens, and now a petition to that effect has come to headquarters. The matter will be considered at a meeting of the committee, which is to be held in the near future. Up to this time the management has been opposed to allowing married women to enter the contest. The exposition building presents a busy appearance these days. Three of the floats which are to be used in the spectacular parade are nearing completion. Designs for most of the others have been selected by the committee and work on them will be begun at once. A moonlight excursion will be given in the near future for the benefit of the entertainment fund. A large steamer and two barges will be engaged, and the committee promises a lovely moonlight ride. The vessels which will be in the harbor at the time of the Fourth of July celebration are the Perry, Paul Jones, Pedro and Wyoming.
