

PORTLAND, OREGON, SATURDAY EVENING, JULY 16, 1904.

**WILLIE WESTINGHOUSE'S SUBMARINE WAS A HUMMER**

Dear Tommy—I've just built another submarine boat. Papa helped me launch it—

And went along in a row-boat to see that nothing happened.

I pulled the submerging lever and started the motor.

Of course I couldn't see where I was steering, and I rammed Papa's boat.

I knew something was wrong when we started going around in a circle, so I came up.

Papa was awful angry, but the "Fulton" behaved beautifully. Yours truly, Willie.
