

### BOX CONTAINED HUMAN SKELETON

RESEARCHERS DISCOVERED SKELETON REMAINS THAT MAY LEAD TO UNRAVELLING OF MYSTERY'S DISAPPEARANCE OF MAN FROM BALTIMORE.

(Special Dispatch to The Journal.)  
Baltimore, Oct. 21.—Chief Glover, with Roby and Opal Hinkley, searching for mushrooms yesterday on Minto's island, made a discovery that may lead to the unravelling of a mystery. They discovered a hole in the ground and on opening it up discovered a box, which they took to be a coffin. They notified Coroner A. M. Clough, who visited the scene, examined the box and found it to contain the bones of a man. In the box were also a sponge and a bottle, the latter having the name "Hinkley" blown in the bottle. The bottle was a five-ounce druggist's phial. Coroner Clough decided that as he did not know anything about the body nor how it came to be there, there was no use of a further investigation, and hence he had the body reburied in its former resting place.

It was stated that the skull and rest of the bones were in a good state of preservation. The bones of the arms and lower limbs are heavy and long, and some think that they may be the bones of John Robinson. He disappeared while the Steiner Drug Company was in business in this city. He vanished from his room in the old courthouse one night and was never heard from again. A piece of beef that he had bought for his Sunday dinner was found on his table when his room was finally broken open, as proof that he did not intend to leave of his own volition. It was said at the time that he had been murdered, but all proofs were lacking.

**WILEY QUARTERS REPORT.**  
Superintendent E. W. James of the penitentiary filed his report with the secretary of state yesterday, covering the quarter ending September 30.

There were 233 convicts confined in the institution at the close of the quarter, a decrease since the June quarter. Thirty-five were received during the quarter, 38 were discharged and one was sent to the insane asylum.

The state received \$422 for the board of United States prisoners during the quarter, an amount \$531 for the June quarter. The convict labor engaged in the Northwest stove foundry brought \$4,128. From the public funds for road work \$54 days' work was received.

The expenditures during the month were, for general expenses, \$6,565.54; for machinery and farming implements, \$12,338; expended for the public roads, \$335; salary of warden, \$150; from the betterment fund, \$2,721.

Whitfield L. May was brought to the insane asylum yesterday from Jackson county by Henry Miller and Albert Parker. May is a native of Pennsylvania and is a physician. His insanity was caused by chronic alcoholism and morphine eating.

### FOREST GROVE TO HAVE NEW PASTOR

(Special Dispatch to The Journal.)  
Forest Grove, Or., Oct. 21.—A meeting of the members of the Congregational church of this place, was called last evening to consider the recommendation of the committee on a new pastor. The church decided to call Rev. M. W. Boyd of Ashby, Mass.

The congregation is building a new church, which will cost about \$10,000.

Is it a burn? Use Dr. Thomas' Electric Oil. A cut? Use Dr. Thomas' Electric Oil. At your druggist.

### FRANCHISE IS A LIVING QUESTION

ORDINANCE GIVES THREE YEARS' TRIAL OVER THE GRANTING OF SOUTHERN PACIFIC FRANCHISE—MAY BECOME A PERPETUAL ISSUE IN CITY HISTORY.

(Special Dispatch to The Journal.)  
Oregon City, Oct. 21.—The matter of granting a franchise to the Southern Pacific Railroad company will come up again at the council meeting next Tuesday evening in the shape of a new ordinance which has been introduced by Councilman Koerner, and will come up for final passage at the next meeting of the council. This ordinance modifies the old one considerably, but still provides for a perpetual franchise, which seems to be the main point of contention of the citizens. Those favoring it are Kelly, Chapman, Koerner, Straught, Storey and Mason; those opposed, Knapp, Justin and Sheehan.

The citizens' committee prepared papers for an injunction to prevent the granting of a perpetual franchise. However, if the citizens' committee secures the injunction the matter will go over till after the December city election, which will make the contest for mayor very interesting, as well as the election of councilmen in the wards now favorable to the passage of this ordinance.

### SAY SCALPERS COST RAILWAYS \$10,000,000

(Journal Special Service.)  
Port Monroe, Va., Oct. 21.—The aggregate annual losses of the railways of the United States through the operation of ticket scalpers is estimated at \$10,000,000 by the railway protective bureau. The estimate of loss developed in a discussion of the subject at the convention of the general passenger agents, which adjourned today, and it is this enormous stake which the railroad scalpers are constantly battling for.

In Chicago alone, in 1933, the scalpers took from the railroads a revenue amounting to more than \$1,000,000. It also developed that the efforts of the protective bureau and a great detective agency to check ticket scalping are futile and that this brokerage is ever on the increase. One man, Ottiger, has offices all over the country and has become a millionaire.

### CHIEF SEQUI UNDER ARREST IN CANADA

(Special Dispatch to The Journal.)  
Vancouver, B. C., Oct. 21.—Provincial Constable Woodcock yesterday arrested Chief Sequi of the Port Rupert Indians for interfering with justice in endeavoring to prevent the news of the recent murder of an Indian woman from being given to the authorities.

