

FINANCIAL AGENT MAKES STATEMENT

ROBERT H. JONES OF THE CORNUCOPIA MINES COMPANY ARRIVES FROM NEW YORK AND MAKES STATEMENT THAT EVERY CREDITOR WILL BE PAID.

(Special Dispatch to The Journal.) Baker City, Or., June 18.—Robert H. Jones, financial agent of the Cornucopia Mines of Oregon company arrived in Baker City early yesterday morning direct from New York City, after an absence of about six months.

Mr. Jones was seen yesterday at his apartments in the Gaiety Grand hotel and he freely gave the following statement concerning the affairs of the Cornucopia mines of Oregon:

"As it was impossible for Mr. Beatty to leave New York at present and as I was going west anyhow on personal business he asked me to come here to get matters into shape for him and because of my intimate knowledge of all of the conditions. The first thing I want to do is to disabuse the minds of the creditors that there is any intention or disposition to deprive them of any equitable rights they may have or to wrong them in any way. The bankruptcy proceedings were simply to preserve the property from a ruinous sacrifice and for the equal protection of all concerned.

"Every creditor will receive the full amount due him but all will be equally protected. I know of my own knowledge that Mr. Beatty has been and is making every possible effort to successfully wind up Mr. Searies' estate and I positively know he had a deal on hand which was just about being brought to a successful issue when the prospective purchasers were frightened off by the recent legal proceedings.

"I know Mr. Beatty well. He is an honorable, Christian gentleman, who would not for one moment countenance a wrong doing. He is a man of wide influence in his profession in New York.

"When the stock company was organized the court was satisfied that the parties who had agreed with Mr. Searies to underwrite the stock would carry it through. But the State Trust troubles which broke out almost immediately and the semi-panic which ensued demoralized the market and the underwriters laid down. Finding nothing could be done on this side of the ocean, Mr. Searies then started for Europe to place the stock there but the breaking out of the war in the east checked all negotiations for a time and necessitated the assignment for the protection of all creditors until the deal can be consummated.

"An engineer representing a combination of American and foreign capital is due in Baker City today. I am now awaiting his arrival. This gentleman will at once go to the mines and there is no doubt that upon his report the property will be promptly freed from indebtedness and work resumed on a large scale.

"I am the heaviest western creditor of Mr. Searies and am also a creditor of the company and am in no way secured or preferred, so that I have a very personal interest with all the other creditors."

PACIFIC REJOICES IN TWO VICTORIES

(Special Dispatch to The Journal.) Pacific University, June 18.—This week Pacific university closed its doors after the most successful year in the history of the institution. Of all the 41 commencements that have gone before, none has been more noteworthy than that of this year. In priority, Pacific won first place. The victory over the University of Oregon in debate gave Pacific the lead in the state, and finally the track team won the state championship. This year's graduating classes

ELDA REMA WALKER, A. M., Forest Grove, Or.

tion in Tuulatin academy and Pacific university, graduating in 1901, with an A. B. degree. In 1902, she taught on Puget sound, returning the following year to Pacific university, where she has been doing post-graduate work under Professor Bosthill. She was assistant in biology and botany this year and

are small, but for good reasons. In the academy another year has been put in, and really there should not have been any graduating class, but three students got through. They were Miss Frances Clapp and Gordon Clapp, and Herbert Aronson. In the college the juniors of last year left the school, for various reasons, and there were but two seniors in the college of liberal arts.

Miss Harriet Jean Yoder began her school days in Tuulatin academy in 1897. She graduated from the academy at the head of her class, but was obliged to stay out of school for one year. In college Miss Yoder has been a leader. She was president of her class in 1902, president of the Y. W. C. A. and a member of the editorial staff of the college paper. In her junior year she won the annual prize contest in public speaking.

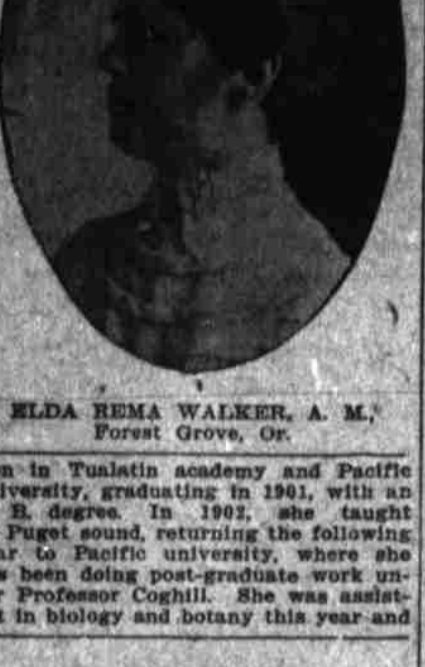

HARRIET JEAN YODER, B. L., Oakland, Cal.

