

SELECT TEACHERS FOR COMING YEAR

School Board Makes Several Important Changes in Principals and New Talent Will Be Employed—Twelve New Teachers.

At a meeting of the board of education yesterday afternoon the list of principals and teachers in the public schools of Portland was made public. At a meeting held two weeks ago the list was practically decided upon, and that action was ratified yesterday, with the exception of a few minor changes.

The announcement from the board of education yesterday discloses the fact that two new principals will be installed in two of the public schools in September. W. T. Conover of San Diego, Cal., will be principal of the Chapman school. Edmund F. Carleton, formerly principal of the Albany high school, will have charge of the Peninsular school.

I. N. Matlock, formerly principal of the Oakley Green school, failed to make application for the position for the next year, and is not now connected with the schools. P. M. Morgan, last year principal of the Peninsular school, was transferred to the Oakley Green school. There will be 12 new instructors in the public schools. CITIZENS' ALLIANCE IS A VERY OLD STORY

Hon. James A. Emory, state orator of the Citizens' Alliance of California, will deliver an address at the Empire theatre on the evening of July 7, under the auspices of the local Citizens' Alliance. His subject will be "The Industrial Situation." The meeting will be open to the public. Mr. Emory is said to be one of the most entertaining public speakers on the Pacific coast.

A local morning paper has just been apprised of the fact that an alliance has been formed at Portland. The organization was effected in March, and The Journal published all the facts exclusively at the time. All the news in connection with the matter was then given, the announcement being made among other things that W. C. Francis of the City Real Estate company had been chosen president of the organization. The names of the other officers were not given for the reason that they did not care for publicity. They still decline to have their names used in this connection. Mention was made at the time that the executive board of the alliance would hold weekly meetings, and that is still the order of the program.

Not only the employers but the union labor men as well were very much amused this morning when they read an account of the organization of the alliance three months after it occurred.

LA GRANDE HAS AN IMMENSE ENCAMPMENT

(Journal Special Service.)

La Grande, Or., June 30.—For a three day's reunion the eastern Oregon Grand Army veterans, Women's Relief Corps and Sons of Veterans opened their encampment in a grove a mile from this city. Hundreds of participants are camped on the grounds and a rousing celebration will take place. Registration, the pitching of tents, a social time and a big campfire tonight make up today's program.

They will therefore co-operate to promote the termination of the Japanese-Russo war, but without violation of their strict neutrality or making advances either to Japan or Russia.

St. Petersburg, June 30.—General Stoessel, commanding Port Arthur, in a dispatch states that the squadron re-entered Port Arthur after repulsing torpedo boat attacks. He mentions no damage to the Russian ships. Heavy rains are falling over the field of military action.

Tokyo, June 30.—It is officially announced that 13 Russian vessels today bombarded Gensan, Korea, firing 150 shells into the town. The result of the bombardment is not known.

St. Petersburg, June 30.—Terrific donations were heard in the direction of Kronstadt last night, immediately followed by a big conflagration. It is believed that the arsenal and chemical laboratory have been partly blown up. No details are obtainable.

London, June 30.—Japanese Minister Hayaashi reports that the Japanese consul at Gen San has wired Tokyo that 40 Russian torpedo boats entered port today and fired 200 shots into the settlement, sunk a steamer and a sailing vessel and destroyed three other ships outside the harbor, all of which then disappeared. Four men were slightly wounded. The damage done to the town is insignificant.

GENERAL MILES REFUSES HONOR

(Continued from Page One.)

tion. Thomas Orwig of Iowa seconded the nomination.

There are no other candidates. The nomination was received with the usual enthusiasm and there was for a time something approaching a demonstration. The Miles men were visibly disappointed at the failure of their favorite to permit his name to enter the race and for a time it seemed that an attempt would be made to nominate him willy-nilly, in the hope that he could later be induced to accept.

ROBS BENEFACTOR OF \$250 AND ESCAPES

(Journal Special Service.)

La Grande, Or., June 30.—W. H. Sullivan of Sumpter was robbed of \$250 while stopping at one of La Grande's leading hotels Tuesday night by an old acquaintance, who is a cook by trade, after he had taken him to share his room, having listened to a tale of financial troubles.

When Sullivan was called in the morning his room mate and \$250 were missing. The cook had taken the money from Sullivan's pockets in the night and fled. Marshal Rayburn went to each man last night in response to a notice that the robber had been captured, but the prisoner proved to be the wrong man. The robber is still at large. Sullivan is from Sumpter, where he is well known.

Chehalis, Wash., June 30.—Sheriff Urquhart is in receipt of news from Sheriff Connell of Georgetown, Tex., stating that they had failed to convict murderer Smith there. The latter has been confined in an asylum.

DR. S. T. JARECKI MURDERED AT HIS HOME IN DENVER—POLICE SUSPECT THE HUSBAND OF A PATIENT OF THE ASSASSINATED PHYSICIAN.

(Journal Special Service.)

Denver, June 30.—Dr. Seymour T. Jarecki, formerly county physician of Arapahoe county, and a prominent doctor, was murdered at his home at 4 o'clock this morning.

The assassin, whose identity is unknown to the police, called the doctor to the door of his home, at the intersection of Logan and Twenty-second ave-

CALL TO DOOR AND SHOT DEAD

Standing on the porch steps, the murderer fired through the screen-door, fatally wounding the physician.

Dr. Jarecki was assaulted and nearly killed four months ago, but after his recovery refused to give the name of his assailant. It is believed that the murderer is the same man who attacked him on the previous occasion. The theory of the police is that Dr. Jarecki incurred the ill-will of a man whose wife was under medical treatment, and that this man is the murderer. Jarecki leaves a widow.