The woman was murdered last September and when the authorities investigated, it is alleged that Sequi bribed the Indian policemen and others to keep quiet. The case will be tried next week. It is the first of the kind to occur in the province, and is a serious offense.

### GARRISON GOES WRONG

(Journal Special Service.)  
Tulahoma, Tex., Oct. 21.—Allen Parker, editor of the First National Bank, is missing. He is alleged to be short between \$50,000 and \$75,000. The bank examiner has taken charge. Officers of the bank will make good the shortage.

### GRADUATES WILL ARRIVE MONDAY MORNING—PUPILS BEING TRANSFERRED TO MANUAL TRAINING CENTERS—WINDFALLS NEXT TO FORM GRADUATES

A small army of workmen is putting the Atkinson school building into condition for the reception of the pupils next Monday morning. The pupils who have been attending classes held in the portable rooms at the Ladd school were dismissed at noon today and the furniture and other apparatus is being moved to the Atkinson school.

The heating and ventilating plant has been completed and nearly all the woodwork in the building is finished. Four rooms will not be ready for occupancy before the latter part of next week, but all the other portion of the building will be made comfortable. All the pupils of the Atkinson school, with the exception of the two higher classes reciting in the portables at the Couch school, will meet in their own building Monday morning.

### IMMENSE SEWER FOR IRVINGTON DISTRICT

Bids for the Irvington district sewer are being considered this afternoon by the city executive board. The city, it will be slightly over two miles long and a large portion of it will run between 88 and 40 feet beneath the surface, and will be laid through a tunnel. The engineer's estimate of the cost of the sewer is \$2,850,000.

There is much competition among sewer contractors over this work. Although a large undertaking, the ground through which the sewer is to run is easily worked. It is expected that the contract will be awarded at a very low figure.

Residents of the east side who are interested in the temporary improvement of the Union avenue bridge across Sullivan's gulch are also represented at the meeting. They despair of securing a new bridge this season either on Grand or Union avenues and have asked the executive board to expend the sum of \$1,000 to temporarily repair Union avenue bridge.

There is every indication that the executive board will grant this relief to the east side residents.

### SAN JUAN MONUMENT FORMALLY UNVEILED

(Special Dispatch to The Journal.)  
Vancouver, B. C., Oct. 21.—The unveiling of the monument erected on San Juan Island, in commemoration of the signing of the treaty settling the dispute over the ownership of the island by Great Britain and the United States took place this forenoon with appropriate ceremonies. The chief speaker was Prof. Edward S. Meany of the state university, who has fathered the plan and carried it through to a successful termination. Steamers took excursionists from Seattle, Victoria and this city to the scene.

### NEGRO SHOTS AT ROSEBURG POLICEMAN

(Special Dispatch to The Journal.)  
Roseburg, Or., Oct. 21.—Policeman Dent last night saw a negro sneaking into an alley and called to him to halt. The alley was in darkness. As Dent approached the negro suddenly fired a pistol in his face.

The range was so short that Dent's face was blackened by the powder, but otherwise he was unharmed. The negro ran down the alley. Dent fired six shots at him, but he escaped apparently unharmed.

### NEW AND WONDERFUL SYSTEM OF LIGHTING

A new and wonderful system of lighting stores, dwellings, halls, factories, and streets is advertised and illustrated on another page. The system is worth more than a passive thought or casual reading, inasmuch as it is coming into use so generally that its field comprises the entire globe. In one Willamette valley city, said to possess the best electrical lighting plant in the state, the hollow wire lighting system, generating heat from gasolene, is being installed in the best business houses, first, because its lights are amazingly superior to those of electricity, and second, because the cost of operation is not half that of electricity. The diagram on another page gives an excellent idea of the plant as it appears when completed, the large inclosed lamp being for out-door use, the smaller one for indoor lighting, and the stove for cooking purposes. The tank may stand at any place desired, the burning lighted outside—in the back yard or shed, and as the lamps are fed by a small hollow wire all possibility of danger is entirely eliminated. In fact insurance companies prefer this system to any other known solely because of its absolute security. In this plant all the profits that go to lighting companies are saved to consumers, hence this and the magnificence of the light accounts for its extreme popularity wherever introduced. The E. W. Manning Lighting & Supply company, 43 Third street, is the sole owner of this improved system on this coast, and its business has extended to all sections of this region.

### TEACHERS' MEETING AT HILLSBORO ENDS

(Special Dispatch to The Journal.)  
Hillsboro, Or., Oct. 21.—The Washington County Teachers' institute assembled here this afternoon for the last day's session of this year's meeting. Both the forenoon and afternoon sessions were devoted to select addresses, by different speakers.

(Special Dispatch to The Journal.)  
Lawson, Idaho, Oct. 21.—The original dancing circle, who are giving a native dance at the fair have been prohibited from showing by the local officers.

Quality considered, this is the lowest price store in Portland. Airgun, Football, Boxing Gloves, Catcher's Mit or Mask GIVEN AWAY with Suit or Overcoat.

