WILL STOP ALL HARBOR RACING

RIVER BOATS WILL ENTER AND LEAVE PORT UNDER LEGAL SPEED OR MASTERS WILL BE FINED—DAMAGE CAUSED BY HIGH SPEED CAUSES NOISE.

According to deep-sea captains, the river steamers have been exceeding the rate of speed to which they are limited while in the harbor, and complaint of the matter has been made to Harbor-master Ben Highin.

Captain Garrick, master of the British ship Rajore, is one of those who lodged a complaint. The cargo has just been discharged from his vessel, and she is lying at Montgomery dock No. 1.

Those who are taking an interest in the subject say that one day last week three of the river steamers went down the river together at high speed, each endeavoring to get in the lead and maintain it.

THE WYOMING AND PAUL JONES GO AT 5 A. M.

With whistles sounding a last adieu the warships headed down stream this morning at 5 o'clock.

The vessels were visited yesterday by large crowds, but not so many people went to see them as on the preceding day. A big business, however, was done by the crowd at the harbor.

ALONG THE WATERFRONT.

Laden with 200 tons of oats, 500 tons of wheat and 200,000 lbs. the steamer Chico sailed this morning for San Francisco.

At 9 o'clock this morning the American steamship Pielades left up from the mouth of the river for Tacoma.

All the machinery has been installed in the Sellwood ferryboat. In a few days the carpenters will complete their part of the contract, and then the vessel will be ready to go into commission.

HEATHER'S FIRE DRILL.

With her whistles shrilly blowing and the members of the crew running forward and aft those who were in the vicinity of the Couch street dock this morning at 9 o'clock thought that the lighthouse tender Heather was on fire.