She was a member of this year's Philomathean team, which won the school championship in debate. Her commencement oration was on "The Mission of the Moral Pioneer," and was a clear and forceful production.

Miss Hoge entered the junior class of Pacific university of last year. She received her early education in Iowa. Miss Hoge is a hard worker, and has always stood high in her classes. She was a member of this year's Philomathean debating team. At commencement she spoke on the "Evolution of Faust."

Miss Wilma Waggener graduated this year from the conservatory of music. This year she conserved for the work of Professor and Mrs. Chapman. Miss Waggener is the first graduate under them. Because of her ability, she has been engaged to teach in the university next year.

Miss Elda Walker received her educa-

tion in Tuulatin academy and Pacific university, graduating in 1901, with an A. B. degree. In 1902, she taught on Puget sound, returning the following year to Pacific university, where she has been doing post-graduate work under Professor Bosthill. She was assistant in biology and botany this year and

received the degree of A. M. from the university this year. Victor E. Emmel has been connected with Pacific university for the past eight years. He graduated from Tuulatin academy in 1902. He was leader of the debating team in 1902. Mr. Emmel received the degree of B. S. a year ago, and since then he has been pursuing work in the biological department. He has also been assistant in the academy. This year he received the degree of M. S. Through the kindness of Dr. Coghill, Mr. Emmel received an appointment from Brown university, to last at least three years. Mr. Emmel left immediately to take up the work.

WILMA WAGGENER, Hillsboro, Or.

CHURCH SERVICES

St. Mark's—Corner of Nineteenth and Quincy streets. Rev. J. E. Simpson, 8 a. m., holy communion; 11 a. m., morning prayer and litany; 8 p. m., evening prayer. All Saints' church will unite with St. Mark's at these services. The Rev. J. E. Budlong, D. D., preaching in the morning and the Right Rev. Frederick W. Keator, D. D., bishop of Olympia in the evening.

Church of the Good Shepherd—Vanouver avenue and Sellwood street. Rev. John Dawson, 10 a. m., Sunday school; 8 a. m., holy communion; 11 a. m., morning prayer and sermon. Rev. William Seymour Short of Astoria, No evening service.

St. Matthew's—First and Carver streets. Rev. W. A. M. Brock, 11 a. m., Bishop Wells of Spokane will preach; 8:45 a. m., Sunday school. No evening service.

Evening—Prelude, "March Solenne," Gounod; anthem, "Exalt Him," Hanscom; anthem, "O for a Closer Walk With God," Foster; postlude, "Moderato," Battiste.

NEW INDEPENDENT TELEPHONE SYSTEM (Special Dispatch to The Journal.) Corvallis, Or., June 18.—Wiring Corvallis for the Independent telephone system is to begin next week and will be hastily carried forward to completion. The task of stringing the wire from Corvallis to Philomath is now in progress. The towns are expected to be in telephone communication by Monday morning. The rural line north of town is also expected to be ready by that time. A switch board has been shipped from Kansas City. About 20 men are engaged in the work on the new system in Benton county. It is expected that the new system will be in working order in Corvallis by July 15.

VIRTUE MINE IS TO RESUME WORK

(Special Dispatch to The Journal.) Baker City, Or., June 18.—There is good authority for the statement that operations on a large scale will soon begin again at the old Virtue mine, seven miles east of Baker City. Manager Arthur Buckbee has been stirring around the last few days and, while he has repeatedly said there was nothing to tell just now, it is pretty well known that work on a large scale will be carried on at the Virtue this season. This property, lying at the very doors of Baker City, is the mine that made the camp famous, and it means much whether it is idle or running a full force of men.

The rumor last night caused much good feeling in the city, and it is expected the camp will soon be opened. Mr. Buckbee is expected in the city in a day or two, and will doubtless make an official statement.

Bumper is Evident. Cato Johns, one of the leading merchants of Sumpter, who came down from the upper camp today, states that the last month has been a very lively one in Sumpter, and that all of the merchants and business men generally have done a good business. Hundreds of new men are going to work in the stamp mills, under ground and in the logging camps. Mr. Johns thinks that this will be one of the liveliest seasons known in the eastern Oregon gold fields.

The total yield of the county is estimated at from 12,000,000 to 14,000,000 bushels this season.

Estacada and the Upper Clackamas by Trolley.

The O. W. P. will run through by electricity, avoiding the change heretofore necessary at Eoring. Take your baskets with you, as the hotel will not be open for guests until next Wednesday.

BUMPER YIELD IS PREDICTED

(Special Dispatch to The Journal.) Coifax, Wash., June 18.—The grain crop of Whitman county promises to be the greatest ever harvested. Conditions were never better at this season than at present. The average of grain in Whitman county is the largest in its history. This is due to two causes. One is that thousands of acres of new land in the western half of the county are in their first crop. Another is the high price of wheat during the past year and belief that good prices will prevail next fall. The condition of fall sown wheat is splendid, and unless something unforeseen occurs a record breaking yield will be harvested from all winter wheat fields. Spring wheat is late but of healthy color, stands well on the ground and promises a fine yield. A conservative estimate places the acreage at 35 per cent. over last year and the yield 50 per cent. greater than in 1903.

