

SEMI-ANNUAL INVENTORY SALE

This Is the Most Important of Our Special Sales

Our purpose is to make it an epoch in the history of this store (which has for 15 years given the people the best values ever given by any store in the Pacific northwest). Inventory is close at hand and this season's goods, of every description, must go. Must be moved before that time. To accomplish this we realize that most extraordinary price reductions must be made—reductions so great that you will be justified in purchasing liberally for the future, if not for present needs. Patrons will bear this in mind: That aside from the money saving advantages of this sale, there are no better assortments of values or more reliable merchandise in this city from which to choose. We want every economical buyer to attend this sale and share with the buying public our great reduction in seasonable goods.

Sale Begins Promptly at 8 o'clock a. m. Wednesday
