

LEAVE ESOPUS FOR NEW YORK

AUGUST BELMONT, JUSTICE MORGAN O'BRIEN AND JOHN B. McDONALD SAIL ON LATTER'S YACHT—PARKER TAKES EARLY MORNING FLURGE.

(Journal Special Service.) Esopus, July 21.—John B. McDonald's yacht, the Sapphire, sailed to New York this morning with her owner, August Belmont, and Justice Morgan O'Brien, Judge Parker, and his brother died aboard the yacht last night.

When Parker went down to the dock for his plunge early yesterday morning the crew of the Sapphire was just hauling up the anchor. McDonald and O'Brien thrust their heads from the cabin windows and called a lusty greeting, and were chided by the nominees for oversteering. Parker was still splashing about as the vessel sailed away.

The judge took his usual horseback ride this morning, accompanied by his daughter, Mrs. Parker and her sister went to New York shopping.

DAVIS LEAVES CITY. (Journal Special Service.) New York, July 21.—Vice-presidential nominee Davis left today for Bedford Springs, Pa., where he will pass the next few days preparing his letter of acceptance. He thinks Gorman should have the national committee chairmanship.

ROOSEVELT FINISHES SPEECH. (Journal Special Service.) Oyster Bay, July 21.—President Roosevelt has finished his speech of acceptance, and the manuscript is now in the hands of the printers. It is understood it makes three columns in print.

No visitors were received today. The president read, wrote, played tennis, swam and lounged about the veranda.

RAN AMUCK WITH TWO REVOLVERS. Edwin J. Hogwell, who fired several shots from two revolvers into a crowd of men in front of the Hotel Svea, on Sixteenth street, between Thurman and Savier, was this morning arraigned in the municipal court on a charge of assault with a dangerous weapon.

Hogwell fired several shots last night, without warning, and it is believed he is mentally irresponsible. Among the crowd was E. Winstrom, a well-known cement contractor, and he was struck in the head by one of the bullets. He was taken to the Good Samaritan hospital, where his wound was dressed. He will recover soon.

WILL LAUNCH CRUISER. (Journal Special Service.) San Francisco, July 21.—The cruiser South Dakota will be launched at 6:40 o'clock this evening, as per schedule. The conditions for a successful launching are ideal.

WILL VISIT UNITED STATES. (Journal Special Service.) City of Mexico, July 21.—President Diaz intimates his intention of visiting the United States. The invitation was extended by Thomas N. McCauley, a New York capitalist.

INTENSE HEAT AT VANCOUVER

THEMOMETER REGISTERS 90—LITTLE AIR CIRCULATING AND INTENSE QUIET PERVADES TOWN—LITTLE BUSINESS TRANSACTED IN COURTHOUSE OFFICES.

(Special Dispatch to The Journal.) Vancouver, Wash., July 21.—The thermometer at Vancouver registered 90 in the shade this afternoon, with this intense heat and little air circulating, the already quiet town grew much quieter.

The greatest scene of activity was at the courthouse, and even there an unusual degree of stillness prevailed in the various offices.

In the clerk's office one divorce case was filed. This case is one wherein P. W. Hilton seeks to be divorced from Carrie E. Hilton, alleging as grounds for his rights to separate an incompatible temper.

One child is the subject of contention. The child is a girl 2 years of age and the custody and care is sought by the father.

Marriage Licenses Granted. In the auditor's office two marriage licenses were issued. These were to James H. Wilson, of Hamilton county, Oregon, and Miss Hannah M. Sherwood, of Marion county, Oregon, and Samuel W. Marks and Mrs. Mary E. Anderson, both of Portland, Or.

Deaths at Ormonds. The sudden and unexpected death of W. H. Clayton occurred this morning at his home at Ormonds, Wash. Mr. Clayton was a large fleshy man and yesterday he worked all day during the intense heat in the hay field. Last night when he retired he appeared, it is said, in usual health, excepting a little worn by heat.

His wife, who slept in an adjoining room to Mr. Clayton, got up this morning and got breakfast, wishing to let her husband rest as long as possible before going to work today.

When she went to his room to arouse him she found that he had died during the night. The neighbors were immediately notified, and the authorities in Vancouver telephoned to him. He apparently died from heart trouble and without a struggle.

Mr. Clayton is said, has had trouble with his heart before, and it is presumed his labors in the heat yesterday overtaxed his strength. He is a member of the G. A. R. and his funeral will be held under the auspices of that organization. The date is not yet set.

