

HALL'S PLACE IS STILL IN DOUBT

CONGRESSIONAL DELEGATION FAIL TO AGREE ON DISTRICT ATTORNEYSHIP AND DEADLOCK STILL PREVENTS CHOICE—OTHER JOBS GIVEN OUT.

Once more the Oregon congressional delegation has met, debated and adjourned without being able to agree upon a recommendation for United States district attorney. Yesterday's protracted discussion left the deadlock still unbroken. At the end of the afternoon session the vote stood as it was at the beginning, two for John Hall and two for Judge J. C. Moreland.

Senator Mitchell and Congressman Williamson voted unwaveringly for Moreland. Senator Fulton and Congressman Harman supported Hall, except for one or two ballots, when they cast their ballots for Percy Kelly of Linn county. This change of candidate was only temporary, however, and Hall's friends insist that it was merely a diversion to test the attitude of the opposition, and in no sense an abandonment of his cause.

It is still insisted by persons who profess to know that Hall will ultimately receive the endorsement of the delegation and that therefore he is reappointed. On the other hand, Moreland's friends have received a fresh accession of confidence. There will be no further effort to break the deadlock until next month, when the delegation will meet again at some date to be fixed by Senator Mitchell.

Thus far Harvey Scott's efforts to use his "personal influence" with Binger Herman in behalf of Moreland have not been crowned with signal success. The congressman does not seem to consider himself under obligations to the editor and perhaps has still a lively recollection of all the unpleasant truths the latter told about him before Binger's name was erased from the Oregonian's black list.

M'CARTHY MAY BE GIVEN NEW TRIAL

Owing to the fact that District Attorney Manning had to go to Salem last night to argue the Leasia murder case before the state supreme court, no action was taken today in the case of John McCarthy, who pleaded guilty to the theft of furs from G. P. Rummel & Sons. He will return to the city tonight, and McCarthy's trial will be postponed tomorrow. It is understood, or forced to withdraw his plea and substitute one of not guilty. Should he accept the latter course, his trial will occur during the September term of court.

IDAHO TOWN TARGET FOR INCENDIARIES

(Special Dispatch to The Journal.) Coeur d'Alene, Idaho, Aug. 9.—Incendiaries set this town on fire in two places yesterday. The city bakery and a saloon were the places selected, but both were extinguished. Saturday's big fire was of incendiary origin, and much excitement prevailed.

A HINT TO THE WISE

This Advice Will Bear Repeating in Portland.

Don't chase shadows. Doubtful proof is but a shadow. You can rely on testimony of people you know. You can investigate local evidence. A. S. Cummings of 144 Clackamas street, employing the Innas-Poulsen Lumber Co., at the foot of East Sherman street, says: "I had pains in the small of my back for a good many years. Most of the time it was a dull, heavy ache over the kidneys, and often at the end of the day I felt fatigued and weak. Trouble with the kidney secretions existed also. Passages were too frequent and were accompanied with pain. My condition was growing worse all the time, when I happened to read an advertisement of Doan's Kidney Pills, and at the suggestion of my wife I went to the store of the Lane-Davis Company, at Yamhill and Third streets, and got a box. I took the pills as directed and felt their beneficial effects right away. In a short time the backache disappeared and the secretions resumed their normal appearance and condition. This is the first winter I have passed for a number of years without wearing a plaster on my back, and I give Doan's Kidney Pills all the credit." For sale by all dealers. Price 50c. Foster-Liburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

OLD TELEPHONE HAS RUN HER LAST RACE

It is all over with the old steamer Telephone. The last chapter in the history of the well known craft was completed this morning, when M. C. Harrison & Co. disposed of her to E. J. Kiss of the United States Launch company. The new owner will tow her across the river to a point near the Supple boardwalk, where he will use his newly acquired property for a workshop.

Less than 10 years ago the old Telephone was generally accepted as being the fastest sternwheeler in the world. When in condition it is claimed that she was capable of reeling off 23 miles an hour. She was operated by the White Collar line, which subsequently disposed of its holdings to the Regulator company. But the sale did not include the Telephone, she having been out of

DRINKS POISON AFTER A QUARREL

Mrs. Tom Anthony, the young wife of a race horse man at the Irvington race track, attempted to commit suicide about 1 o'clock yesterday afternoon by drinking a half ounce of a cocaine solution.

"Tom would not stay with me and I did not care to live," she remarked after she had recovered from the effects of the drug so as to be able to speak.

"I don't want to live. Why did you not let me die?" she queried.

She and her husband are said to have had trouble during the day and it is

HAPPY CRAP GAME ENDS SUDDENLY

"Keep away, seven, ma point's eight. Come on dice, ma lady needs a new hat. I've got to have dat lid. Please, dice, be good for once."

