MR. WRIGHT'S DEATH CUTS TRIP SHORT

W. D. WHEELWRIGHT, OF PACIFIC EXPORT LUMBER COMPANY, IN LONDON A DAY WHEN HE HEARD THE NEWS AND STARTED HOME.

Learning of the death of William E. Brady when he had been in London but a day and a half, W. D. Wheelwright, president of the Pacific Export Lumber company, took the first steamer for home and arrived yesterday, after an unusually fast trip of 14 days across the Atlantic and the continent. Mr. Brady was general manager of the company, and Mr. Wheelwright concluded that his presence was needed at Portland to look after the interests of the concern.

The death was the means of postponing indefinitely the trip which the president of the lumber company contemplated taking to Manila and other parts of the Orient to inquire into the possibilities of building up a more extensive trade in that quarter of the world. He expected to go to Manila and spend several weeks. The company has filled a number of big government orders for the Philippines, and it is thought to be quite probable that many more heavy shipments will be made there from the Pacific coast within the next two or three years, as the government is still engaged in the task of making extensive improvements on the islands in the building line.

"There is nothing to say about my trip," said Mr. Wheelwright yesterday evening. "I was so unexpectedly interrupted that I did not have much time to learn anything of interest while gone. Immediately upon receipt of the news, which was cabled me, I secured passage for New York on the steamship Columbia of the Anchor line, sailing on September 3, after I had been in London not a day and a half. I was fortunate to get passage so quickly, as the berths on all the other steamers scheduled to sail were engaged in advance up to the middle of October.

"The reason for it is the large number of people who are coming to the St. Louis fair. Many of the American tourists are also returning at this season of the year, and consequently the passenger accommodations of the steamers are taxed to their full capacity."

Mr. Wheelwright says that he is undecided as to whether or not he will make his far eastern trip soon. Should he decide to do so he states that he will take a Pacific coast liner, and not include any European country in his itinerary.

ITALIANS UNDER MURDER CHARGE

FIVE MEN PRESENT AT HEARING KILLING AND WHO TRIED TO ACQUITT LEWIS ARE HEARD FIRST—REVOLVER STILL MISSING—HUNT DIFFERENT STORIES.

Charged with murder in the first degree, five Italians are locked within the city jail. Information was filed against them last night by Deputy District Attorney Adams, on complaint of Detective Lou Hartman. The prisoners are John Valentennetti, Tony De Luro, Louis La Porta, Tony De Toni and Joe Maguenello. That Gus J. Breuer, proprietor of the Poly View saloon, was killed as the result of a plot entered into by them is the theory of the police, robbery being the motive. Valentennetti, 26 years old, is believed by the police to be the man who fired the fatal shot.

Breuer, who was shot down while preparing to close his saloon last Thursday night, will be buried this afternoon at 3:30 o'clock in Lone Fir cemetery, the funeral services taking place at the Finley chapel. The Rev. Mr. Breck, rector of St. Matthews church, will officiate. The Masons, of which order the murdered man was a member, will have charge.

Strenuous efforts of attorneys to liberate the prisoners by means of habeas corpus proceedings in the circuit court yesterday failed, the prisoners were ordered held, but the lawyers succeeded in gaining an audience with their clients at the city jail, much to the chagrin of Chief of Police Hart.

However, the two most important prisoners, Calatenetti and De Luro, gave their statements under oath before the coroner's jury yesterday, and as already published in The Journal, told different stories.

Never in the history of the city was there such mighty effort made for the release of prisoners as in this case. As previously published, the chief refused to permit attorneys to see their clients at the city jail yesterday morning, and they sued out writs of habeas corpus immediately. Argument was set for Monday morning, but as this did not suit the attorneys, they secured another writ and had the matter settled late yesterday afternoon, winning an audience with the five prisoners.

At the city jail De Luro is locked in a cell by himself, while the other four are in one cell. They believe the Italians had planned a robbery of the saloon as they are said to have known that

It means a great saving

If you own a NEW RIVAL RANGE, you'll save money on the purchase price of a range, you'll save fuel, and you'll save worry.

The New Rival Range is the most modern on the market; a more reliable stove quite impossible to make. Its reliability conduces good humor. THE NEW RIVAL is constructed of planished steel and is free from danger of rust. Another feature is the coal-pocket on the side, which enables coal to be poured on the fire without removing the lids. As a cooker THE NEW RIVAL is peerless. \$27.50 and up. An inspection will tell you the NEW RIVAL is THE one you want. Henry Jennings & Sons 172-174 FIRST STREET PORTLAND, OREGON

FURTHER DELAY IN OPENING SCHOOLS

ATKINSON SCHOOL WILL NOT BE FINISHED FOR ANOTHER WEEK AND THE PAIN WILL KEEP THE PEOPLE OF THE LADD SCHOOLS AT HOME.

Repairs to the Clinton Kelly and Fortsumph school buildings are about completed and the buildings will be ready for occupancy tomorrow morning. The pupils of these two districts will assemble at 9 o'clock in the morning to be assigned to their classes.

Although Supervising Architect Thomas Jones promised to have the Atkinson school ready for occupancy by tomorrow, City Superintendent of Schools Rigler stated today that the building was in no condition to receive the pupils, and in all probability it would be another week before it was ready for occupancy.

It is also impossible to occupy the rooms of the Ladd school tomorrow. While the work in many of the rooms is completed, the paint is not dry and the teachers will not be allowed to move into the building until there is no danger of the pupils becoming ill from the odor of paint. In all probability the paint is not dry and the teachers will be in condition there. Meanwhile the classes will continue to occupy the portable rooms.

