STATE FAIR OPENS AT CAPITAL CITY

LARGE CROWD ATTENDS OPENING DAY AT OREGON'S ANNUAL STATE FAIR—PROGRAM CONTAINS A FINE CARD FOR THE VISITORS THAT GO TODAY.

(Journal Special Service.)
Salem, Oct. 12.—The Oregon state fair opened today with a very good attendance and with a fine and well planned program. The exhibits are shown there. Constant surprise has been expressed to find the exhibits so well placed and so neatly conducted as they were this morning. It having been prophesied on Friday and Saturday that there would be very few things ready for the opening day. On the contrary the pavilion never presented more satisfactory appearance the first day than it does today. The county exhibits of Marion, Polk, Yamhill, Linn, Lane and Clackamas counties are especially interesting. The contest for the prize money strong between the various county exhibitors.

There is said to be not quite so good an exhibit of fine cattle and other live stock as last year, but there are a great many fine specimens of the leading breeds. The list of speed animals is the largest ever on this track.

There were four speed events this afternoon.

Frattling, 3-year-olds, stake one mile, best two in three—Estrine, A. J. Hodges, Albany, b. f. Zomana, by Zombro-Altheus; H. C. Byron Lafayette, b. f. Lousie, by Evert Lady Elice, by Zombro, b. c. ANGELS TAKE LAST GAME FROM BROWNS

ERRORS BY ROACH AND GYRENS PROVE COSTLY AND GIVE THE CALIFORNIANS TWO RUNS—BOTH FITZGERALD TWIRLED A SPLENDID GAME.

(Journal Special Service.)
Los Angeles, Sept. 12.—Both Roach and Newton pitched good ball yesterday, each allowing six hits, but Portland's two errors were costly, and the Angels got the game. Losing yesterday's game puts Portland in the cellar again, though the Browns were fortunate enough to break even on the series with Captain Flood's men. Nadeau and Heck scored the two runs for Portland on Roach's error and Gyrens' error and error and error on the triple to the field. Los Angeles scored on a pass and Roach's error, two hits and Gyrens' error and two hits in the eighth inning. The contest was an exciting affair, the crowd being kept on the anxious seat throughout. The Portland team left here last night for home. Score:

WHEN GAME BIRDS MAY BE KILLED

Owing to the many inquiries made regarding information on the game laws of the state of Oregon, The Journal today publishes a synopsis of the laws regulating the hunting of water fowl and upland birds.

Water Fowl.—Ducks, Geese, Swan, Limit 100 in one week and not more than 50 in one day for one man.

The law prohibits the use of sink boxes, sink boats, sneak-boats, skiffs, batteries, swivel guns, fire, flashlights and blinds, but the provisions of the law differ for particular sections of the state.

Ducks, Geese, Swan.—(Except in the counties of Jackson, Klamath, Lake and Coos)—Season closed from March 1 to September 1 of each year. Hunting of wild geese is prohibited at all times on any island or sandbar on which wild geese habitually rest or roost. In or along the Columbia river east of the Cascade mountains.

In the counties of Jackson, Klamath and Lake, season closed from January 1 to September 15 of each year.

In Coos county, season closed from February 1 to August 1 of each year.

Water Rail and Upland Plover.—Closed from January 1 to August 1 of each year.

Upland Birds.—Limit—Ten birds in one day.

There are provisions against trapping, netting, ensnaring, robbing nests and placing of poisoned wheat, and against traps which apply to all sections of the state.

Sale of grouse, pheasants and quail is permitted during the last 15 days of the open season, subject, however, to the conditions placed on the sale of different sections of the state. A record must be kept of each sale.

English or gray partridge capercaille, moorhen, wild turkey, woodcock, silver pheasant, golden pheasant, copper pheasant, green Japanese pheasant and Reeves pheasant—Closed until October 1, 1906.

Prairie chicken, grouse, native pheasant or ruffed grouse, ring-necked or China quail, blue grouse, partridge, sagehen and sagecock (except as indicated below)—Closed from December 1 of each year to October 1 of the following year.

