FEARFUL SLAUGHTER DESPITE GAME LAWS

FEEL HUNTERS IN SOUTHERN OREGON LEAVE MARKS OF THEIR WORK IN SKINNED CARCASSES OF DEER ALL OVER JOSEPHINE COUNTY.

According to J. Versteeg, who has just returned from a four months' outing in Josephine county, the "pelting" is carrying destruction to the deer of southern Oregon. Mr. Versteeg was in the mountains 20 miles west of Galloway and heard many reports of the slaughter that professional hunters and trappers who had lived in the region for decades said the deer were fewer than ever before, and miners, who depended on the game they could kill while on prospecting trips, said that skinned carcasses were all that they could find.

BUREAUS FAIL TO OBSERVE THE LAW

LICENSE COMMITTEE ORDERS TWO EMPLOYMENT AGENCIES TO STOP BUSINESS—SEVERAL LIQUOR LICENSES GRANTED—MILLS AND AUTOMOBILES.

By order of the license committee of the city council, J. A. Mortenson and D. E. Budd who conduct employment agencies will have their licenses revoked. This order was made yesterday on the ground that the agencies were failing to comply with the city ordinance regulating the employment agencies. They are accused of sending men into the country after jobs which were not being forthcoming and the men have had to return to the city. The employment agencies have failed to refund them their expenses, it is claimed, as is required in such cases.

HOP HARVEST IS ABOUT COMPLETED

YIELD IS NOT SO HEAVY BUT QUALITY PROVED EXCELLENT—WEEK WAS DRY AND SHORT WITH WARM DAYS AND COOL NIGHTS—DIGGING POTATOS.

The weather during the last week was dry and smoky, with warm days and generally cool nights; fogs occurred in the western section on several mornings, and in portions of the coast counties there was quite a deposit of moisture from the coast which was of slight benefit to gardens and pastures. Thrashing continues in scattered portions of the Columbia and the Grand Ronde valleys. Hop picking was rapidly pushed to completion, and only a few yards remain to be finished up. The yield continues below average, but the quality is very good. Early planted potatoes are being dug; the yield is very disappointing. Lettuce continues to do poorly on account of lack of rain. The third crop of alfalfa is about ready for harvesting, and some cutting has been done in portions of eastern Oregon.

LOCAL FIRM WILL MAKE WATER PIPE

CITY WATER BOARD TAKES \$25,000 CONTRACT AWARDED TO CHICAGO COMPANY AWAY FROM OTHER BIDDERS.

The \$25,000 contract for water pipe for the city mains will not go to a Chicago firm, as at first contemplated, but will be retained in this city. At the meeting of the city water board held yesterday afternoon the action taken at a former meeting, letting the contract to the United States Cast Iron Pipe & Foundry company, was rescinded and the contract let to the Oregon Iron & Steel company of this city. When the bids came in last week the Chicago firm agreed to furnish the required pipe for the sum of \$23,650, while the bid of the Oregon Iron & Steel company was \$25,775.50, just \$2,125.50 greater than the former bid. The members of the board were loath to award the contract to an outside foundry when there was such a small difference in the figures. Superintendent Feltoli of the local foundry appeared before the board at that meeting and made the statement that as the city had to pay 50 cents a foot for the inspection of the pipe in Chicago the real cost of the pipe would amount to a much larger sum than that named in the contract. On the other hand, he stated that his company would stand for the expense of testing the pipe in this city.

THOUSANDS WILL SETTLE HERE NOW

The colonist rates from eastern points to Oregon and Washington that went into effect September 15 will continue one month, and during this time it is expected that a large increase will be made to the permanent population of the Pacific Northwest. The immigrants are now arriving, and scattering into the various rural sections of the state.

LOCAL PIPE CHARGE

Dr. Joseph argued that the local pipe would be cheaper in the long run, for the reason that the city would have to incur expense in handling the pipe and in testing it, if taken from the Chicago firm, whereas this expense would be entirely eliminated if the contract is let to the local firm. Taking all things into consideration, he was of the opinion that the pipe from the Portland foundry would be the cheaper.

CELEBRATION IN ROME

Rome, Sept. 19.—The Italian independence day, the anniversary of the entry of the Italian troops into Rome on September 20, 1870, was celebrated today throughout the peninsula. The day was more generally observed in the capital than ever before, business being entirely suspended while the populace gave itself up to the enjoyment of the public fetes.

"JOURNAL JUNIOR" IS LATEST PAPER

The latest Journal Junior, issued from 425 Third street on a mimeograph, for 15 cents a month or 2 cents per copy, has made its appearance. It is edited by school boys, the staff consisting of C. Nicholson, editor; W. Coe, circulation manager; J. Jarvis, business manager, and F. Smith, subscription manager. The Journal Junior appeared yesterday, and excited the wonder of all beholders. While the boys have no printing press, no advertising and no subscription list to speak of at the present time, they issue a four-page paper that presages certain success in the contemporary field. It is worth anybody's while to read it, even though the young men keep track of only current events affecting juvenile history.

JUDGE'S WARRANT IS NOT EXECUTED

A week has passed since Municipal Judge Hogue caused the issuance of a bench warrant for Guy Kelly, who was released by Chief of Police Hunt when brought in by Special Policeman Lillis. Kelly was sentenced to serve a term of 90 days in the city jail on a charge of vagrancy to which he pleaded guilty. He "escaped" after the day's time, and several months later was rearrested by Lillis. When Lillis took him before Chief Hunt the latter refused to book him, saying that his term of service was over and that it would be illegal to hold him. Therefore Kelly was released by the chief and is now enjoying his liberty.