Another week's delay. Superintendent Rigler stated that he had hoped that a portion of the rooms would be ready for occupancy so that the portables could be turned over to the pupils of the Atkinson school, but under the present conditions this is impossible, and all the pupils of the Atkinson school, other than the seventh, eighth and ninth grades, will be without a school for another week.

In all the schools which opened Monday the work of the term is well under way. Additional pupils are entering every day. It is expected that tomorrow a large number will enter for the first time this year, as families who have been in the hop fields and at the coast are returning to the city for the winter.

Following is the number of children enrolled in each school to date: Chapman, 481; Couch, 664; Harrison, 752; Felling, 536; South Portland, 214; Fulton, 59; Fulton Park, 79; Ainsworth, 106; Marquam, 12; High school, 895; Woodlawn, 239; Peninsula, 81; Ockley, 169; Highland, 512; Trinitarian, 641; Albina Central, 171; Williams' avenue, 673; Holladay, 703; Fernwood, 15; North Central, 481; Central, 602; Brooklyn, 275; Sellwood, 284; Midway, 81; Sunnyside, 468; East Twenty-eighth, 92; Total, 5,335.

Teachers Are Organized. At the general assembly of the teachers in the high school building yesterday morning the organization of the teachers for the present term was effected. The teachers were divided into groups according to their grades. Meetings will be held monthly and discussions will be held on certain subjects. The subject for the teachers during the first term will be "Language."

Mrs. R. K. Sloan of the Ladd school will have charge of the teachers of the first and second grades. Principal Conover of the Chapman will conduct the meetings of the teachers of the third, fourth and fifth grades. Principal Burnham of the Couch school will preside over the meetings of the sixth and seventh grade teachers. Principal Grout of the Ladd school will have charge of the meetings of the teachers of the eighth and ninth grades.

The principals' meeting will be conducted by Superintendent Rigler and they will discuss the subject, "The Place of Industrial Work in Education." Mr. Rigler stated that he thought this a very opportune time for taking up this subject as manual training is to be introduced into the schools this term and the principals desire to gain all the information possible on this subject.

In all probability the night schools will not open until some time in November. These schools will begin later than usual this year for the reason that the presidential election takes place the first week of November and Superintendent Rigler says that it is not good policy to open the night schools before this event is over. For the reason that politics will interfere considerably with the attendance. The main night school may be transferred from the high school to the Atkinson school this year, where five or six teachers will be employed. Night schools will also be conducted in the Williams' avenue and the Central schools with two teachers in each.

FIVE MEMBERS ASK SECRETARY TO GO

BUY J. W. THOMPSON OF FEDERATED BUILDING SOCIETY WILL NOT STEP OUT, CONSEQUENTLY PROSPECT FOR FAIR BUILDING IS DIM.

Strife and dissension at present mark the meetings of the Federated Building association, the organization formed to secure funds to erect a fraternal temple at the Lewis and Clark fair. The board, consisting of five members, stands a unit in requesting the resignation of J. W. Thompson, secretary. Mr. Thompson refuses to resign and the two forces are standing firm and awaiting developments. Members of the board say that they can not conscientiously ask for donations while Mr. Thompson is secretary. Mr. Thompson says that he will not be forced out by any combination.

"At its last meeting four of the five members of the board voted requesting the resignation of Mr. Thompson," said Paul Pfender, a member of the board last night. "Mr. Morehead did not vote either way but introduced the resolution."

"While the position requires that the secretary be a man of influence, wealth and standing to inspire confidence, Mr. Thompson is persona non grata to even his own order, the Woodmen of the World, and not a cent will they contribute while he is in charge of the funds. It is either no Thompson or no building and the board prefers the building. Should he not resign the board will. At present my resignation and that of the president are pending for this cause alone."

Mr. Thompson states that he is responsible for securing the major portion of the donations received. The members of the board deny this and say that the work of President J. E. Werlein was directly the cause of securing

\$1,000 from the Masons, \$200 from the Degree of Honor, and a large contribution from the Workmen. Other subscriptions, it is said, have been returned because of the clash between the secretary and members of the board. At the present time no effort is being made to secure donations and will not be until the board is reorganized. Members of the board favor the selection of a prominent citizen and a fraternal man who shall hold the title of secretary and the employment of a capable assistant who shall be paid a good salary and attend to the details of the work. The members of the board are also unanimous in the statement that the present secretary will retain his place only until the next meeting of the body.

HUNGARIANS PLAY AT PORTLAND HOTEL

The Portland hotel opened its remodeled buffet parlor down stairs last evening at 9 o'clock with Amsterdam's Hungarian Court orchestra in attendance. While the splendid decorations excited much comment, it is unquestionable that the orchestra was the real attraction. Managers Bowers is fortunate in having secured this excellent musical organization to play at the hotel from 10 to 12 each evening, as well as during the dinner hours.

The cafe was beautifully decorated last evening with American Beauties and other flowers, and many women took occasion to visit the scene of splendor. It was largely on account of the female guests that Manager Bowers remodeled the two rooms, shutting off the barroom proper from the room of tables and chairs.

The sisters and members of Sacred Heart parish will open a church fair September 25 in the hall at 144 Sixth street. The fair is given under the management of Mr. Sherratt, Mr. McDonald and P. Warmuth. The proceeds will be used to swell the fund for the construction of a new school building.

William MacMaster and family returned from a six months' visit to their old home in Scotland Saturday morning.