NEWSMEN STRIKE ENDS. (Journal Special Service.) San Francisco, July 21.—The brewers' strike ended yesterday, the strikers agreeing to reduce their demands 50 per cent. A two-year agreement was signed on this basis and the men immediately returned to work.

FIRES FOLLOW THEM EVERYWHERE

MRS. PROCTOR AND HER DAUGHTER HAVE HAD MANY NARROW ESCAPES AND THEIR PROPERTY HAS BEEN OFTEN DESTROYED BY FLAMES.

It's all right to be burned out of house and home occasionally, but to have fires follow one continually is rather monotonous. At least that is the conclusion reached by Mrs. Proctor and her daughter, who reside in the Selling-Hirsch building, Tenth and Washington streets.

Mrs. Proctor has been directly interested in probably a dozen fires beginning with the great Chicago conflagration in 1871, which swept away miles of buildings and destroyed scores of lives.

Mrs. Proctor's husband received injuries in that great fire from which he never recovered. They were living on the west side of the Windy City at the time and their home with a great amount of other property was completely lost.

Mrs. Proctor lives on the third floor of the Selling-Hirsch building. Sunday evening a fire was threatened in that building, but prompt action on the part of the firemen from central station prevented any damage. There was very little loss, but a great cloud of smoke arose to the rooms above, including that of the Proctors.

"It wasn't a fire at all, just a little smoke," said Miss Minnie Proctor. "But we have seen real fires. In Chicago we lost nearly everything, and my father received severe injuries from which he never fully recovered. He died in this city seven years ago.

"Then, we were living in the Brown hotel in the Birch side, Grand and Hawthorne avenues, this city, when that was destroyed about two years ago. I wasn't at home at the time, but my mother was and she was carried down the stairs, escape. The building was doomed and every one else had escaped, when a driver of a Troy laundry wagon saw my mother and rescued her. We lost some few things in that fire.

"I was in Chicago with the Young Women's Christian association at Sixth and Oak streets when there was a big fire in that building. I also lost by that fire, though only slightly. We have been in probably half a dozen other buildings when fires occurred in them, so that we are getting quite used to it. They don't bother me any more, though they make my mother nervous.

"Another thing that is rather remarkable, is the fact that we have carried insurance for a number of years, but we never happened to have a policy in force at the time of a fire. Somehow or other the policies expire before the fire occurs. But we have been through so many fires that we don't pay a great deal of attention to them any more."

F. PARTRIDGE IS FOUND IN ENGLAND. Detective Lou Hartman received notification today that Frank Partridge, who left this city four months ago, taking with him the boy and girl of the family, in England, was his mother. He stole the children from their mother's home one night, and fled the city before he could be apprehended by the officers.

The case was reported to the police and Detective Hartman was assigned on it. He ascertained that the man had left town. Later, Hartman learned that Partridge had fled to Toronto, where he sent back a letter to a friend here, saying that he was going to England. The last letter to that woman, written by Partridge's mother, bore out the statement. Mrs. Partridge is still living in Portland.

"WILL REMODEL THE STORE. Ira F. Powers Furniture Company to Begin Remodeling at 190 First Street. The old landmark at 190 First street, occupied by the Ira F. Powers Furniture company, is soon to put on a new front and the old building to have an entire change and to be remodeled into a modern, up-to-date building that will give more room and accommodations to both the occupants and the patrons.

During the many preparations to start work on the building remarkably low prices will prevail throughout the entire stock. Mr. Powers prefers to sell now at a reduction rather than store the goods or get them damaged from dirt and dust, as is usually the case when improvements are in progress.

UNIVERSITY STUDENTS' REUNION. Former students of Portland university will hold a reunion on the Chau-tauqua grounds at Gladstone park Friday, July 23. Arrangements have been made for a jollification with a picnic dinner in the afternoon and a fagot party in the evening. Each one attending is expected to contribute something edible toward an informal lunch. There will be headquarters on the grounds near the auditorium.

A MEASURE OF MERIT. Portland Citizens Should Weigh Well This Evidence.

Proof of merit in the evidence. Convincing evidence in Portland. Is not the testimony of strangers. But the endorsement of Portland people. That's the kind of proof given here. The statement of a Portland citizen.

G. H. Springmeyer, expressman, residing at 1015 First street, says: "Exposure to rough weather and the constant jarring of the wagon while I was riding brought on kidney trouble. My back ached almost constantly and the muscles controlling the bladder appeared weak and their action far too frequent. Doan's Kidney Pills came to my notice and I got a box at the Lewis-DeVos drug company's store, corner of Yamhill and Third streets. The pain in my back was relieved and the kidney secretions became normal. Two boxes of Doan's Kidney Pills brought about this result, and it with pleasure that I recommend this effective preparation to others."

