An Honest Proposition—the Public to Judge

Prof. Van Cortland LOCATED AT 313 1/2 Washington Street

Realizing that many of the best citizens of this city would be only too anxious to consult a good, reliable clairvoyant and palmist, if they were first assured of receiving some benefit, therefore he hereby solemnly avers and guarantees...

That without having any previous knowledge, and having no natural means of knowing who you are, when or for what you came, I will tell your life better than you can tell it to me. I will call you by name OR CHARGE YOU NOT ONE PENNY. THIS IS HONEST, IS IT NOT?

EXTRAORDINARY CLAIRVOYANT POWER, COMBINED WITH HIS SUPERIOR KNOWLEDGE OF OCCULT FORCES, ENABLES HIM TO READ HUMAN LIFE WITH UNERRING ACCURACY FROM INFANCY TO OLD AGE...

Prof. Van Cortland 313 1/2 Washington Street. Also private entrance on Sixth.

FAMOUS WOMEN CLAIRVOYANTS
Madame Blayatsky, Diss DeBar, Anna Eva Fay, Virginia Wardel.

A Review Showing That Men Cannot Develop Second Sight as Women Can.

MEN IN THE PROFESSION ARE NEARLY ALWAYS FRAUDS.

The wonderful feats of clairvoyance achieved by Miss Virginia Wardel, whose parlor is in the Common block, fourth and Morrison, have stirred up great interest in the subject here in Portland.

The crowds going every day to her rooms get only a glimpse of the extraordinary help she is able to give to those who consult her, but they include a vast lot of people who, in point of numbers, show the widespread interest there is in the subject.

CROWDS VISIT MISS WARDEL. Curiosity attracts many. And many who want to get the best from curiosity now go for advice and the benefits to be gained from knowing just what the future will bring forth.

LIST OF FAMOUS CLAIRVOYANTS. The general talk about the subject has brought to the attention of the public the names of those who have been known, and it has been noticed that the best of them were always women.

BLAYATSKY AND DISS DEBAR. Anno D'ivita Diss Debar was another highly developed clairvoyant who took New York by storm, and did some wonderful things through the medium of her clairvoyant, Anna Eva Fay, lately on this coast, has revived interest in the matter and performed many noteworthy feats in the way of reading the future, locating lost articles, etc.

ALBANY MAN TOO FREE WITH FINE-LIN SHERIFF APPOINTED NEW DEPUTY-OLD CHIEF ATTRACTS GREAT ATTENTION ON HIS TRIP.

(Special Dispatch to The Journal.) Albany, Or., July 2.—Oscar Rogaway was this afternoon sentenced to five years in the penitentiary for arson. A notice of appeal was given and a certificate of probable cause granted by the court and a writ of habeas corpus to \$2,000 bail pending the appeal.

The papers will be completed by Tuesday, Rogaway remaining in the custody of the sheriff in the meantime. The county court, met tonight, approved the bonds of officers and received a report of an expert on the county books. The report shows all the offices in good condition with the exception of some few minor clerical errors, which will be used as a switch.

Sheriff R. L. White, who assumes office Tuesday morning, this afternoon appointed Quincy E. Probst of Albany as his first deputy. Probst is a young man who formerly served in the same capacity. The present deputy is I. A. Munkers, who was recently elected to the legislature on the Democratic ticket. He will remain in office for a couple of months.

An Old Engine. An old engine, of a type used 25 years ago, passed through this city yesterday afternoon from Portland to Grants Pass, where it will be used as a switch engine. It was built for the C. I. P. R. and bore the initials of that road and the number 1.

It had the appearance of having been in a scrap heap for years and was as unlike the type of engines used now that it attracted the attention of a large crowd. The engine is said to have come into the possession of the O. R. & N. Co., and is known among employees of that road as "Old Crisp." It is now placed on the management of the two roads placed on the S. P. lines for use in southern Oregon.

CONWAY STRUCK BY TRAIN AND FATALY INJURED
Spokane, Wash., July 2.—A serious accident occurred on the Great Northern Friday, when John Conway, an engineer, had his skull crushed in and there seems to be no hope of his recovery.

Conway had been at Colbert, where his wife and three children live during the summer. He was returning to Hill-yard, where he was to take out a freight train at noon. At Colbert he boarded the engine of a passenger train. As the train was passing through Mead he struck his head out of the cab window of the engine on which he was riding, not noticing the mail crane at the side of the track.

As the engine rushed by the crane, Conway was struck by a terrific blow on the head, which fractured and crushed his skull. He was taken to Hillyard and from there was brought to the city on a special car and removed to the hospital. He did not regain consciousness.

immense invasion of grasshoppers in different sections of Morrow county. In the Sand Hollow district, I understand, they have settled in vast numbers and are doing a great deal of damage, principally to the alfalfa crop.

In speaking of the stock situation Mr. Swagart said that the spring and summer have been especially favorable for both horses and cattle. Grass has been in fine condition and has been exceedingly abundant. Stock accordingly is now in the best of condition and that unusually good prices will be realized during the coming year.

Barley cutting is now in full blast, but wheat harvest will not begin for at least two weeks, says Mr. Swagart. There will be an immense yield in Morrow county this year. Spring wheat is in excellent condition and unless the grasshoppers settle it will be the largest crop ever harvested in the county.