## Samuel Rosenblatt & Co.

CORNER THIRD AND MORRISON STS.

### SHIPPED EIGHTEEN CARS OF CASCARA

(Special Dispatch to The Journal.)  
Corvallis, Or., Oct. 21.—There has been considerable activity in the cascara market in this locality during the present season, although the boom is now past and all that is peeled has been disposed of excepting in a few instances where the peelers have held for higher prices and have been mistaken in their estimate of the probable price to come, the latter having fallen.

Marshall Miller has shipped 18 cars loads of bark so far, the shipments going to all parts of the United States. Four Cascara lots are still on hand, and as soon as Miller can secure cars for the purpose, the remainder of the season's supply, that is in the Corvallis market will be sent out. The price has stood at 4 1/2 cents for some time, with only small lots coming into the market.

### WILL FIGHT FOR COUNTRY.

(Special Dispatch to The Journal.)  
La Grande, Or., Oct. 21.—The Japanese population of La Grande and vicinity turned out en masse last evening to do honor to a Japanese who was going to Japan to fight for his country. K. Masunishi, a Japanese contractor, gave a banquet to the Japanese in his honor and their band was out and cheered him off at the depot. He was one among the crowd of Japanese best pullers who were imported from the west to pull the fall crop of beets for the Amalgamated Sugar company. He fought in the Chinese war and won medals.

### HELD TO MOSCOW.

(Special Dispatch to The Journal.)  
Moscow, Idaho, Oct. 21.—Father Hendrick, a member of the missionary union of New York City, has been appointed Bishop Glorieux pastor of the Catholic church of Moscow. For the past seven years Father Hendrick has been lecturing throughout the western cities, on scientific, social and religious topics. He is said to be possessed of a brilliant intellect and a pleasing personality.

### AWARDED FIRST PRIZE.

(Special Dispatch to The Journal.)  
Sprague, Wash., Oct. 21.—Word has been received here by Peter McGough that he has been awarded first prize on wheat at the world's fair at St. Louis. The sample selected for exhibition weighed 54 1/2 pounds to the bushel and was taken at random from a number of sacks, just as they came from the thrasher. The wheat is spring sown wheat.

### WITNESSED FOOTBALL GAME.

(Special Dispatch to The Journal.)  
Pullman, Wash., Oct. 21.—The biggest crowd of the season is here to witness the first intercollegiate football game between Washington Agricultural college and the University of Idaho this afternoon.

### TAKEN TO REFORM SCHOOL.

(Special Dispatch to The Journal.)  
Pullman, Wash., Oct. 21.—Roy Martin, the 15-year-old runaway, was today taken to the reform school. His brother Harry was allowed to go home.

### SAN DOMINGO BUYS 20,000 RIFLES

(Journal Special Service.)  
Washington, Oct. 21.—Minister Dawson at San Domingo, cables the state department that the Dominican government has purchased about 20,000 rifles and a large supply of ammunition in order to be prepared for any possible revolutionary movement.

### DIES AT AGE OF 85.

(Special Dispatch to The Journal.)  
Pomeroy, Wash., Oct. 21.—Leroy Johnson, a pioneer and the oldest soldier in Garfield county, aged 85, was found dead in his room yesterday. He was a member of company G, Eleventh Ohio infantry. The funeral tomorrow will be conducted by the G. A. R.

### Catarrh of the Stomach

A Pleasant, Simple, but Safe and Effective Cure for It.  
Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloated sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing, headaches, fickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harrison, the safest and best treatment is to use after each meal a tablet, composed of Distas, Aseptic Pepsin, a Little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and regular digestion will follow their regular use after meals.

Mr. R. S. Workman, Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, this producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

### TEACHERS OF INLAND EMPIRE IN SESSION

(Special Dispatch to The Journal.)  
Pendleton, Or., Oct. 21.—At 9 o'clock this morning the third day's session of the Inland Empire Teachers' association was opened in this city. After listening to a musical selection, the assembly was called to order and State Superintendent J. H. Ackerman delivered an address, his subject being, "The Next Forward Step in Elementary Education." J. A. Foley, city superintendent of Spokane schools, then made a short talk, and was followed by J. E. Williams, city superintendent of Boise, Idaho, schools, who chose for his subject, "Feasible Graduations." J. S. Landers of The Dalles schools made the last address of the forenoon session.

### SIX SOLDIERS HELD FOR MONTEREY RIOT

(Special Dispatch to The Journal.)  
Monterey, Cal., Oct. 21.—The coroner's inquest over the body of Sergeant Tooley, killed by a negro Wednesday night, resulted in a verdict against a colored soldier of name unknown.

### WENT TO CIRCUIT COURT.

(Special Dispatch to The Journal.)  
Pendleton, Or., Oct. 21.—Robert Edmonds, a colored bootblack, is held to answer before the circuit court on a charge of assault with a dangerous weapon. He struck Frank King, colored, on the head with a rock inflicting a severe wound. The two quarreled because King protected Edmonds when the latter was drunk.