Wasco County—Prairie chickens and quail—Closed from October 15 of each year to August 1 of the following year, and at all times in the foothills which is covered with snow sufficient for tracking.

Tillamook County—Native pheasant (or ruffed grouse) and ring-necked or China quail—Closed from September 15, 1906; then closed between December 1 of each year and September 15 of the following year. Blue grouse—Closed from October 15 of each year to August 1 of the following year.

Counties of Josephine, Jackson, Coos, Curry and Clatsop—Ring-necked or China quail and pheasant—Closed until September 15, 1906; then closed between December 1 of each year and September 15 of the following year.

Douglas County—The law is not clear as to this county. See section 2029 of Bellinger and Cottrell's Code.

Wasco County—Pheasants (except native pheasant and ruffed grouse) and quail (except Bob White quail)—Closed at all times. Sagehen, sagecock, grouse, native pheasant and ruffed grouse—Closed from November 1 of each year to August 1 of the following year. Prairie chicken—Closed until August 15, 1906; then closed between November 1 of each year and August 15 of the following year.

Bob White quail (except in Klamath and Lake counties)—Closed until October 15, 1906; then closed between December 1 of each year and October 15 of the following year.

FOOTBALL WARRIORS IN THE LIMELIGHT

REASON FOR AT HAND AND THE REASONS OF THE SEEN AND FOR CORRECT AND MULTITUDINAR BRIGHT OUTLOOK.

The football season has appeared on the horizon and for the next three months the country will resound with the college and school yells of thousands of America's young men who love to play the most strenuous of all games where strength and science are essential requisites. Baseball, the spring and summer game, and track meets of all kinds, horse racing and motor car outside sports will now step off the stage for the football warrior. Coaches throughout the land are busy planning new plays to suit the new rules. The entire gridiron this year will be a check-board, and coaches and captains will have difficult times in getting off heavy mass plays without infringing upon the rules.

The quarterback appears to be an important man in advancing the ball, so-called, and he will have no more opportunity to be successful at this than before the changes were made, inasmuch as the task is much more difficult than it appears.

Here in Portland this year interest is keen in football than it has been in a number of years, and the burden of the game falls to Multnomah's lot. Not since the days of the old Portland Athletic club's famous games with Multnomah has the interest been so great as at the present time.

This season Multnomah has a big task ahead of her on the gridiron. Manager Watkins and Captain Dowling have laid plans for a big season. Important games have been arranged, and California will be invited again, this time for scalps. The championship of the Pacific coast is a big honor, and Multnomah is going after it. "Stanford and Berkeley must be beaten," says Captain Dowling, "and the only way to do it is to get together and beat them. There are enough good football men in the Multnomah club, providing they attend to practice, to clean up any football team on the Pacific slope.

Suits were given to the players yesterday, about 25 candidates for positions appearing. The first practice will be held tomorrow evening at 7:45 o'clock at the club, which will be the last of the season. The first game will be played on October 5 with the Astoria eleven, and a hard contest is expected. These Astorians never enter into any match half heartedly; they go in to win, and generally, whether they win or lose, the other fellows are quite certain that they have been playing. Astoria has a team of about 25 men, and though they haven't the Multnomah, they will select a team, yet they go in with a spirited rush that counts for much in football.

ALBANY TO HAVE A FAST ELEVEN

MOIST OF LAST YEAR'S TEAM WILL RETURN TO COLLEGE, AND COLLEGE LOOK FOR A CRACK AT ALBANY IN BRIGHT-QUARTER TO PLAY QUARTER.

(Special Dispatch to The Journal.)
Albany, Oct. 12.—Albany college is preparing for the best year's work in the history of the institution, and along with the improvements in the educational department, improvements in the athletic department are being made. Football, so dear to the hearts of the average college man, will be given special attention, and already preparations are under way to put the best team on the field that it is possible to get, and in view of last year's successes on the gridiron, the collegians anticipate a splendid season, for most of the men playing in last year's team will be here again, while still in the college, and a strong team will be the result.

