BROWNS STILL ON THE SLIDE—BOXING NEWS—FOOTBALL

Edited by J. A. MORAN

"DUGS" CONTINUE ON TOBOGGAN

NO SIGN OF IMPROVEMENT IN LOCAL TEAM AND TACOMA, ALEXANDER OUTRATED, EARLY DEFEAT TIME FOR FIELD STRAIGHT THEM.

(Special Dispatch to the Journal.) Tacoma, Wash., Oct. 14.—Michael Angelo Fischer's Tacoma champions again demonstrated their superiority over Dugdale's cellar aggregation, when, although outbatted by the visitors, they trimmed the visitors by the score of 6 to 0. The Browns do not play the game with any show of life whatever, and no matter how many men safely acquired the cushions, they were able to advance any farther than third base after the first inning, when three hits allowed Drennon to cross the rubber with Portland's only score. Jake Thielman pitched an excellent game, but whenever a Tiger got a hit or threw a pass some one would fumble or throw wild and the ball would ring.

The Tacoma infield has the Portland inner works outclassed, and pulls off double plays on seemingly impossible chances, where the visitors fall on cinches.

In the first inning singles by Drennon and McCredie, Nadeau's sacrifice and a hit by Holland gave Portland one run.

Sheehan doubled in Tacoma's half, stole third and scored on Kellackey's wild throw.

Marshall's error in the third, a base on balls and a triple by Truck Egan gave Tacoma two more.

Thielman hit Graham, the first man up in the fifth. Hogan sacrificed, and Keefe's out put the Tacoma on third, from whence he scored on Doyle's safe hit.

A hit which was followed by two errors by Hunkle gave Tacoma its last run in the seventh.

The Tigers bid fair to take the entire series from Portland, and should Fitzgerald be able to beat Starkella, the Tacoma boys, in today's game the local fans regard the rest of the series clinched. The score:

CHEMAWA AND U. OF O. GET DATES MIXED

(Special Dispatch to the Journal.) Chemawa, Oct. 14.—The Chemawa eleven will in all probability stay at home Saturday on account of a misunderstanding over dates which has arisen. It was supposed that the team was to meet the eleven of the State university at Eugene on Saturday but word was received at the school yesterday that the team from Willamette university would play on that date with Eugene.

Coomsick and Foster at the end positions are both speedy men and reliable tacklers. Captain Payne at right half is a reliable man and a good field general.

The first regular game will be played between the Albany college team October 22 at Albany.

HANDICAP BOWLING ON SPOKANE ALLEYS

(Special Dispatch to the Journal.) Spokane, Wash., Oct. 14.—The Has Beens broke the alley record at the Spokane Amateur Athletic club night before last for total number of pins made for any three consecutive games. The five men on the team bowled 244 pins in a match game with the Will Bees, passing a previous record of 242 pins, held by Plati's champions.

Manager Owey Easton has decided to start a handicap bowling tournament at the Coeur d'Alene Bowling Alley, the race to start next month. Prizes will be given the winners.

CHEMAWA PLAYERS ON SHERMAN TEAM

(Special Dispatch to the Journal.) Chemawa, Or., Oct. 14.—On the Sherman Institute football team which defeated Stanford university last Saturday are four Indian boys who in former years have been members of the Chemawa team.

The four men are Boles, Saunders, Neafus and Payne. Saunders is a member of the Multnomah club. His position on the Sherman Institute team is center. Willie in Oregon "Rube" played fullback, his burbling bringing him no little praise. Neafus at quarter, Payne at left half and Boles at right end are all fast.

BASE GAMES FOR SUNDAY

Providing that Old Jupiter Plevius does not interfere, there will be ball games at the league grounds between two times of players now in the city. One of the teams which is scheduled to play is practically the same club that William Hahn offered to wager \$1,000 would defeat Dugdale's team.

The teams are composed of the following players: Oregon, Position. Portlands, Position. Oregon, Position. Portlands, Position. Oregon, Position. Portlands, Position.

TRACY IS TRAINING HARD

Tommy Tracey is rapidly getting himself into condition for the coming bout with McKeever. Tommy is at the ball park every afternoon and with his trainers he goes through various gymnastic stunts. Part of Tracey's daily program is ball playing and Tommy says that he is becoming so proficient at catching flies and fielding hot grounds that he is thinking seriously of trying his hand at professional baseball.

ATHLETIC ACTIVITY AT IDAHO NORMAL

(Special Dispatch to the Journal.) Lewiston, Ida., Oct. 14.—In athletics basketball bids fair to surpass all other sports among the pupils of the state normal school here this year.