That's what Officer Kay heard at the Irvington race track yesterday. He followed the footsteps of a little colored jockey and came upon a full fledged crap game.

Several little colored boys were following anxiously the turns of two very dirty dice. Each one had 10 cents in front of him and if "eight" came before

NO FLOWERS FOR "APOSTLE" CREFFIELD

Up to date no women have called at the county jail with flowers and expressions of sympathy for Edmund Creffield, self-styled "Joshua," the high Holy Roller apostle, but one woman has written him from Montana, asserting that while she had been ignorant of the fact for a long time she believes she holds to the Holy Roller doctrine and asking for an expression of his views.

HEARST MAY LOSE IN SAN FRANCISCO

(Journal Special Service.) San Francisco, Aug. 9.—Primary elections are being held in many of the principal cities of the state today. The fight in San Francisco is between the Hearst and McNab factions for control of the uppermost interest. Indications at noon are that Hearst will be defeated. The regular Republican ticket is practically without opposition.

WOLF HILL IS TAKEN

(Continued from Page One.) Commander of the military forces at Port Arthur.

WANTS HER WRITTEN WORD.

Turkey, Backed by England, Stands by Dardanelles Treaty. (Journal Special Service.) Constantinople, Aug. 9.—Supported by England, the sublime porte persists in asking Russia for a written communication regarding her intentions with respect to the Dardanelles.

SON WOULD BREAK MILLIONAIRE'S WILL

(Special Dispatch to The Journal.) Helena, Mont., Aug. 9.—Charles E. Conrad is endeavoring to have his father's will set aside in the district court at Kalispell, assigning as his reasons that he is entitled to one-sixth instead of one-eighth thereof; that the cost of administration, under the terms of the will, would amount to more than the income during that period; that the will is defective and void in places, and consequently that as a whole it should be rendered null.

He further contends that the estate is worth \$1,250,000, instead of \$750,000, as appraised, and asserts that if all the children should die within 11 years there is no provision for final distribution. The case will be appealed to the supreme court upon the announcement of Judge Smith's decision.

WIFE STATIONS TO BE IMPROVED

CHIEF OFFICERS OF LIFE SAVING SERVICE VISIT PACIFIC STATIONS AND WILL RECOMMEND BETTER EQUIPMENT—WILL INSTALL MODEL EXHIBIT AT 1935 FAIR.

Three chief officials of the United States life saving service, Supt. S. I. Kimball, Inspector C. H. McLellan and Assistant Inspector W. H. Roberts, of Washington, D. C., are in this city to make a preliminary examination of the water front at the Lewis and Clark exposition grounds with a view to locating the model life saving station that will be brought here from the St. Louis exposition. They called upon President Goode of the Portland exposition today and visited the grounds.

They have already visited the stations at Wallapa bay, Ilwaco beach, Cape Disappointment and Point Adams, in Washington, and have spent several days at Tillamook bay, where they selected a site for the new station that is to be installed there. The site chosen is about a mile north of the harbor and a sub-station was located just inside the harbor, where one of the best boats of the service will be kept, but will be operated in certain emergencies by the same crew kept at the main station.

The government will spend from \$1,000 to \$15,000 installing and equipping the Tillamook station. Captain McLennon said: "We find the stations in good shape and the service satisfactory. The equipment, however, is somewhat out of date, and our trip will probably result in an entire new equipment of more modern boats for the men. The life savers on the Pacific coast are high class men and their service is particularly hazardous, as this is a much rougher coast than

Atlantic." Captain McLennon has been in the life saving service 25 years and has been in charge of the model stations at nearly half a dozen expositions.

EIGHT-HOUR DAY IS DISCUSSED BY TYPOS

(Journal Special Service.) St. Louis, Mo., Aug. 9.—The International Typographical union, whose fiftieth annual convention was formally opened yesterday in the convention hall at the World's Fair, got down to business in earnest today. Officers' reports were presented and various questions of importance to the craft were introduced and referred to the proper committees for consideration and action.

The reports of the officers show that the last year with the organization has been one of fair progress, marked by three disastrous strikes, but at the same time by decided gains and successes. Of the latter President Lynch said in his annual report to the convention that "hours have been reduced, wrong eliminated and difficulties avoided through a careful observance of the law, patient negotiation and international assistance."

President Lynch urged the union to stand for the eight-hour day and suggested that the present convention take some action looking toward the establishment of the eight-hour day. The president also called attention to the arbitration agreement between the International Typographical union and the American Newspaper Publishers' association, entered into at a joint meeting of representatives in New York last October, and recommended that "if the agreement is not being honored, the shortcomings shall be remedied."

