Nothing in the vaudeville world is so scarce or rare for the management of the Arcade theatre to produce.

As a fair instance of this, the program for the present week has been taken. It is easy to claim that a performer is from "the big eastern circuits," but even if the statement were true, it is no guarantee of merit.

Distinguished Clergymen And Prominent Temperance Workers Use and Endorse Duffy's Pure Malt Whiskey.

Rev. A. McLeod, D. D., the Great Preacher, Was Cured of Dyspepsia and Nervous Prostration of Forty Years' Standing by the Wonderful Medicine Whose Virtues He Extols, and to the Curative Qualities of Which He Owes His Renewed Vigor and Perfect Health.

HONORED AND RESPECTED AMONG MEN, AFTER MORE THAN 50 YEARS OF CONSTANT SERVICE IN THE PRESBYTERIAN CHURCH, DR. McLEOD MAKES THE FOLLOWING FRANK AND UNBESPOKEN STATEMENT OF WHAT DUFFY'S PURE MALT WHISKEY HAS DONE FOR HIM:—

"I am now in my 73d year and have served God fearlessly and to the best of my ability in my chosen calling. For more than forty years I have been afflicted with dyspepsia and nervous prostration. At times I would get so run down constitutionally through overwork as to be disqualified entirely from discharging my ministerial duties. The older I grew the more the disease seemed to prey upon me. The most noted physicians failed to prescribe any medicine that benefited me. I could neither eat nor sleep, and for more than two years I had to take sleeping powders every night.

My nervous prostration became well nigh unbearable. But for the grace of God helping me, I would not be in the land of the living. Language fails to express the agony of my mind.

Something over a month ago I began taking your preparation, Duffy's Pure Malt Whiskey, and in the brief period of two days I found that it began to help me. It gave me strength, aided my digestion, settled my nerves and I have gained ten pounds since taking it.

"I thank God there is such a medicine to be had, and recommend all people with weak, broken-down constitutions, and nervous people especially, to use it. I have seen a great many people who have been cured of their ailments by the use of Duffy's Pure Malt Whiskey. I am a temperance man, and I do not think my position in this matter will be misunderstood."

Rev. Dr. A. McLEOD, D. D., Greenleaf, Mich., Jan. 22, 1904. The letter of a man who has been relieved of great suffering and who openly acknowledges the great medicinal value of Duffy's Pure Malt Whiskey. Ministers of the gospel, doctors of medicine, nurses and people in every walk of life are commending this wonderful medicine—the only perfect tonic-stimulant, the one true, medicinal whiskey, Duffy's Pure Malt Whiskey, cure coughs, colds, worst form of grip, consumption, bronchitis, pneumonia, catarrh, dyspepsia and all kinds of stomach trouble, it never fails to build a worn-out system, to soothe the tired nerves, to bring perfect health to the whole being. Every testimonial is published in good faith and guaranteed.

The offices of the Fireside Fuel company, corner of Eighth and Lincoln, were entered last night and literally torn to pieces. The large ledger was stolen, the desk telephone was cut from its fastenings and carried away and books and papers belonging to the company were torn and cut into bits. Detective Hartman, who was assigned to the case, reported back to Chief Hunt that suspicion points to a man who was formerly a partner in the company, and who recently sold his interest to C. W. Shively, the present owner. Hartman believes the object of the deed was to obtain possession of a bill of sale.

"When Shively bought the business he got a bill of sale," said Detective Hartman. "He supposed that everything he bought was free from mortgage, but later discovered that the wood saw was mortgaged for \$75. He got a bill of sale," said Detective Hartman. The baths at this institution are supplied from natural hot mineral springs, the waters of which exert a marked curative influence. Patients from the west side of the mountains are especially benefited by the change of climate. The dry air of eastern Oregon and 2,600 feet of altitude stimulate the appetite and improve nutrition.
