

UNION MINERS SAY THEY WERE ROBBED

Martial Law Declared at Victor—Deportation Denounced by Samuel Gompers—Rival Coroners at Inquest on the Victor Horror.

(Journal Special Service.)
Victor, Colo., June 8.—Martial law having been declared at 2 o'clock this morning, upon the arrival of Adj. Gen. Bell, conditions in the camp have become quiet. Immediately upon receiving Bell called a council of the local military commanders and ordered Colonel Verdeckberg, who formerly had charge of this district, to assume command. Then Bell, with a squad of troops, the sheriff and leaders of the Mine Owners' association started down the railway to the alleged rendezvous of the enemy on a tour of investigation.

A conflict of authority threatened this afternoon when the inquest over the bodies of the men who died in the independence depot horror began at Cripple Creek. Coroner Doran of Victor, who resigned under pressure, declared that he had recalled his resignation because force was used to secure it and proposed to hold it until the men were appointed two days ago. Coroner Hall, named to succeed Doran, also has selected a jury and proposes to hold the inquest. It is believed Doran will be taken out and tarred and feathered if he persists in his determination. General Bell does not deem that the situation requires the presence of more than the two companies of militia now here. The situation at noon is peaceful.

mine at Independence depot were to be caught and brought here it is doubtful if any force would be sufficient to protect him. The man who killed McGee is the man meeting Money has been positively identified, but not yet captured. The Record, which is the organ of the Western Federation of Miners, prints an editorial today urging the miners to call off the strike inaugurated ten months ago. No further deaths are reported among those wounded Monday.

"GUARDS ROBBED US."

Union Miners Say They Were Stripped of Valuables.
(Journal Special Service.)
Denver, Colo., June 8.—Twenty-four deported union miners from the Cripple Creek district arrived at midnight on a Rio Grande special train, watched by nine armed guards. The miners are unarmed and penniless. The men were met by a delegation from the Western Federation of Miners and taken to a restaurant. The miners declared that the Cripple Creek district is no longer safe for union men and assert that when arrested they were searched by guards and their money and valuables taken. The accompanying guards took the first train back to Cripple Creek.

DEPORTATION DENOUNCED BY GOMPERS.

Deportation of Miners He Says Is an Outrage.
(Journal Special Service.)
Washington, June 8.—Samuel Gompers, president of the American Federation of Labor, denounces in vigorous terms the action of the Colorado authorities for their methods in dealing with labor troubles in that state. He says Governor Peabody is the one man above all others responsible for the reign of terror prevailing in the Cripple Creek district, and characterizes him as a flagrant violator of civil laws and human rights. Gompers could not conceive that the outrage was the work of any organized body of men, much less a pre-arranged plan of a body of miners. It must have been the work of individuals, he declares. The Citizen's alliance he designated as a body of "capitalistic anarchists."

MARINES LANDED IN CITY OF TANGIER

(Journal Special Service.)
Washington, June 8.—Admiral Chadwick late this afternoon cables that he has landed a force of marines at Tangier to protect the Belgian legation on request of the Belgian consul general, who also cables that the British consul at Fez understands the Sultan of Morocco has granted the demands of the brigands for the release of Perdicaris and Varley.

NOTTINGHAM WINS

might be beaten at the polls, and forced his proteges upon a reluctant convention. Matthews' advocacy of Reed is generally attributed to his desire to conciliate prominent business men of this city, with a view to securing their support in the next election of United States senator. It is an open secret that the Republican boss expects to cut loose from Senator Mitchell and to throw his strength to some other aspirant for the toga.

COURTNEY'S NOMINATION

In nominating A. Courtney for state senator the machine displayed a contempt for the sentiment of the party which has brought stinging rebuke. Courtney has been a useful tool in the hands of the bosses. As chairman of the last two county conventions he put through the program in a manner so raw as to arouse the fierce resentment of every self-respecting delegate, and he trampled upon all rules and precedents with ruthless indifference. He received his nomination, not at the hands of the last convention, but from a committee appointed by himself whose only duty was to report a list of nominees selected in Jack Matthews' office.

CONGRATULATIONS NUMEROUS.

Word, Manning and Nottingham have been the recipients of innumerable congratulations upon their election. Their own satisfaction over their victory is almost equaled by that of the voters who aided in achieving the result.

