Tigers Take the Second Game

Edited by J. A. HOLAN

HISTORY BEGINS TO REPEAT ITSELF

BROWNS CONTINUE THE WORK THAT MADE THEM TAILENDERS IN THE FIRST SEASON—BECK AND RAGAN MAKE HOME RUNS—OVERALL'S GOOD WORK.

(Journal Special Service.)

Tacoma, July 28.—The Browns are still industriously keeping in the back ground lest by forging ahead they would shock Dugdale and give him heart trouble. The Tigers chewed them up again yesterday in easy fashion to the tune of 4 to 2, and consequently the "Dugs" are unhappy. Dugdale tried out another bushleaguer yesterday and the youngster was so juvenile in his actions that Dug replaced him by Steelman early in the scrimmage.

Overall did the twirling for Tacoma, and the big fellow had the visitors guessing the entire time. Beck lined out a home run and Castro scored on a pass and hit by Steelman. Those were Portland's only runs. The Tigers fielded in fast style, while the Browns didn't appear to have recovered from the Fisher reception on Monday night. Score:

A LONG SEARCH.

How An Eastern Man Came All the Way To Portland to Recover a Lost Treasure.

Health is one of the treasures of life. The following narrative by a well-known citizen of Portland tells of physical torture which led to a trip from the East to Oregon in search of it.

Jas. Petersen, employed by G. C. Havely of the O. R. & N. R. R. Co., and living at Woodstock, says: "In my opinion, if any sufferer from backache fails to find relief in Doan's Kidney Pills there is no relief for him on earth. However, I don't believe any case exists which Doan's Kidney Pills will not help. I had severe backache and a weakness of the kidneys for years. My back ached at times so that I could hardly get up from a couch, and the kidney secretions presented very unnatural appearances, and deposited a heavy sediment if allowed to stand long enough. I spent lots of money when living in the East in trying to get something to effect a cure. I came out here to Portland 12 years ago, thinking the change of climate might benefit me, but the trouble still clung to me. I paid one doctor in the town $75 for medicines, but I might just as well have taken so much water, so far as any benefit was concerned. I used five bottles of a well-known remedy manufactured in the East and received only temporary relief. I finally saw Doan's Kidney Pills advertised and one day I stepped into the Laue-Davis Drug Company's store, at Yamhill and Third streets, and asked Mr. Laue what he knew about them. I knew I could depend upon what he said. He reported that people who had used them recommended them in highest terms. I bought a box and had used them only a few doses when I knew they had gone to the root of the trouble. I continued their use until I had used three boxes, and can say cheerfully that they did more for me than all the other medicines put together."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name — Doan's — and take no substitute.

HANLON AND NELSON TO BATTLE TONIGHT

(Journal Special Service.)

San Francisco, July 28.—Not since the Corbett-Britt battle has the San Francisco sporting element been so on edge in anticipation of a fight as is the case today on the eve of the contest between Eddie Hanlon and "Battling" Nelson, which is to be decided tonight before the Hayes Valley Athletic club. While the keen interest manifested in the go is naturally due in a large measure to Hanlon's great popularity hereabouts, this interest has been heightened by the prevailing belief that Nelson is built of championship timber and will be able to put up a rattling fight even against such a formidable antagonist as Hanlon, the victor over such boys as Attel, Yanger, Broad and a host of others.

Nelson is comparatively a new-comer on the coast, but his recent go with Martin Canole and his past record have given the critics here a high opinion of his fighting ability. While Hanlon is a favorite in the betting, there are few who are not of the opinion that he will find no easy mark in Nelson.

Ever since the match was made both fighters have been training faithfully and the result is that they appear to be in shape to fight the battle of their lives. In addition to the star event of the evening there is something interesting promised in the preliminaries, particularly in the 15-round go between Toby Irwin and Jack Cordell, both of whom have reputations as clever boxers and good hitters.

