REAL ESTATE TRANSFERS.

Mrs. Ida M. Grant to Mrs. Rose Bell, 1/2 block 1st and 4th, block 20, Piedmont.

ATTEMPTS TO RAISE FLOUR PRICES FAIL TO BUTTER

COLD STORAGE INSTITUTIONS ARE FILLED TO OVERFLOWING WITH SUPERIOR STOCKS DESPITE THE FACT THAT ICE CREAM IS TAKING MUCH CREAM.

Front Street, July 14.—The principal feature of the Portland wholesale markets today are: Cold storage butter stockpiling. Egg market retains buoyancy. Quality feeds demand for arrivals.

Butter Stocking Up in Storage. Despite the fact that there is a larger per cent of the cream being used in the manufacture of very fine grades of butter, the cold storage institutions are stocked with butter as they never were before.

With slightly better receipts in poultry the demand is still sufficient to clean up everything that is being offered, but not making the fact that the market is not quite so firm.

There is Better Supply With Demand Good.

There was a slight increase in the supplies of retail goods, but the demand is still at the top notch.

Wholesale Grocers are Very Scarce.

With high all but out of the front-street markets the demand continues good and all arrivals are being cleaned up.

Country Flour Mills Close.

On account of the insufficient volume of water the country flour mills run by water power are rapidly closing for the season.

Merchants' Opinions on Today's Markets.

W. R. Glaffe Company—California steamer's day late; stuff cleaning up very fast; butter unchanged.

TRUSTS WILL, IN SUPPLY AND DEMAND ABSOLUTE GRIP OF PACKERS ON THE LIVESTOCK TRADE DEMONSTRATED BY THE CLOSING OF THE KANSAS CITY STOCKYARDS HEAVY ARRIVAL.

JULY IS STILL THE STRONGEST OPTION-UNSETTLED WEATHER CAUSES A SHARP OPENING, BUT THIS WAS MET WITH HEAVY SALES.

(By George E. Logan.) (Special Correspondent of the Journal.) Kansas City, Mo., July 14.—The shutting down of the Kansas City stockyards demonstrated in the latter part of last week and the first part of this week that the packers control absolutely the trade in livestock and that the economic law of supply and demand is of no importance as far as the livestock market is concerned.

With the Kansas City market paralyzed for several days by the floods in the Kaw River Missouri river and all the consignments of stock rushed on to St. Louis and St. Paul, the two latter markets showed no change for the worse, while at Omaha and Chicago there was a decline of from 10 to 15 cents in dressed beef grades.

Stockers and feeders have been weak at all the markets the last 10 days or so. This possibly is to be accounted for by the fact that the Kansas City receipts in stockers and feeders were sent to other markets and arrived in such numbers that the buyers couldn't take care of them.

THE KANSAS CITY MARKET RECEIVED ONLY 5,175 SHEEP LAST WEEK AGAINST 39,000 AT CHICAGO, 12,000 AT OMAHA, 7,000 AT ST. LOUIS AND 5,100 AT ST. JOSEPH.

This week's receipts were 10,000 against 34,000 the week before and 28,000 in the same week just one year ago. The five big markets of the central west, combined, received 32,300 against 116,800 the week before and 100,000 the week before.

SPRING LAMBS OF FAIR QUALITY ARE BRINGING UP TO \$4.10, WITH CHOICE GRADES WANTED BUT FEW OFFERED.

Plain fleeces are bringing \$3.50 to \$3.75, with Colorado wethers \$4.25. Mixed sheep are bringing \$3.50 to \$4.10. The lack of flesh is more evident than at any time of the year.
