

BREXIT NEXT TIME
SAYS CHAMBERLAIN

CHAMBERLAIN SAYS THAT THE
SHEPHERD IS NOW THE LOGICAL
DEMOCRATIC CANDIDATE
FOR 1936—ROOSEVELT'S AMERI-
CANISM A LARGE FACTOR.

(Special Dispatch to The Journal.)
Salem, Or., Nov. 9.—While speaking
of the recent election and the un-
expected landslide for the Republicans,
Secretary Chamberlain this afternoon
paid compliment to Roosevelt's per-
sonality and Americanism, attributing
his large vote to this.

He also sounded the watchword of the
next presidential campaign: "Bryan for
president." The governor said:
"The election is over, and I believe
Roosevelt's victory due to two things—
first, the country is prosperous and the
people do not feel that a change in ad-
ministration is necessary; second, the
gentlemen in the east who demanded the
nomination of Parker for president de-
manded Bryan's defeat in 1936 and 1930.
They accomplished the latter purpose
beyond question of a doubt, and to their
credit in the two preceding elections is
largely due Parker's defeat yesterday.

"Many Democrats who supported the
platform and candidate in 1930 and 1936
purposely remained away from the polls
this year or voted for Roosevelt. Just
as Belmont and his coteries of state-
men voted for McKinley in 1896. It
may be said, too, that Chamberlain is a
particular issue between the parties, and
Roosevelt's personality and Americanism
were worth to him many thousands
of votes in all the states. I believe the
defeat of the Democratic party this year
will be beneficial to it four years hence."

LATEST POLITICAL RETURNS

MISSOURI NOW SEEMS TO HAVE GONE TO
THE REPUBLICANS.

(Journal Special Service.)
New York, Nov. 9.—The greatest sur-
prise of the election was learned that the
vote of Missouri had been broken by the
great Roosevelt landslide. With Mis-
souri in the Republican column, Presi-
dent Roosevelt will receive 213 votes in
the electoral college according to the
present calculations.

While both sides claim the state which
for 35 years has been safely Democratic
in national elections, late returns this
afternoon place Missouri under the Re-
publican banner.

That Joseph P. Walker carried the state for
governor is not disputed.

In West Virginia returns continue to
come in slowly, but a Republican victory
is indicated.

The landslide is augmented by a Re-
publican plurality of 600,000 in Penn-
sylvania, and the potency of Tammany
is evidenced by the loss of Brooklyn to
Parker.

Marked Republican gains in congress-
ional districts and changes of complex-
ion in several state legislatures have
already been reported. The Republican
control of congress by a majority of 64
in the house and 24 in the senate.

Late returns indicate the election of
Republican legislatures in Nebraska,
Washington, Connecticut, Delaware,
VIA, Wisconsin, West Virginia and Ne-
vada, with the possible addition of Mis-
souri.

Among the Democratic aspirants likely
to be revived are Cochran of Missouri
and Gibson of Montana.

The seat of Congressman Cowherd,
chairman of the Democratic congressional
committee, is also likely to be lost to
the Democrats.

COWHERD GIVES UP

(Journal Special Service.)
Washington, Nov. 9.—"That's the
best I've getting," said Chairman
Cochran of the Democratic congress-
ional campaign committee when asked
this morning for estimates on the Re-
publican congress. Cowherd had just
received a dispatch from Missouri indi-
cating his probable defeat in his own
district for re-election. Conservative
estimates indicate a Republican major-
ity in congress of between 60 and 75
members.

REPORTED BY SIX STATES

(Journal Special Service.)
Kansas City, Nov. 9.—The world's
record shown that Cowherd was elected
by six votes, with one strong Demo-
cratic precinct to hear from. Incom-
plete and unofficial returns from all sec-
tions of the state do not diminish the
probability that Roosevelt carried Mis-
souri, although the complexion is uncer-
tain.

NEVADA.

(Journal Special Service.)
Reno, Nev., Nov. 9.—Sixty-two out of
178 precincts in Nevada give Roosevelt
2,839 Parker, 2,683 Vandusen, Democrat
for congress, 2,345; A. B. Yerington, Re-
publican, 1,193.

Republicans have made a clean sweep,
carrying nearly every county. Both
parties claim the legislature.

LATEST FROM WASCO.