GRAND LODGE ELECTS OFFICERS

WORKMEN CHOOSE LEADERS FOR THE COMING YEAR—DEBATE OVER THE CHANGE IN THE ASSOCIATION IS ARRAIGNED WITH MUCK VIGOR.

Peace hovered over the Ancient Order of United Workmen of the jurisdiction of Oregon at this morning's session of the twenty-sixth annual meeting long enough for the election of officers to serve for the ensuing year. When the session convened at 3 o'clock this afternoon, however, yesterday's discussion of the consideration of the proposed change from what is termed the classified to the level plan of insurance.

The question of the change whereby the rates of insurance on old members of the order will be doubled was not discussed during the forenoon. The entire session was devoted to the election of officers, resulting as follows: F. Berthold, Corvallis, lodge No. 14, grand master; W. J. Clark, Gervais, lodge No. 9, grand foreman; Newton Clark, Riverside, lodge No. 68, Hood River, grand recorder; R. L. Durham, Hope, lodge No. 1, Portland, grand secretary; W. H. W. Per, Safety No. 13, Albany, grand treasurer; Sam Rooks, Falls City No. 59, Oregon City, inside watchman; George Baldwin, Lakeville No. 111, Klamath Falls, outside watchman; E. D. Young, Seaside No. 12, Astoria, grand trustee, three year term. Supreme representatives: George H. Durham, Pacific No. 17, Grants Pass, Newton Clark, Riverside No. 68, Hood River, and D. Solis Cook, Industry No. 4, Portland.

Before ballots were taken the Workmen appropriated the sum of \$1,000 toward the construction of a fraternal building at the Lewis and Clark Hotel. Resolutions were adopted expressing regret at the forced absence of Frank M. Cohen, who is in Alaska, on account of ill health. It is the first annual meeting that he has failed to attend during the past 15 years. Supreme Master Narvis presided at today's session.

DEGREE RITUALS ROUTINE. Grand Lodge Transacts Routine Business and Sees New Chiefs.

The eleventh annual session of the grand lodge, Degree of Honor, will probably close this afternoon with the installation of new officers and the appointment of committees. The new officers to be installed are grand chief of honor, Mrs. Sara Fastabend of Astoria; grand lady of honor, Mrs. Hattie McCormack of Marshfield; grand chief of ceremonies, Mrs. Harriet C. Looney of Jefferson; grand recorder, Mrs. Ollie F. Stephens of Forest Grove; grand receiver, Mrs. Fidelia Mann of Portland; grand usher, Mrs. Sadie E. Moore of Corvallis; grand inside watch, Mrs. Hattie T. Smead of Heppner; grand outside watch, Mrs. Mera Hendricks of McIntoshville. Mrs. Ray Randall, on account of her faithful service as grand recorder, which office she has held for the past three years, was elected past grand chief of honor for 1905.

The representatives to the superior lodge are: Mrs. Addie B. Colvig of Grants Pass, retiring grand chief of honor; Mrs. Mary Randall and Mrs. Wilda Helknap of Prineville. The grand lodge session opened at 9:30 and the entire morning was consumed in the transaction of routine business.

LAY CHURCH CORNER-STONE AT HILLSBORO. (Special Dispatch to The Journal.) Forest Grove, Or., July 21.—The corner-stone of the new Congregational church building will be laid tonight at Hillsboro. The building, one of the oldest living pioneers of Washington county. Prof. Robertson of Pacific university, who has written many splendid articles on Oregon history, will read a brief history of the Congregational denomination in and about Forest Grove.

Rev. C. F. Clapp and others will deliver short addresses. The church which the new structure replaces was burned about three years ago. The insurance, which was received at that time formed the nucleus of a new building fund. The church which burned was built in 1858 and 1859 and all the inside finish was hand-planned. The new building will be rapidly pushed to completion by Contractor S. B. Starrett.

WOMAN SHOTS HER DAUGHTER'S BETRAYER. (Special Dispatch to The Journal.) Seattle, July 21.—Mrs. Gertrude Robb is before a coroner's jury today with the death of George Joye at her door. She was in custody yesterday, which before she had been arrested was charged with intent to commit murder and was out on bond. Two months ago she shot Joye for the betrayal of her daughter.

Joye's recovery was expected, and he declared he would not prosecute the woman. The girl confessed to Mrs. Robb. Joye was then employed on a Puget sounder, the chief engineer of which was Mrs. Robb's husband, Mrs. Robb, the day of the confession, went to the steamer and fired four shots into the man's body as he was walking down the stairs. Joye, which she surrendered herself to the police.

