If You Would Know What Smartly Gloved Women Wear, "See Us About It!" (With Apologies to Ben Boling.) All sorts of gloves, and yet but one sort—the right sort. The fit-well and wear-long gloves. Kids, suedes and fabrics. Gloves made by French makers, with all the skill sewed in that Frenchman knows how to use so well—all the Parisian "quips and quirks," but gloves fashioned to fit the hands of American women. "What's the difference in hands—American and French?" you ask. Just as much difference as there is in the French shrug of the shoulder and the plain American "straight-from-the-shoulder." The French woman's hand is long and slender, while those of our American women are shapelier, fuller and stumper. One reason why we go to the best French maker and require him to make up gloves for our clientele to fit their hands. But we have the French gloves for those who wish 'em. A word of the favorite—sold in Portland only at the O. W. & K. "BTTLE STORE." No other glove has yet been manufactured that will as correctly fit the aristocratic American hand as the MONARCH. This out is the culmination of years of study and much money spent in experiments. The result is a perfect fitting glove. Perfection in fit could only be obtained by using the most expensive real kid skins; skins that have the utmost pliability and a surface as smooth and delicate as satin. Such skins are expensive, from the fact that the great glove makers of the world anxiously seek them and bid high for them when found. Just now, in the great factory where the MONARCH is made, there are more of such skins being made into gloves or that are in the process of dressing, than in any three factories in the world. We are sole agents in Portland for the MONARCH GLOVES and sell them at \$2.00 the pair. In spite of the price, they cannot be considered an expensive glove, for you buy more than a mere covering for the hand. You buy also style, fit, durability, satisfaction. We have several thousands of "Monarch" SATCHETS, which we have just received from Europe, to advertise the MONARCH GLOVES. These satchets contain exquisite and lasting perfumes of different odors. Tomorrow and until given away, these satchets are free to all who accept our invitation to call and get one. THE "DERBY" GLOVE—We've told you about the "MONARCH" GLOVE, the very finest real kid sewn glove made. Well, the "Derby" Glove is made by the same great glover, the WORLD-RENOUNDED CORN, and it is cut with exactly the same bias or cutters that are used to cut the MONARCH gloves. It is sewed by the same skilled pique sewers and passes under the accurate eyes of the same expert examiners. The only difference between the two gloves is that the DERBY is made of finest German lambskin—a trifle heavier in weight than the MONARCH kid. The "Derby" will fit to perfection and its wearing qualities are unsurpassed. The DERBY is a glove that answers as well for a service glove as for dress purposes. Price \$1.50 THE PAIR.

THE EYES OF EVERY CORSET-MAKER IN THE WORLD ARE EVER TURNED FOR INSPIRATION TO THE NEWER CREATIONS IN Royal Worcester Corsets RECOMMENDED BY ALL LEADING DRESSMAKERS. It is an uncontroverted, undoubted fact, known to all the apparel world, ROYAL WORCESTER CORSETS ARE CREATIONS, NOT COPIES. Year in and year out the seasons come, wear out and their way into the realms of the past, but new models come oftener than the seasons. Some stay—always favorites—"staples" we call them; and others pass along with the vogue in gowns to make room for a newer model. Always, however, the new styles in ROYAL WORCESTER CORSETS Are certain to possess and reflect the utmost possible development in the art of corset-making. The models for the autumn and winter of 1924-5 are especially distinguished for harmony of outline—a harmony that is permanently built into the corset. Thoroughness is the word, and the fact in all Royal Worcester productions. From selection of materials to the last touch of the finisher, every stitch, every stroke, counts for grace, for comfort, for style and for durability. An immense mount American corsets came in on Monday. Our expert corsetiers will be pleased to demonstrate their superiority over other makes in all that pertains to fit, style and wear. Be sure that you pay the Corset Salons a call while in the store. Such stores as herald the arrival of an expert corsetiere on a once-a-year trip around the country, and regard it as a great event in their corset business, can hardly be expected to move the transiently come—just for an instant—in the limelight of dressy women's favor. This store employs CONSTANTLY these EXPERT corsetiers, who are ALWAYS here to demonstrate the innumerable advantages possessed by ROYAL WORCESTER CORSETS. Over all other makes. These experienced corset-fitters are the peers of any in the city, whether resident or visiting. Here the year round with a RELIABLE store, and over 150 styles of corsets back of their expert skill. Easily priced for every grade of income—\$2.00 to \$12. And the wearer of the \$2.00 corset receives the same care and attention in fitting as the woman who pays \$12. Over 12 in-between grades.

Unprecedented Selling of Fine New Laces The beautiful laces in this exceptional offering involve savings of a half or more—just when most wanted. An unlocked-for but well-come opportunity. The event transpires this way: The importer was rather "long" on laces. He had been over-enthusiastic about them and bought more than he could possibly sell in a regular way; so he listened attentively to our New York buyer's proposition, smiled at the ridiculously small price he offered for the lot, then accepted his terms. You'll see, when you come in, what splendid laces he sold us so cheap, and how low we are going to turn them over to the new owners who are waiting. Sale started this morning—lasts as long as the laces are here. A very probable short visit. Still, there's a lot of laces in this peerless offering. Laces and Fancy Trimmings All the newest patterns, latest styles. Venice Bands and Galleons, whites and ecru. Some galleons are very wide and fine, in the swiftest, prettiest patterns imaginable. Fine, pretty Persian Bands embroidered on black silks in colors or some on white. Elegant net tops, with Venice edge, and handsome Wool Laces in colors.