(Special Dispatch to The Journal.)
The Dallas, Or., Nov. 9.—Precincts
have not all been heard from but large
Republican gains so far given. Prohibi-
tion carried by nearly 500 in the county.
Five precincts in Hood River district
gave a majority of four for prohibition.

IN BAKER COUNTY.

(Special Dispatch to The Journal.)
Baker City, Or., Nov. 9.—Returns
from 16 precincts in this county out of
40 give Roosevelt 1,611 and Parker 503.
This is about two thirds of the vote
cast.

WALKER'S COURT WIT.

(Special Dispatch to The Journal.)
Vale, Or., Nov. 9.—Late returns this
afternoon give Roosevelt 427, Parker
183. For prohibition 122, against pro-
hibition 134. Precincts unreported, 25.

MASSACHUSETTS PLURALITY.

(Journal Special Service.)
Boston, Nov. 9.—With two precincts
to hear from Roosevelt's plurality in
Massachusetts will be 88,092 and that of
Douglas 36,648.

INCREASED MAJORITY.

(General Special Service.)
Fargo, N. D., Nov. 9.—More complete
returns show an increased Republican
majority of more than 25,000.

DEMOCRATS CLAIM COLORADO.

(Special Dispatch to The Journal.)
Denver, Nov. 9.—Democrats this af-
ternoon claim Adams' election as gov-
ernor by a 2,600 over headcount.

DETECTIVES LAND
HOLDUP ARTIST

KERRIGAN AND SNOW GRAB COO-
PERATION FROM "JAMES," WHO
BORROWED REVOLVER FROM
SNOW—FOUR MEN UNDER AR-
REST FOR SALOON ROBBERIES.

It was with Detective Frank Snow's
revolver that John Clark's saloon, 11 Al-
bany avenue, was held up and robbed
Saturday night, according to evidence
that came to light last night, when
"Frank James" was arrested by Detectives
Kerrigan and Snow. It is now known
that the man who borrowed the revolver
from Snow, and who is now being held in
custody, is Henry McGloin and Charles Me-
ham, turned the trick. Snow had loaned
"James" a revolver, with the under-
standing that it was to be used during
a "stunt" at the Bijou, a local vaude-
ville theatre.

Instead of using the weapon, as he
said he was going to do in the theatre,
it now develops that he went, in com-
pany with others, and held up the saloon
at 26 North Sixth street. This may be ad-
mitted to Detectives Kerrigan and Snow.
At noon today Detectives Kerrigan and
Snow brought in the fourth man to be
arrested in connection with the saloon
holdup. He is Charles Meham, a man
who has been on trial previously for
holding up a saloon at Troutdale, but
who was released for lack of evidence.
He is implicated by the confession of
"James" and McGloin, made last night to
the detectives after their arrest in the
north end district.

In addition to the charge of complicity
in the saloon holdup, it is probable the
detectives state, they will file charges
of burglary and robbery against him for
the following "jobs" perpetrated by him, it
is alleged, early Monday morning:
Golden West saloon, seventh and Gil-
man streets, robbed of \$55.
Tourist saloon, 26 North Sixth street,
entered and ransacked but no money
found.

Harvick saloon, Ninth and Gillian
streets, entered, cash register smashed
and \$20 taken.
"Frank James" is the name given by
the man who borrowed the revolver from
Detective Snow, and it says that in his
stage name. He is the man who had
the revolver's muzzle to John Clark's
head when he made him open the safe
and disgorge its cash contents during
the saloon holdup Saturday night.
He admits this in his confession.

Joseph W. Porcanda, arrested last
night, also as a suspect, will probably
be released, since the arrest today of
Meham.

JAPANESE SILENCE
TWO RUSSIAN FORTS

(Journal Special Service.)
Tokyo, Nov. 8.—It is reported that
the forts on Rihlung and Susung mountains
have been completely silenced by the
Japanese. Their main strength is said
to be engaged in an attack on the moun-
tain, with indications favoring the cap-
ture of the fort on this mountain.

