Ham Iberg pitched a brilliant game yesterday and defeated Tacoma 2 to 1. It was his corking double in the seventh inning that scored Spencer with what proved to be the winning run of the game. In the fifth Ham connected with use of St. Vraiva twisters and draws it. one of St. Vrain's twisters and drove it to the fence for a triple, yet Raymond. McCreedle and Nadeau couldn't put him across the rubber. Iberg find all sorts curves and a hurricane of speed, and simply toyed with the pennant winners.

simply toyed with the pennant winners.

The "Duggers" presented a slightly switched combination when they went to the post. Spencer, the clever and willing young fellow from California, was back in the game and covered second. Castro was sent to third and showed the boys how to cover that station. His two chances were most difficult and he fielded them clearly and accurately. Spencer was full of ginger and fielded and batted like a Trojan. Raymond was a trifle off color in his fielding, and his throw to Beck in the ninth came nearly being fatal, as nothninth came nearly being fatal, as noth-ing but Beck's perfect throw to the plate prevented Eagan from tleing the

Beck and Steelman put up a very good article of ball, and each got one of St. Vrain's offerings. While not hitting with any degree of accuracy. Drennen held his own in the field and made several pretty eatches.

The Tacoma players worked with pleasing unanimity and came mighty nearly tieing the score in the ninth. McLaughlin got a pass and Eagan hit so hard to Castro that it couldn't be handled, and Lynch sacrificed both men. Casey drove a long fly to Drennen and McLaughlin scored. Hogan drove a low one to Raymond and his throw was too high to catch Hogan, so Beck whipped high to catch Hogan, so Beck whipped the ball to the plate and caught Eagan by a ness? WHAT THE FIGHTERS

The battle for the championship between Jim Jeffries and Jack Munroe, not quite four weeks off, is beginning to attract attention. The news that the champion's knee is all right is received with pleasure. While the weight of opinion is that Jeffries will retain the championship, it is not to be denied that the miner has more friends than he had before the fight was postponed, and there are not lacking wise ones who ceived with pleasure. Fitzsimmons all along has disputed my claim to the middleweight championship title. Now that he has shown himself to be still able to put up a vigorous battle I am willing to meet him, either in a six or 20-round battle, this fall, at the middleweight limit of 158 pounds. With this idea in view, I have already gone into training and will be ready to step into the ring by September I at a week's notice."

CANADIANS HOLD AMATEUR REGATTA

(Journal Special Service.)

St. Catharines, Ont., Aug. 5.—On the new permanent rowing course here the best amateur scullers and oars of the United States and Canada lined up today at the beginning of the 21st annual regatta of the Canadian Association of Amateur Oarsmen. Those present included representatives of rowing clubs of Toronto, Winnipeg, Montreal and other cities of the Dominion, together with a notable aggregation of American oarsmen just returned from the championship regatta at St. Louis. (Journal Special Service.) Harbin Springs, Aug. 5.—Champion Jeffries is out in the ranges after plonship regatta at St. Louis. Judging from the high class of the entries many stirring races will be witnessed in the contests started by today's preliminaries. The practice work of several competitors has been very good, leaving a doubt as to the probable outcome of each event. In consequence, there is quite a betting interest in all game. It mightn't seem to be quite the fittest occupation for a man who has to defend his title in a little nore than three weeks, but then there outcome of each event. To begin with, the deer season around Harbin did not open until a week ago Monday, and it's hardly to be expected that Dead Shot Jim would be content to rest in camp while the rifles are cracking and the hounds giving tongue in the hills around.

DIAMOND GLISTENINGS

Many of the fast paddlers are in camp training for the races, which will cover a period of two weeks. The racing program has been carefully arranged, and consists of 22 events, including all varieties of salling and paddling, with the usual upset, hurry-scurry, club-four paddling, tandem, tilting tournament, war cance and swimming events.

Davenport will have a chance to settle the question of which team is better, when they will cross bats in this city.

These two teams have had a forfeit up for weeks for the game to be played and they were waiting for an opportunity to play the game on neutral ground. Each team has staked \$1,000 on the game, the gate receipts to go to the winners.

The managers of the two teams were in the city yesterday to make arrangements for special excursion trains, otherwise a reduced fare will be given on regular trains.

The game grew out of a quarrel on the Reardon diamond, July 4, when the Davenport club walked off the field after a decision of the umpire.

The body politic and the human body are in some respects alike. If any part becomes atrophied or vice versa, and circulation is not equal, suffering is bound to come. Although I am a loyal Republican, I believe the Republican I party has made a terrible blunder either through ignorance or selfishness of its men in office in allowing the once grand and numerous American shipping to be swept from the face of the seas; and on a parallel with the shipping they have committed just such a terrible blunder in not putting an export bounty on wheat. The two are about the only industries that have not been helped by the ships out of existence and reduced the wheatralser to abject slavery and acute mental suffering in many insecuring men is a scheme that cannot work successfully in this city. Portland has already paid for a first-class nine, and it is nothing short of folly to be wasting more of the club's money importing bush leaguers here who have no chance to make good. At present Portland has a good team, the trouble comes from annoying the players with threats of release and exchange.

Since Tuesday's row at the ball park, Bill Hurley has made himself scarce on the coaching line. Manager Dugdale has been severely criticised for allowing Hurley to Invite the bleachers on the diamond during the dispute over Thomas' decision.

After the civil war England had to pay, the United States 15,600,000 dollars for allowing the Alabama to fit out.
This was for ships that were of no
value to us; but since that time the
people of America have allowed England to make back that sum a hundred times over by carrying nearly all out foreign merchandise, all because no wise statesman saw fit to inaugurate a bounty to keep our own merchant marine in existence. We have been used to see the expression: "What of it? If they can do it cheaper than us, let them do it. Why tax others to do it?" But does not this condition exist? The merchant marine is taxed out of existence and the American farmer to slavery on account of the tariff.

Truck Eagan fooled McCreedle yesterday and got his first hit of the series. Mac was playing back for one of Eagan's regular drives, when the hig shortstop dropped a Texas leaguer just out of Spencer's reach.

Erve Beck was robbed of a triple in the second when Brown called his hit a foul McLaughlin, while still on fair ground, tipped the bail with his glove and it landed on foul territory. Erve hit aniother one directly after this which kicked up the chalk on the line. This was also called a foul.

The Portiand tehm sprung a mascot in the shape of a small boy with his face blackened. Mike Fisher says he will have a couple of pickaninnies on the Tacoma bench today, for they are the real genulne mascots.

Phil Nadeau and Erve Beck pulled off a clever double steal on Happy Hogan in the fourth inning.

Bobby Keefe will go against the Browns this afternoon and Ira Hastings will oppose him. Keefe was trimmed by the Browns last Saturday and if they find him as easy today Hastings will have almost a cinch.