GOSSIP OF RACING MEN AND HORSES

There never has been a season when so many first-class horses have been the victims of accident or hard luck. Irish Lad, McChesney, Hamburg Belle, Africander and Dick Welles all have been under the weather for some reason or other, and Waterboy has just been gotten into racing form. To cap the climax came the tragic fate of Highball. Accidents frequently happen to race horses but rarely, if ever, have so many turf stars been out of commission at the same time.

Highball had a record to be proud of. During his two seasons on the turf he won for his owners $75,215. He sold as a yearling for $950.

It has been frequently noted this season that there was nothing like the class shown by the 2-year-olds of 1904, as was seen in the previous years there. There have been some pretty classy youngsters, but nothing to approach the form of Hermis. Waterboy and McChesney, Irish Lad and Africander, Hamburg Bell and Highball. James R. Keene has shown a youngster who bears the marks of championship. It is the Melton colt Sysonby. His races so far entitle him to a high place in turf peerage.

John J. Ryan has announced that his entire string of horses, including Reliable, will be sold at auction. The former "Get-rich-quick" man intends to retire from racing, temporarily at least, and will not only sell his horses in training, but those in his breeding establishment. He intends to take his family to Europe and there educate his children.

The beginning of the breaking up of the La Belle stud, in Kentucky, established by the late W. C. Whitney, came this week with the shipment of thirty yearlings to the Brookdale farm at Red Bank, N. J. The consignment sent includes all the colts raised at La Belle in 1903 and 1904 and the pick of the fillies. There are still 24 yearlings at the farm, which will go east within the next week.

Frederick Gebhard has engaged John Hyland to train his horses. The string includes Ragian, Nuit Blanche, Alliance and Lysistrata, the last named being a 2-year-old. This is not the first time Mr. Hyland has trained for Mr. Gebhard. He handled the good horse Volunteer II and others owned by that turfman about 17 years ago.

Lucien Lyne, who has been on the sick list for several days, has gone to his home in Kentucky. He was accompanied by his brother, Dr. Farrell Lyne. He will report to Trainer Joyner again at the opening of the Saratoga meeting.

Sim Deimel says it is questionable as to whether his 3-year-old Wotan will start again. As a result of a severe kicking he got at Gravesend some time ago, an abscess formed on one of Wotan's legs. The colt is very weak.

There will be steeplechasing at Aqueduct next fall. Robert Tucker of the Queens County Jockey club and Mrs. Tucker says the work on the course will begin immediately.

Sally Hooker, who won last week at Providence, was sold in an Ohio town as a yearling for the paltry sum of $75. She has to her credit a trial of 2:08½, over the Cleveland track, and is now held at $5,000. To this date she has won every race started in.

NEIL SHOWS TERRY HOW TO BATTLE

(Journal Special Service.)

Philadelphia, July 28.—Frankie Neil, the clever little bantamweight champion of the world, easily demonstrated his superiority over Hughey McGovern in a rattling 6-round bout before the National Athletic club of this city, last evening.

The California boy almost had the brother of "Terrible Terry" out during the last round, for the Brooklyn lad was decidedly wobbly when the gong sounded.

McGovern laid Neil's cheek open in the second round, with a stiff right, and the champion bled profusely. The California lad evened things up in the following round by drawing blood from McGovern's cheek.

During the last two rounds Neil went to McGovern with the determination to finish him, and almost succeeded in putting him out. He had Hughey groggy in the last of the sixth, and only the gong prevented a knockout, for McGovern was helpless.

Neil was represented by Bobby Deady, Tim Callahan, Kid Howard and Johnny Loftus, while in the Brooklynite's corner were Joe Humphries, Danny Dougherty, Sam Harris and Whity Lester.

Neil was never phazed at any stage of the contest and his exhibition of cleverness earned him the applause of the crowd, who were enthusiastic over the merits of the bout.

