

AMERICA'S NATIONAL TOAST DEDICATED TO G. A. R. BY PORTLAND MUSICIAN WHO COMPOSED ARRANGEMENT. America's National Toast. Dedicated to the G. A. R. Judge's Opinion VERY IMPORTANT. We Offer \$1.00 For a Disease Germ That Liquezone Can't Kill.

E. A. Barna, the musician, who has long been associated with the Elks music house, has written and dedicated to the G. A. R. the melodious bit above in the accompanying illustration. His intention is to have the posts of the Grand Army all over the nation adopt it.

THREATS OF DEATH TO SHERIFF WORD. He Receives Information From Three Different Sources That Conspirators Will Attempt to Assassinate Him While on Raid.

From three different sources in as many days Sheriff Word has received the information that a conspiracy exists to assassinate him on account of the vigor and determination he is showing in suppressing public gambling in this city.

It is likely that this belief is fathered by the wish, especially on account of the golden harvest in sight during the fair for the gratifiers if the town is "wide open." The assassination of Sheriff Word would mean an outbreak of public indignation which might lead to action causing the sporting fraternity generally to suffer unpleasant consequences in the extreme.

Several letters containing thinly veiled threats have been received in the last two weeks by Sheriff Word. Yesterday morning a note was sent him by a friend in which he was told that a number of men indirectly interested in gambling, while discussing his policy, had asserted that he "would not last long."

It was barely a month ago that Sheriff Word received a postal card signed "Sledgehammer," in which he was told to do his worst, that his fate would be "neat" and that he would be "killed" by the "big guns" in the gambling realm.

Not the Big Gun. It is not believed by the sheriff, from what he has been able to learn by quiet and diligent investigation, that the alleged conspiracy to end his life originated with any of the "big guns" in the gambling realm, though it is deemed probable that in common with many others all of them have heard of it.

It is the opinion of Sheriff Word and those of his friends with whom he has discussed the alleged conspiracy that all local men who conducted gambling houses prior to his closing the town are too thoroughly conversant with conditions not to perceive the commission of such a crime, provided they found themselves in a position to do so.

The Western Importing Co. (Incorporated) WHOLESALE AND RETAIL 168-170 FIFTH STREET GOODNOUGH BUILDING. We are Manufacturers of Ladies', Gents' and Children's Underwear MADE TO ORDER. Fireworks and Flags CALL AND SEE US AND GET OUR PRICES

JUDGE'S OPINION VERY IMPORTANT. CIRCUIT COURT'S FINDINGS. JUDGE SAYS LOCAL COURTS HAVE JURISDICTION WITHOUT REGARD TO PLACE OF SERVICE OF SUMMONS IN JURISDICTION-SEEKING CONTROVERSY.

Inasmuch as it deals with a question which has been passed on where the circumstances were slightly different by the state supreme court, the opinion of Presiding Judge George in the circuit court yesterday relative to the suit of O. J. Seed against the Clackamas county for alienating his wife's affections, is looked on by attorneys as of considerable importance.

It was claimed by Attorney J. C. Morrison, representing Seed, that the local courts have no jurisdiction, because the only service of summons was made in Clackamas county. Judge George holds otherwise. He says the defendant is a resident of the county, and the courts here have jurisdiction, in his opinion, without regard to the place of the service of summons.

In a decision of the supreme court he draws attention to the fact that the names of the members of a firm were not specified and that the fact of a sheriff asserting in his return that he served the summons on a person when he claimed to be a member of the firm was irrelevant.

"I have brought this matter up," said Judge George, "in view of the fact that Judge Fraser is of the diverse suit of O. J. Seed against the Clackamas county for alienating his wife's affections, and I refer the whole matter to Judge Fraser for adjudication on account of the intimate relationship between the parties."

Harbormaster Ben Higgin says that everybody and everything along the coast is in a state of excitement these days. He explains that almost a week has elapsed without any one entering a complaint about an ordinance being broken, and so far as his personal information goes, he is unable to give any information as to what is going on.

WANT MORE BLASTING. River Men Criticize Work at Three-Mile Rapids. Steamboat men believe that it is going to be rather difficult matter to navigate Three-Mile rapids with any degree of safety, even after the United States engineers get through with the work upon which they are now engaged at that place.

OPERATIONS A FAD. Public Gradually Awakes to the Fact. The latest find in operations has been the appendicitis fad; before the fad for renal operations (piles, etc.) held sway. Hundreds of patients were frightened and hurried into hospitals, operated upon and robbed of their last dollar, when the trouble was a simple case of hemorrhoids or piles only, easily cured at home with a simple remedy costing but 60 cents a box.

SPENCER HAS TROUBLE. Steamer's Furnace Is Injured and Other Accidents Delay Her. That misfortunes never come singly was again exemplified yesterday afternoon in the case of the steamer Charles B. Spencer coming down from The Dalles. A boiler room fire, which started over her during the entire voyage, soon after she headed for the Oregon metropolis a number of the firebricks in her furnace got loose through some cause and about one third of the structure came tumbling down on the lower deck in a crumbled mass.

We Offer \$1.00 For a Disease Germ That Liquezone Can't Kill. Liquezone goes into the stomach, into the bowels and into the blood, it goes wherever the blood goes. No germ can escape it and none can resist it.

Liquezone is a powerful germicide. It kills all germs, and it kills them in the body without killing the tissues, so. Any drug that kills germs in a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact which gives Liquezone its worth to humanity; a worth so great that, after testing the product for two years, through physicians and hospitals, we paid \$100,000 for the American rights.

These are the known germ diseases. All that medicine can do for these troubles is to help nature overcome the germs, and such results are indirect and uncertain. Liquezone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

CUT OUT THIS COUPON. For this offer may not appear again. Fill out the coupon and mail it to the Liquezone Co., 625-645 Wabash ave., Chicago. My disease is: Asthma, Hay Fever, Indigestion, etc.

AT THE CHURCHES

SYMPATHY. You don't hear much about sympathy in dentistry. Do you? People usually speak of dentists as cruel and calloused to the pain they inflict. That is because our methods have not been tried. We are so confident that we can operate successfully without pain in any instance or under any conditions that we ask for a close investigation of our methods. As to the durability of our work, we invite investigation also. Dr. B. E. Wright's Dental Offices 342 1/2 Washington Street, Corner Seventh. Office Hours—8 a. m. to 5 p. m. Sundays, 9 a. m. to 1 p. m. Consultation Free. PHONE MAIN 5115. Fees Reasonable. Branch Office Steamboat Building, Salem.
