Buck's Stoves & Ranges dont Cost money They save it— save it in fuel 7¢ each day

GUESSING CONTEST TROLLEY PARTY

Last Saturday afternoon we took 20 carloads of happy children for a trolley ride about town. About half the people in Portland saw this happy party and wondered what was the occasion of all this jollification. Any one of nearly 2,000 children could have quickly dispelled all wonderment. It was the culmination of our "Furniture Guessing Contest," which closed on August 1. All these little girls had handed in answers to the puzzles and in accordance with our promise we were giving them the finest kind of "consolation prize."

We are glad to say that every little girl had a good time and a fine ride around town. And best of all, there was not the slightest mishap to mar the joyousness of the occasion. We want to thank all the little girls and their mothers for the perfect order they maintained, which made it possible for us to get them started so quickly and safely. We're glad they had such a good time, for we had a good time, too. Making so many of our little friends happy is the brightest spot in the history of our stay in Portland. Some day we'll have another treat for you.

A FEW WORDS TO THE MOTHERS ABOUT BUCK'S STEEL RANGES

BUCK'S STOVES AND RANGES are made of solid cold-rolled steel and all removable parts of the finest gray iron. The firebox is lined with the "Duplex" grate, which can be changed from coal to wood by a "simple twist of the wrist." The ovens are air-tight and "buckle proof." All oven doors and racks are coated with an indestructible white enamel which can be washed like a plate. It is by this cleanly and sanitary enamel that Buck's Ranges are known as

"The Great White Enamel Line"

Old Stoves and Ranges Taken in Exchange. Liberal Allowance Made on New Purchase