OREGON VARSITY TO PLAY MULTNOMAH

This morning Acting Manager George McMillan of the Multnomah football team, and Manager Graham of the University of Oregon met and decided to have their respective elevens meet on the Multnomah gridiron on Thanksgiving afternoon. This is in keeping with the sentiment in favor of a game between these two elevens on that day. Followers of both teams look forward to Thanksgiving with great interest, as the contest is considered the banner event of the football season in this state. For years Oregon has been trying hard to down Multnomah, but so far has not succeeded. Last year Multnomah triumphed over Oregon in a well played contest by making two touchdowns. This year both teams expect to be strengthened considerably, and the game will be more bitterly fought than ever.

FOOTBALL PLAYER IN LUMBER MILL

(Journal Special Service.)

Oregon City, Or., July 28.—Big Sam Stowe, for four years the left guard of the University of California football team and who was graduated from that institution of learning last year, is doing stunts with a hammer and saw on the new mill that the Willamette Pulp & Paper company is building on the other side of the river. He is fully as good a carpenter as he was left guard and is the admiration of all his fellow workers who envy his large shoulders and his football career.

The big collegian has been at work for some time here and has made many friends. His education is being put to profit and he drives a nail with the best of them. At times his football training asserts itself and when sawing off the end of a board he will let the piece of timber that is being cut off drop to the ground and then catch it with the toe of his shoe as it lights, executing a very neat "drop kick" that is the wonder of the men who are some distance away mixing concrete.

The footballist met with an accident while working the other day and in consequence is laid up for a short time. He was carrying a large timber on his shoulder, as he has done many times with a member of the Stanford team, when he stepped on a nail that penetrated his shoe and right foot. The wound was very painful and he will be obliged to be off his feet for a short time, but otherwise he is as husky as ever.

Stowe played left guard on the Blue and Gold eleven and Overall, Tacoma's star pitcher, played right guard. Both men played well together and made a formidable pair in the center of the line.

BROWNS UNABLE TO DOWN THE TIGERS

While it is a trifle early to attempt a just estimate of the playing prowess of the Portland Browns, yet it is not amiss to call attention to the fact that bushleaguers are not sufficiently strong nor clever enough to keep pace with the swift stride that characterizes baseball in the Pacific Coast league.

The opening of the present season was full of promise, but the dark clouds are gathering and no one can tell when a storm is due. Of course two games lost would matter little if that were all, or if these were indications of new strength coming, but two games at the close of an exciting and close season might determine the result. To disparage the work of tried and capable players for the purpose of encouraging youngsters is managerial indiscretion, and a positive forerunner of discontent among men, discord and disaster. In the meantime it is not wise for any manager to sit quietly from day to day waiting for the Pacific National league to dissolve in order to secure players. A brave heart and a little sand, a little effort and a little money, will do the trick. Portland has paid for a good ball team, not a bunch of tall grass bushleaguers.

DIAMOND GLISTENINGS

Dugdale is reported to be after Fred Weed of the Salt Lake team. Weed was sold by Salt Lake to a Southern league club, but refused to go, and as it is necessary to have the consent of the player in a transaction of this kind it is possible that the local manager may secure this player. Weed played for two seasons with Portland, and is a decided favorite here. His original position is in the outfield, but during the past two years he has played third base, and as the Browns are in dire need of a third-sacker, Weed will be a welcome addition to the club.

It is a hard proposition to secure good men at this time of the year, but managers in all parts of the country have secured good men to strengthen their teams. "They come high, but we must have them," is the way a winning manager looks at things, and straight away negotiates for good players from other leagues. Portland is the best ball town on the coast, and the fans must have good baseball.

It is currently rumored that Hurley is to succeed Beck at first. Hurley is a rowdy, and Portland will not stand for players of his calibre. This man jumped Parke Wilson last year, because he was given the tip that his work was not up to the Coast league standard. This season he has been playing, off and on, with the Little Rock team. He was signed by Mike Finn to play first base, but his work was not satisfactory, and since then he has been used as utility man.

In criticising players who have earned fadeless reputations on the diamond, fairness should be closely observed, rather than a desire to act as the "toad," hopping about.