The total yield of the county is estimated at from 12,000,000 to 14,000,000 bushels this season.

Estacada and the Upper Clackamas by Trolley.

The O. W. P. will run through by electricity, avoiding the change heretofore necessary at Eoring. Take your baskets with you, as the hotel will not be open for guests until next Wednesday.

TO ORGANIZE NEW TRADES COUNCIL

(Special Dispatch to The Journal.) Spokane, Wash., June 18.—C. O. Young, state organizer of the A. F. of L., has issued a call for a meeting to organize a new trades council and has sent invitations to every union man in the city whose international is affiliated with the American Federation of Labor, to join in the new movement.

It is estimated that at least 16 unions will join in the new movement on the start, with the probability that many more will come into the organization when it is well started. The unions which are expected to join at the start are the four unions of the culinary craft, the six unions embracing the iron trades council, the clerks' union, the tailors' union, federal union No. 11,640, A. F. of L., and the new teamsters' union. It is thought that the typographical union is also favorable to the new council but it has taken no action on the question.

SUGAR BEET CULTURE IN ECHO COUNTRY

(Special Dispatch to The Journal.) Pendleton, June 18.—E. W. McComas has returned from Echo and Switzer's Island, where he has been in company with F. B. Bramwell, of La Grande, looking over the sugar beet prospects. The best in both localities have been thinned out and are growing rapidly, and there is every indication of a heavy crop.

It will be necessary to cultivate them from time to time during the rest of the season, and the water will soon have to be turned into the fields. So far there has been no irrigation, but the hot weather is fast taking the moisture out of the ground and artificial irrigation will have to be used from this time on in order to insure the heaviest yield. The prospects for a good crop are very flattering, and the experiment has already proven itself.

CHINA FREIGHT LAW. Attorney General Crawford has rendered a decision declaring the Chinese passenger law, house bill No. 41, did not pass at the special session of the legislature, and does not in any way change the existing laws. The House Journal shows the following note: "Yess, 30, nays, 21; absent, 8. So the bill passed." Thirty-one votes are required to pass any bill. The error was made by the reading clerk of the house.

RICH GOLD STRIKE ON SULLIVAN CREEK (Special Dispatch to The Journal.) Jone, Wash., June 18.—A rich gold find was made on Sullivan creek near Jone recently. Charles Gilmore, while looking for placer grounds, discovered ten foot quartz ledge. Another ledge of gold-bearing quartz has been discovered on the Pond d'Oreille river near here. The diggings in which the pay dirt is rich. It is below the Gilmore discovery.

The gold is coarse and is supposed to have come from the Gilmore ledge. The placer company has a good water-fall and is preparing to start hydraulic mining. There are many other creeks in this locality which will probably reveal some rich placer ground when prospected.

World's Fair Travel. On June 16, 17 and 18 the Canadian Pacific will again place on sale excursion tickets to Chicago, St. Louis and all eastern points at very low rates.

A choice of routes is offered—double daily train service—and an opportunity to travel by the "Imperial Limited," the crack train of the west.

For full particulars call on or address F. R. Johnson, E. & P. A., 142 Third street, Portland, Or.

Keeley LIQUOR-MORPHINE-TOBACCO HABITS PERMANENTLY CURED FOR FULL PARTICULARS—CONSULT THE KELLEY INSTITUTE, PORTLAND, ORE.

Look, Before You Drink, The Full Measure House you can be absolutely certain that it is perfectly pure, as in all wines and liquors bearing our name, their purity cannot be questioned. 108 SIXTH STREET Between Washington and Stark. Phone Main 3394.

WILL CONVENE IN CONVENTION AT PORTLAND IN 1905

(Special Dispatch to The Journal.) Salem, Or., June 18.—Governor Chamberlain today received the following telegram from Mrs. W. A. Meares, delegate from Oregon to the conference of charities and corrections, now in session in Portland, Me.: "We have won the meeting of the conference of charities and corrections for Oregon next year."

The conference will meet in Portland during the 1906 fair.

John Weaver of Canyonville has filed a suit here asking that the court decree that 120 acres of land, which he has resided on for several years, be put upon the records as being in his possession. When he came to this county he bought the land from an ex-soldier, Louis Friedel, who did not obey the law technically in transferring the property. Mr. Weaver was not aware of this fact until a short time ago, when he took steps to have it put in his name. This will probably be done, as he has had possession of it for more than ten years.

The prune crop in this county will not be as good as usual, or as was expected, as the weather conditions have been very poor of late.

World's Fair Travel.