The report also set forth that not so much attention has been paid in the last year to the organization of new unions as has been devoted to strengthening those in the field. In spite of that fact, the report showed that with one exception—the fiscal year of 1932-1933—the membership of the union has grown more during the last 12 months than ever before in its history. The average paying membership during the year was 7,729 men, as compared with 7,600 in the year before. The union had at the end of the fiscal year a cash balance on hand of \$36,357.62, as against a balance of \$49,170 for the preceding year.

CAN BURCKHARDT ESCAPE PRISON

(Continued from Page One.) (Journal Special Service.) Wheeling, W. Va., Aug. 9.—Colored visitors wearing the familiar insignia of the triple links are much in evidence in Wheeling today. They come from Pennsylvania, Ohio, Indiana and a number of other states and are delegates to the tenth triennial convocation of the grand patriarchs of America, which is the colored section of the Odd Fellows. The session will continue for three days. Business sessions will be held daily and in addition there will be many attractive features of entertainment. The triennial parade will be held Thursday morning and in the afternoon of that day the prize drills will take place.

WOLF HILL IS TAKEN

(Continued from Page One.) Commander of the military forces at Port Arthur.

"Our ships, preceded by mine dredges, steamed toward Lungantun, from where they bombarded the Japanese positions until 3 o'clock in the afternoon.

"On their return, which they effected with the same precautions, a mine exploded underneath one of the dredges. Rear Admiral Withoft estimated that the enemy's naval forces of Port Arthur, July 30, consisted of 5 battleships, 4 armored cruisers, 10 other cruisers and 42 torpedo craft."

Where Quality Leads the Crowd Follows

WEBER KIMBALL CHICKERING HOBART M. CABLE HAZELTON LESTER CROWN THE PIANOLA

LEADERS PREPARE TO NOTIFY PARKER

APPEARANCES INDICATE THAT NOTIFICATION AT ROSEMONT WILL BE BIG AFFAIR IN POINT OF ATTENDANCE—SPECIAL TRAINS AT COMMITTEE'S DISPOSAL.

(Journal Special Service.) New York, Aug. 9.—Leading Democrats from all parts of the country rounded up today at the Hoffman house preparatory to going to Esopus tomorrow for the formal notification of Judge Parker of his nomination for the presidency. Notwithstanding the expressed wish of the nominee to have the notification ceremonies as brief and simple as possible, it looks as though the event is destined to be a big affair, at least so far as attendance goes.

In addition to the notification committee, which includes a representative for each state and territory, the event will be attended by many members of the national committee for the New York state committee, and by many party leaders of this vicinity. The West Shore railroad has placed special trains at the disposal of the committee to convey the visitors from this city to Esopus, where carriages will be waiting at the station to take them to Rosemont.

(Journal Special Service.) Esopus, N. Y., Aug. 9.—Colonel and Mrs. Lamont and Judge and Mrs. Gray arrived at Rosemont aboard the steam yacht Queen City, at 12:30 o'clock today, and were immediately driven to Parker's residence. An hour's conference was held and the party left at 1:30 o'clock.

Lamont visits Rosemont. Did Not Say He Would Decline Nomination for Governor. (Journal Special Service.) Esopus, N. Y., Aug. 9.—At the close of its five hours' session yesterday the national Democratic executive committee made public the following statement, which it is understood was authorized by Chairman Sheehan:

"The location of national headquarters was fixed at No. 1 West Thirty-fourth street, consisting of the second and third floors and the basement of the Century building.

"It was determined not to open branch headquarters in the west, nor to name additional committees for the present.

"Plans of organization were taken up and thoroughly mapped out."

COLORED I. O. O. F. (Journal Special Service.) Wheeling, W. Va., Aug. 9.—Colored visitors wearing the familiar insignia of the triple links are much in evidence in Wheeling today.

They come from Pennsylvania, Ohio, Indiana and a number of other states and are delegates to the tenth triennial convocation of the grand patriarchs of America, which is the colored section of the Odd Fellows. THE CHICAGO

The Big Store in the Middle of the Block 69 and 71 Third St., Between Oak and Pine Portland's Rising Clothiers

\$50 FOR A THOUGHT

On the opening day of our new Boys' and Children's Department, in September, we will distribute 50 gold plated Watches and 50 silver plated Watches to boys under 18 years of age. We want the best and most impartial plan that can be obtained. No lottery schemes or giving them with purchases considered. Think of a good plan and send it to us. If it is the best we will give you \$50.00. Address, Adv. Mgr., The Chicago, 69 and 71 Third street, Portland, Or. N. B.—The \$50.00 will be given away. It's only question of who shall receive it. In case that we do not receive an acceptable plan and have to use our own idea, the \$50.00 will be given to one or more charitable institutions, to be decided on by the boys receiving the watches. All plans must be sent in by Wednesday, September 17. Plan to be accepted will appear in papers Friday evening, August 18.