Tom Word has received scores of congratulatory telegrams from friends in other parts of Oregon and in other states. Among these messages was one from Governor Chamberlain, expressing his hearty good-will for the sheriff-elect, and a similar dispatch was received from Sheriff Colbath of Marion county. Scores of business men all over the state with whom Word dealt in the past have wired their congratulations. Among the testimonials which he received today was a handsome bouquet from the newsmen, who have been as deeply interested in Tom Word's campaign as his elders.

HERMANN'S MANAGER DEFEATED.

Marsters Falls Badly for Re-election to the State Senate.
(Special Dispatch to The Journal.)
Roseburg, June 8.—The Marsters, who managed Binger Hermann's campaign, was himself a candidate for the state senate and has been badly beaten. Though Hermann carried Douglas county by over 800 majority, Marsters was beaten about 100. Marsters handed Hermann's fight for nomination as well as the subsequent campaign.

COL. VEATCH SPEAKS.

"I Made a Campaign Free from Falshoods," He Says.
Cottage Grove, Or., June 8.—To the Editor of The Journal—The election is over and the record shows that my competitor has received a majority of the votes cast in the First congressional district. To this expression of the people I must cheerfully submit. I have made a clean campaign, free from abuse or false statements of any kind, and therefore have no regrets or apologies to offer to person or party. I most sincerely thank you and The Journal for the valuable assistance rendered during the canvass.

CLATSOP.

Hermann's Majority is Very Small—Local Option Carried.
(Special Dispatch to The Journal.)
Oregon City, Or., June 8.—Hermann will probably carry the county by 60 votes. Zinsler, county school superintendent, will probably receive a vote majority, which is woefully small for a county with 1,000 normal Republican majority. The highest man reported on the Republican ticket is Huntley, candidate for representative with 2,004 votes, which is a majority over Hutton, the highest Democratic representative, of 963 votes. Hedges is next to Huntley in the matter of votes, receiving 1,782. On the county ticket F. A.

"His Winchester rifle, cartridges and other paraphernalia did not appear in the case until this week. The neighbors want him arrested, for some he acts like a wild man—and, if the police come out there they will probably have a fine time catching him, because his experience as a frontiersman enables him to talk to the brush that prevails in our end of town in a way that is most surprising. Anyway, he should be suppressed; and I thought Mrs. Hockenberry would be at the police station today with a warrant for his arrest."

Hockenberry's children are said to sympathize with him in the unfortunate changes that have taken place in the few years of his absence; but while it may have taken Rip Van Winkle 40 years to get thoroughly out of joint with the campaign issues about Peaskill; things are different in Portland. Good-looking girls are likely to be married at the slightest provocation at a very early age; and the boys start out early to learn the business of keeping store. While this and the new generation that has sprung up in his family seems to have thoroughly looted Hockenberry, the neighbors have little sympathy for him; and, as Mrs. Rhombert said, believe he should be suppressed—unless he is willing to behave himself.

WARRANTS ISSUED.

Mrs. Warner, daughter of Hockenberry, appeared before Judge Hogue today at noon and secured a warrant for her father's arrest on the charge of threatening to kill. An officer is now searching for the man.

J. A. Hockenberry was arrested at 3 o'clock this afternoon and is in the city jail. He is trying to raise the \$1,000 bail under which he is held.

The general descriptions of two of the men in a measure tally with those of the Pacific coast robbers and when the express door was blown open one of the men is reported to have cautioned his accomplices "not to use too much dynamite, as you know how that works."

Detectives who made a study of the Pacific coast holdup were among the first to be put on the trail of the bandits. These facts lead to the belief that the express people are possibly inclined to the idea that the capture of the D. & R. G. robbers would also mean the capture of the men who shot a Southern Pacific express messenger named O'Neill.

ACTRESS HOPPER'S FIGHT FOR MILLIONS

(Special Dispatch to The Journal.)
Victoria, B. C., June 8.—An appeal from the decision of Justice Drake in the supreme court in the case of Hopper vs. Dunsmuir was postponed today by the full court until the next sitting. This action was begun by actress Edna Wallace Hopper, now starring in vaudeville, to recover millions of property from the Hon. James Dunsmuir, proprietor of the Wellington coal mines, on Vancouver Island. The claim was made to break the will of Edna Hopper's step-father Alexander Dunsmuir, who left all his property to his brother, James Dunsmuir. The appeal to the full court is taken by James Dunsmuir's mother, who is also a party to the suit, and who was left out of the will.