The football team is not turning out as well as expected, and while there are some good tennis players there is not a bright prospect there to reap big honors, but the girls' basketball team is being regarded as the peer of any team in the northwest.

There are now two evenly matched teams, one headed by Miss Ina Auld and the other by Miss Ethel Kelly. The game yesterday afternoon resulted in a victory of 8 to 7 for Miss Auld's team.

The fair players have much ginger, and a little more practice at throwing baskets will make them challengers for high honors.

The football team is made up of nearly all new material. The average weight is 145 pounds. George Stevens is manager and Dudley Davis is captain.

The lineup is: Right end, Owen; left end, Stephen; right guard, Spencer; center, John Davis; left guard, Thompson; left tackle, Hamill; left end, Fluharty; right half, Gregory; left end, Russell, full, Dudley Davis. Games made arrangements to take place in the schools of Colfax, Clarkston and Lewiston.

McCarthy is also working out hard. Besides a long cross country run he went 18 rounds with his trainers the other day.

Another battery of five stamps has been put into commission at the Alpine mine in Cable Cove, Grant county. Ore is being stopped for the mill from the Alarm drift, which has been driven on the vein several hundred feet. The management is confident that the mill and mill, and says that the saving on the plates in early work has been better than expected.

PROSPECTING BY VALLEY

Drill prospecting has been taken up by the Cartwrights, owning the big Rye Valley placers, in Malheur county. The extent of this exploratory work is not indicated, but the management of the property desires to prove certain ground beyond the scope of past work, and has put a drill into commission.

NEWS OF THE MINES

HEAVYWEIGHTS FOR SOUTHERN OREGON

DE LAMAR MEN SAID TO BE READING WALDO AND BLUE LEDGE DISTRICTS—THEIR BULLY HILL HOLDINGS ARE EXTENSIVELY DEVELOPED.

That the Waldo and Blue Ledge copper districts of southern Oregon and northern California are commanding the attention of heavy capitalists is manifest from the standing of expert making examinations. H. A. Cohen, manager of the De Lamar properties at Mercury, Utah, and H. E. Hanley, a De Lamar expert, have been in the Waldo district, and a call has been made for bids to be extending their examinations further south. De Lamar owns the Bully Hill copper properties in Shasta county, which is regarded as part of the same general copper belt that ends Oregon.

After Patsy Clark declined to buy the Blue Ledge, the management of the Mountain Copper company, at Keswick, after shipping matte, there seems to take the property. Others of the most noted copper representatives have been in that section, and their interest is manifested by repeated visits.

What significance the visit of Cohen and Hanley at this time is not suggested by anything said to the world, but the extensive holdings of De Lamar in northern California, so near the superior base, give rise to the opinion that they believe their rich belt continues well to the north. With the Blue Ledge settling down to good, steady development, and the Takilma smelter shipping matte, there seems a prospect of a revival of interest in southern Oregon copper that will bring about results never dreamed of in the past half century of inactivity.

SANTA FE CO.'S WORK ENCOURAGES OREGON

The fact that the Santa Fe is active in construction of a railway line from Eureka, Humboldt county, Cal., toward San Francisco, through the mountains already having been laid, causes residents of the extreme southwestern part of Oregon to believe that this work has a bearing on their prospects for copper in addition to the outside world. Eureka is the northern terminus of the line being constructed by the Santa Fe, but a very narrow divide separates this basin from the Klamath. The Klamath river, owners of the Mountain Lion property, near Grants Pass, has been closed. Dr. Poindexter resides in the east, and has just completed an inspection of the property, while Colonel Crawford has gone to San Francisco on some mission connected with the affair. They renovated a five-stamp mill and were doing some work with it when the trouble arose.

MOUNTAIN MEN CLOSED

Owing to disagreement between Dr. E. W. Poindexter and Col. J. S. Crawford, owners of the Mountain Lion property, near Grants Pass, has been closed. Dr. Poindexter resides in the east, and has just completed an inspection of the property, while Colonel Crawford has gone to San Francisco on some mission connected with the affair. They renovated a five-stamp mill and were doing some work with it when the trouble arose.

GOVERNOR MICKEY LAUDS PORTLAND

(Special Dispatch to the Journal.) Lincoln, Neb., Oct. 14.—Governor Mickey of Nebraska is profuse in his praises of Portland. He returned yesterday from the Pacific northwest with his party.

"It was the most pleasant trip I ever made" said the governor after his arrival from the coast, "and it was an eye-opener, too. We who live in the middle west are of the opinion that we know it all. But the cities of the Pacific coast can teach us some things. One of these things that we might learn is a more hospitable policy toward new business enterprises and strangers within our gates."