John Griffith, who last year played at left tackle and made a reputation in that place, will captain the team this year, while filling the old position. Pupils will again play center, Stock guard, and crew left guard. Last year's ends, Francis and Underwood, two of the best football players ever in Albany college, and a couple of the greatest men and most successful players in the state, will fill their old position, assuring splendid work for the new team.

Costen, famous as a sprinter and hurdler, and who holds the record in the amateur field in the north-west than any other collegian, will play quarter. He was the half back and captain of last year's team, and is a tower of strength to the organization. Englehart is expected to be back here to play at full, and Morrison is billed for one of the halves, the other half to be developed from some of the new material coming in. Morrison is one of the most earnest and successful players in the organization and the team will present a strong front with such material in the lineup. He is in the football circles during the coming winter, and Acting Manager Charles Stewart has already booked a number of games for the season. Those colleges on the list thus far are: Corvallis Agricultural college, Portland Medical school, Willamette University of Salem, Chemawa Indian school and Multnomah Athletic club. Others are now being negotiated with and the season's schedule will soon be filled.

Last year the team, composed practically of the same men, made a splendid record, winning from Corvallis, defeating Chemawa 28 to 0; defeating Pacific university, 17 to 0; and having the Salem game called off. When the team started last season it was not as strong as expected, but the players by dint of hard work soon developed and before the end of the season were among the best in the state. Albany college has good material in its ranks and the team will be brought to a high state of efficiency before the season begins with good prospects of winning the college championship before the end of the year.

ANGELS TAKE LAST GAME FROM BROWNS

ERRORS BY ROACH AND GYRENS PROVE COSTLY AND GIVE THE CALIFORNIANS TWO RUNS—BOTH FITZGERALD TWIRLED A SPLENDID GAME.

(Journal Special Service.)
Los Angeles, Sept. 12.—Both Roach and Newton pitched good ball yesterday, each allowing six hits, but Portland's two errors were costly, and the Angels got the game. Losing yesterday's game puts Portland in the cellar again, though the Browns were fortunate enough to break even on the series with Captain Flood's men. Nadeau and Heck scored the two runs for Portland on Roach's error and Gyrens' error and error and error on the triple to the field. Los Angeles scored on a pass and Roach's error, two hits and Gyrens' error and two hits in the eighth inning. The contest was an exciting affair, the crowd being kept on the anxious seat throughout. The Portland team left here last night for home. Score:

WHEN GAME BIRDS MAY BE KILLED

Owing to the many inquiries made regarding information on the game laws of the state of Oregon, The Journal today publishes a synopsis of the laws regulating the hunting of water fowl and upland birds.

Water Fowl.—Ducks, Geese, Swan, Limit 100 in one week and not more than 50 in one day for one man.

The law prohibits the use of sink boxes, sink boats, sneak-boats, skiffs, batteries, swivel guns, fire, flashlights and blinds, but the provisions of the law differ for particular sections of the state.

Ducks, Geese, Swan.—(Except in the counties of Jackson, Klamath, Lake and Coos)—Season closed from March 1 to September 1 of each year. Hunting of wild geese is prohibited at all times on any island or sandbar on which wild geese habitually rest or roost. In or along the Columbia river east of the Cascade mountains.

In the counties of Jackson, Klamath and Lake, season closed from January 1 to September 15 of each year.

In Coos county, season closed from February 1 to August 1 of each year.

Water Rail and Upland Plover.—Closed from January 1 to August 1 of each year.

Upland Birds.—Limit—Ten birds in one day.

There are provisions against trapping, netting, ensnaring, robbing nests and placing of poisoned wheat, and against traps which apply to all sections of the state.

Sale of grouse, pheasants and quail is permitted during the last 15 days of the open season, subject, however, to the conditions placed on the sale of different sections of the state. A record must be kept of each sale.

English or gray partridge capercaille, moorhen, wild turkey, woodcock, silver pheasant, golden pheasant, copper pheasant, green Japanese pheasant and Reeves pheasant—Closed until October 1, 1906.

