The vessel is said to be in fair condi-tion according to all surveys that have been made of her, and can be repaired within a brief period of time, thus add-ing another powerful cruiser to the Japanese fleet. The attempt to de-stroy the vessel by explosion of her mag-naines failed and practically the only cause of her sinking was in the opening of her sea cocks.

"In the city of Portland" was inserted this morning in the information filed against Peter Grant and Nathan Solomon by District Attorney Manning for running a keno game. Attorney Spencer, who made the motion that the phrase be inserted, stated that the dis-trict attorney's office was willing that the words be put in. This was done, he stated, in order that a new phase may be put on the case. The attorneys for-Grant and Bolomon state that the char-ter provides that the city of Portland has full control over this case, and in order to make the information read so that the case can be taken up quickly they wished to have it plainly stated that the keno game was played "in the city of Portland."

Once again this store demonstrates its superiority in merchandising. Beginning today we plunge into a great trading event-Our Fall Opening Sale-for which we have been months preparing. An exposition and sale of the world's newest and best merchandise. Goods bought by our peerless corps of expert buyers-constantly in the leading markets ready with gold in hand to take instant advantage of every trade opportunity. 'Tis a monster sale-a convincing demonstration of this store's ability to undersell-to furnish dependable merchandise at substantial asvings of cash. th and best

Reasons Why We Can Undersell Other Stores This is a cash store in the broadest sense. So far as we know, the only absolutely cash store in Portland. We have no ac-counts—no bookkeeping expense. No losses. Here you don't have to pay your neighbors' bills. Figure this out. Think! Ten per cent for losses on bad accounts; five per cent for office help; eight per cant for money and ten per cent higher prices paid for merchandise than ready cash will buy same goods for. Thus it costs our competitors, the credit stores, 33 per cent more to do business than it costs us. Who pays it? The consumer. If you trade with us you save that 38 per cent.

Latest Styles Tailored Suits Less Phenomenal selling has characterised this department since the new suits began to arrive in August. Really there are few suits here now that came then. As they were sold dozens of others came trooping along to take their places on the racks, those in each shipment—"The prettiest we've had"—according to the verdict of salespeople. Our buyers are keeping busy in eastern markets—watching the new styles as they are evolved and noting the favor or disfavor with which they are received by the cities" purchasing public. Only those that "take" are submitted to us. Manufacturers spring many new styles during a season that are not well received. These we do not get. Only those finding favor are considered by our buyers.

# \$37.50 Suits Reduced to \$24.45 \$28 Suits Reduced to \$18.50

These reductions are for our fall opening sale-beginning tomorrow morning. The newest garments received are in-cluded. Every suit on the racks has a special price ticket cluded. Every suit on the racks has a special price ticket attached—and every one is very much below real worth. Twenty-seven and thirty-two-inch closely fitting jackets, some with belted backs; three-quarter length and Tourist coats, with lots of cloth, loosely fitting, belted back. All skirts cut very full—nearly all plaited—fan flare at bottom. Mannish mixtures are in the lead and have strong preference. Browns, grays, greens, blues and black.

# **Opening Sale of Furs**

Great Purchase at 56c on the Dollar Hundreds of Fur Scaris. In the aggregate, hundreds of dol-lars saved to the women of Portland. A big commotion in the great fur market of Detroit, Mich., caused our Chicago office great fur market of Detroit, Mich., caused our Chicago office to send a representative over there on "double quick"—with orders, and gold. Result: One of the best transactions ever made by the organization—for we now own furs at 58c on the dollars! They are priced that way to you, too, Beautiful Scarfs, that would sell in the ordinary way for \$50 to \$60— are priced here—now—at \$22.45. They are in numerous shades of brown—light and dark—also black. Long, hand-some fur—fluffy and warm. Scarfs—well worth \$25—are here at \$13.75. \$15 Furs at \$9.50. Black Coney Scarfs at \$1.98 and \$4.75.

# Ladies' New Fall Neckwear

More of the Standard Neckwear company's samples-bought at 721/2c on the dollar. Pretty, bright, gorgeous-yet neat and tasteful designs-all new and only one of a kind. Added to the samples are other lines from New York, Boston and Philadelphia. Handsome jet, gold and silver spangle work on finest net-made into stocks of elaborate design. Silk and linen stocks and turnovers-beautifully embroidered in delicate colors wash silks.

Prices? Start at 19¢, 29¢, 48¢, and on upward to \$1.98.

### WOOLEN DRESS GOODS IN A Magnificent Showing of New Weaves and Patterns A SPLENDID CHANCE TO SAVE MONEY

A SPLENDID CHANCE TO SAVE MONEY For fully a month we have been almost daily receiving new goods for this depart-ment. The season's newest products—bought in by our thoroughly competent corps of buyers—are now all here. As the new things arrived they were marked—dis-played—admired by all who saw them—and many dresses and suits have already been sold from this matchless gathering; proving two points—that the goods themselves are worthy, pleasing; also, that the goods are fairly priced. Now then—Beginning tomorrow morning not a single piece of dress goods will be sold at price marked! Why? If marked so reasonable in price why do we make the prices still less? Just to give us the biggest, grandest dress goods selling we've ever had! To swell the department sales to proportions they have never reached before! The specials following are only a few meager details. Every piece of dress goods in the department is heavily reduced for this unparalleled sale covering four-teen days. teen days.

**WEINHARD EXECUTORS** WILL CARRY ON SUIT

Boys with 22-caliber rifles are be-coming quite numerous in the city, en-dangering both life and property. At the meeting of the health and police committee this morning Dr. Whiting stated that he had seen several boys shooting within the city limits, and they did not seem to have the least fear of being arrested. He remarked that no effort was being made to en-force the ordinance against the use of firearms. A stipulation was filed in the circuit out today providing that the executors of the will of the late Henry Weinhard shall carry on the legal action begun by head option law. The agreement is be-tween John Manning and E. C. Bron-auda, attorneys for the county, and Judge Webster, and Dolph. Mallory, Simon & Gearin, and Pipes & Tiftt, for the plantiffs.