LENTS HAS FAST NINE.

(Journal Special Service.)

Lents, Or., July 28.—The Lents ball team defeated Gresham on Tuesday last by the score of 17 to 3. Batteries for Lents, Bishop and Cadwell; for Gresham, Jones and Wickham. The Lents nine has done good work this season, having won eight out of nine games played. On Sunday morning next the Lents team will play the nine from the Willamette Iron works. The game will be played here and Bishop will twirl for the locals.

SWIMMING MATCH ARRANGED.

A swimming match at one mile has been arranged between Joey Nuttall, the English champion, and James McCusker of Everett, Mass., the American champion. It will take place at the Caledonian Grove, West Roxburg, Mass., on August 26, and will settle definitely McCusker's present right to be considered a rival of the famous English swimmer. Nuttall is a marvel in the water, and those who are in a position to compare the work of the respective champions say that he is in a class by himself.

SCULLER NEARLY DROWNED.

Frank Vesely, the amateur sculling champion of the United States narrowly escaped deathe this week while rowing on the Harlem River. His shell was crashed into by a gig in which was a member of the Wyanoke Rowing club. A dozen boats put out to the rescue and when Vesely was finally brought ashore it was found that he had sustained injuries that will probably prevent him from competing in the St. Louis regatta next week. Vesely was picked out to win the single scull event.

SAYS CANADA WILL EXHIBIT AT FAIR

COLONEL DOSCH WRITES THAT NORTHERN PROVINCES WILL SEND A WORTHY EXHIBIT TO 1905 EXPOSITION — PROBABLE THAT LOUISIANA WILL EXHIBIT.

"Although the scope of the Canadian display at the fair next year has not yet been decided, the exhibit is an assured fact," writes Henry E. Dosch, director of the department of exhibits for the Lewis and Clark centennial exposition.

Colonel Dosch is now in St. Louis and says further, "The Honorable Mr. Fisher and the Honorable Mr. Sifton, ministers of agriculture and the interior respectively, are expected to arrive here next month, when the matter will be taken up and settled.

"I have been holding out for Canada to have its own building in which to install its own exhibit, and I am of the opinion that this will be done."

Colonel Dosch was recently sent by the corporation to Canada as their special commissioner in the interests of the Lewis and Clark Fair. While there he conferred with the ministers of the dominion government and also with Sir Wilfred Laurier, the premier at Ottawa, with the result that a Canadian exhibit at the fair next year was practically an assured fact.

Colonel Dosch was also sent as a special commissioner to take up the matter of an exhibit of the resources of Louisiana at the fair next year, with the proper authorities. Regarding this exhibit, he says in his letter to Mr. Reed: "Some time ago I received a telegram from Mr. Winter, chairman of the Louisiana appropriation committee, stating that owing to the increase of all other expenses and the Cuban exhibit they had reported no funds available for the Oregon exhibit. The bill which was prepared at the request of Governor Blanchard, and which had the endorsement of both senators and representatives, was read twice and referred to the appropriation committee, and had they reported favorably, the bill would have become a law.

"Dr. Stubbs, who makes the exhibit for Louisiana, will probably have $10,000 or $15,000 left from the St. Louis appropriation. Of course this fund will revert to the state treasurer, but it is the intention of the governor and other officials to borrow the amount needed for the exhibit of rice and cotton, and have the legislature of the state reimburse the same as they did for Buffalo and Charleston."

SPOKANE FOOTBALL PROGRAM.

(Journal Special Service.)

Spokane, Wash., July 28.—A big football program has been outlined at the S. A. A. C. Games will be arranged with the Spokane high school, Cheney, University of Idaho, State Agricultural college at Pullman, the University of Washington, and the Multnomah club of Portland.

The team will start practice August 15, and the boys will be out every night from 4 to 6. The club now has a long list of candidates for places on the eleven, and there will probably be enough men to form two strong teams.