Prairie chicken, grouse, native pheasant or ruffed grouse, ring-necked or China quail, blue grouse, partridge, sagehen and sagecock (except as indicated below)—Closed from December 1 of each year to October 1 of the following year.

Wasco County—Prairie chickens and quail—Closed from October 15 of each year to August 1 of the following year, and at all times in the foothills which is covered with snow sufficient for tracking.

Tillamook County—Native pheasant (or ruffed grouse) and ring-necked or China quail—Closed from September 15, 1906; then closed between December 1 of each year and September 15 of the following year. Blue grouse—Closed from October 15 of each year to August 1 of the following year.

Counties of Josephine, Jackson, Coos, Curry and Clatsop—Ring-necked or China quail and pheasant—Closed until September 15, 1906; then closed between December 1 of each year and September 15 of the following year.

Douglas County—The law is not clear as to this county. See section 2029 of Bellinger and Cottrell's Code.

Wasco County—Pheasants (except native pheasant and ruffed grouse) and quail (except Bob White quail)—Closed at all times. Sagehen, sagecock, grouse, native pheasant and ruffed grouse—Closed from November 1 of each year to August 1 of the following year. Prairie chicken—Closed until August 15, 1906; then closed between November 1 of each year and August 15 of the following year.

Bob White quail (except in Klamath and Lake counties)—Closed until October 15, 1906; then closed between December 1 of each year and October 15 of the following year.

FOOTBALL WARRIORS IN THE LIMELIGHT

REASON FOR AT HAND AND THE REASONS OF THE SEEN AND FOR CORRECT AND MULTITUDINAR BRIGHT OUTLOOK.

The football season has appeared on the horizon and for the next three months the country will resound with the college and school yells of thousands of America's young men who love to play the most strenuous of all games where strength and science are essential requisites. Baseball, the spring and summer game, and track meets of all kinds, horse racing and motor car outside sports will now step off the stage for the football warrior. Coaches throughout the land are busy planning new plays to suit the new rules. The entire gridiron this year will be a check-board, and coaches and captains will have difficult times in getting off heavy mass plays without infringing upon the rules.

The quarterback appears to be an important man in advancing the ball, so-called, and he will have no more opportunity to be successful at this than before the changes were made, inasmuch as the task is much more difficult than it appears.

Here in Portland this year interest is keen in football than it has been in a number of years, and the burden of the game falls to Multnomah's lot. Not since the days of the old Portland Athletic club's famous games with Multnomah has the interest been so great as at the present time.

This season Multnomah has a big task ahead of her on the gridiron. Manager Watkins and Captain Dowling have laid plans for a big season. Important games have been arranged, and California will be invited again, this time for scalps. The championship of the Pacific coast is a big honor, and Multnomah is going after it. "Stanford and Berkeley must be beaten," says Captain Dowling, "and the only way to do it is to get together and beat them. There are enough good football men in the Multnomah club, providing they attend to practice, to clean up any football team on the Pacific slope.

Suits were given to the players yesterday, about 25 candidates for positions appearing. The first practice will be held tomorrow evening at 7:45 o'clock at the club, which will be the last of the season. The first game will be played on October 5 with the Astoria eleven, and a hard contest is expected. These Astorians never enter into any match half heartedly; they go in to win, and generally, whether they win or lose, the other fellows are quite certain that they have been playing. Astoria has a team of about 25 men, and though they haven't the Multnomah, they will select a team, yet they go in with a spirited rush that counts for much in football.

ALBANY TO HAVE A FAST ELEVEN

MOIST OF LAST YEAR'S TEAM WILL RETURN TO COLLEGE, AND COLLEGE LOOK FOR A CRACK AT ALBANY IN BRIGHT-QUARTER TO PLAY QUARTER.

(Special Dispatch to The Journal.)
Albany, Oct. 12.—Albany college is preparing for the best year's work in the history of the institution, and along with the improvements in the educational department, improvements in the athletic department are being made. Football, so dear to the hearts of the average college man, will be given special attention, and already preparations are under way to put the best team on the field that it is possible to get, and in view of last year's successes on the gridiron, the collegians anticipate a splendid season, for most of the men playing in last