NEXT CONVENTION GOES TO SEATTLE. Proprietors of the various laundries in this city who went to Spokane to attend the semi-annual convention of the Oregon and Washington Interstate Laundrymen's association, have returned. Those who attended the convention from Portland were John Tait of the Troy laundry, John Small of the Pacific laundry, Thomas Farrell of the Union laundry, L. T. Gilliland of the American laundry and R. C. Warriner of the Opera House laundry. It was decided to hold the next gathering in Seattle. The following officers were elected: president, D. Jacobson of Seattle; vice-president, R. C. Warriner of Portland; secretary and treasurer, F. J. McCullough of Spokane.

INFORMAL JINKS AT PRESS CLUB. An informal jinks will be given this evening by the City Press club, at its quarters in the Marquam building. All newspaper men are invited to be present and members are at liberty to bring any others they desire.

ANOTHER BRITISH SHIP IS CAPTURED

(Continued from Page One.) Cherbourg, almost at the mouth of the British canal, is now the mobilizing scene of a powerful French fleet, ostensibly for a grand review. Libau is the nearest Russian port, being the first seaport of importance on Russian territory after entering the Baltic sea. Once arrived there the Malacca would be under powerful Russian guns and with the entire Baltic fleet of Russia to retain her.

Balfour Answers. Replying to questions in the house of commons today, Premier Balfour stated that it was a fact that the Malacca had left Port Said in charge of a Russian prize crew, and that this fact had undoubtedly raised the most serious of questions. He said he most certainly would make a statement to the house on the subject, but at present such action would be ill-advised. He was loudly cheered and evaded answering a number of questions by asking that they be postponed until Monday.

ADVANCE INSURANCE RATES. San Francisco Feels the Effect of Vladivostok Raid. (Journal Special Service.) San Francisco, July 21.—War risks on merchant vessels of all nations bound for Japanese ports advanced all along the line this morning, as the result of reports that the Vladivostok squadron had started on another raid.

Local agencies, while admitting a decided advance, refuse to give figures. Insurance men and agents and owners of vessels operating between this port and Japanese ports, while affecting an optimistic air, are plainly ill at ease. They claim that even if their vessels are captured they cannot be held, as no contrabands of war are carried.

MAY BE RELEASED. Rumored in St. Petersburg that Provisional Order Has Issued. (Journal Special Service.) St. Petersburg, July 21.—It is reported here that the government has ordered the release of the steamer Malacca should a search of her cargo show that no contraband of war is aboard.

RUSSIAN DEFEAT REPORTED. Big Battle Said to Have Been Fought at Maturinski. (Journal Special Service.) St. Petersburg, July 21.—It is rumored here that a Russian reconnaissance in force in the direction of the Maturinski pass has been disastrously defeated by the Japanese. The Russian losses are reported to have been very heavy.

TORPEDOED BY ACCIDENT. Russian Commander Reports Sinking of British Ship. (Journal Special Service.) Tien Tsin, July 21.—A Nuchwang message states that the commander of a Russian torpedo boat reports that he accidentally torpedoed a British steamer in Pechili gulf. The vessel is believed to have been the Hinsang.

MAY RELEASE MALACCA. Ask Official Assurance That Munitions Were British Stores. (Journal Special Service.) St. Petersburg, July 2.—The Russian ambassador in London has asked Lansdowne's official assurance that the munitions of war aboard the Malacca were British government stores. If this assurance is given orders for the release of the vessel will be immediately given.

RUSSIAN CONTINUE PATROL. (Journal Special Service.) Aden, July 21.—The Russian volunteer fleet continues to patrol hereabouts. The P. & O. steamer Palawan passed here this morning without interference. French liners are not interfered with.

TWO CRUISERS ARRIVE. Alexandria, Egypt, July 21.—The British cruisers Furious and Venus have arrived here.

A FALSE ALARM. All kinds of excitement was created last night by the taking of a patient with measles through the public streets from the foot of Alder to the central police station by two patrolmen. It was thought by all who saw him that he was afflicted with smallpox. He was sent to the St. Vincent's sanitarium by order of City Physician Zan.

SAT CHECKS WAS BOGUS. A warrant for the arrest of G. P. Wells was issued out of the municipal court today on complaint of E. Cannon, of the Northwest Electric company, of Portland. The complaint charges obtaining money under false pretenses by a bogus check on a bank.

The Last Rescue. From the New York American. Apparently the only way the Russian navy can possibly win is to buy up a fleet of our excursion boats and invite the Japanese on a pleasure trip.