With this in their possession, it is
thought by those conversant with the
situation that the abandonment of Fort
Arthur will follow. This much is cer-
tain—If the Japanese succeed in taking
the Anshu and its mountain fortifica-
tions, they will hold the key to the sit-
uation in the attack on the main-
tain, with indications favoring the cap-
ture of the fort on this mountain. With
this in their possession, it is thought

ATTORNEY EJECTED
FROM COUNTY JAIL

There was a scene at the county jail
this morning between Attorney A. Wal-
ter Wolf and County Jailor Gratton. A
few days ago, it is said, the attorney
advised his client, Ruth Osborne, who
shot John Nimm, to plead guilty to a
charge of simple assault and receive
as punishment only a light fine. She,
instead, sent for another attorney.
This morning Mr. Wolf appeared at the
jail and unbraided the Osborne
women in language that caused her to
become hysterical. The jailor ordered
him out of the place and as he failed
to obey the injunction was forcibly
removed, after more or less of a struggle.

WHY DOES
A BABY CRY?

Because it is either hun-
gry or in pain. Properly
nourished it will usually grow
up right and be comfortable
—that's the principal thing
for a baby. If its food lacks
strength and nourishment
add Scott's Emulsion at feed-
ing time. A few drops will
show surprising results. If a
baby is plump it is reason-
ably safe. Scott's Emulsion
makes babies plump.

BUSY WEEK IN THE
FOOTBALL WORLD

CHAMPIONSHIP CONTINUES ON HAZY
GROUNDS THAT WILL ATTRACT
ATTENTION THE WORLD OVER—
CAPTAIN DOWLING CRITICIZES
MULTNOMAH'S SLOWNESS.

The days for the hardest and most
interesting football matches are draw-
ing closer, and on next Saturday the
artisans of many stadiums throughout
the country will await patiently the
news from the battle grounds. The
event of the Pacific coast will be the
Stanford-Berkeley game at Berkeley,
with the Oregon-Washington contest
coming in from next Saturday. Prince-
ton will meet Yale at Princeton, Colum-
bia will attack Cornell, and Michigan
will try conclusions with Chicago.

Here in Portland Multnomah and Al-
bany college will struggle for hon-
ors with the odds in the former's favor.
Two weeks ago Albany ran up 17 points
against the Chemawa Indians in rapid
style and, judging from reports, the Al-
banians play a fast and snappy game
and will keep the club man busy for two
halves.

Multnomah will begin this evening a
special course of training for the Uni-
versity of Idaho at the State Hotel in
this city from next Saturday. The
Idaho aggregation are a most formidable
and hungry lot of football warriors,
in order to meet them half way Mult-
nomah realizes that it will be necessary
to undergo the "hard wind" training.
In speaking of Multnomah's shortcom-
ings in the game, and the points that
must be improved, Captain Dowling had
the following to say last evening:

"We have game speed of us on the
schedule that our players do not fully
appreciate, and I feel that if the boys
do not turn out and do harder work that
several of these later games will surely
go against us. Our men do not help
each other enough. When the backs go
through the line they have men going
alone, when the tackles and guards
should be around there with the other
two backs helping the runner. On many
of the line men are very slow in getting
down the field and this may also be
said concerning the backs. We also
waste time in giving signals. The sig-
nals should be given while the men are
still on the ground after a scrimmage,
so that when they get upon their feet
they need not delay, but start off with
the ball. Last Saturday there were fully
15 minutes lost in the game for no other
reason than that Multnomah was slow
and overpaid to hold post-mortems.
Beginning this evening an effort will
be made to get some speed out of the
men, because they have it in them."

DICK SMITH WILL
UMPIRE BIG GAME

(Journal Special Service.)
University of Oregon, Eugene, Nov. 9.—
There is considerable satisfaction ex-
pressed around the university over the
fact that Coach Dick Smith has been
selected as one of the officials of the
annual Stanford-California game which
is to be played on the 12th of this
month. Heretofore the umpire and re-
feree have been the best known football
experts in the east, who were brought
out especially to officiate at the game,
but this time Coach Smith has been
one of the men selected.

COUNTRY BOY SENT
TO "PEN" FOR YEAR

Though only 15 years old, George Mar-
shall, a big and innocent-looking coun-
try lad, was sent to the penitentiary this
morning to serve a year for larceny.
The boy pleaded guilty to entering the
apartments of J. S. Pacey at the Ber-
nton house, Twelfth and Morrison streets,
and stealing jewelry and toilet articles.
After a conference this afternoon be-
tween Judge George, District Attorney
Manning and Deputy District Attorney
Mozer, young Marshall was brought into
court again, the morning sentence nulli-
fied and the boy permitted to plead
guilty to petit larceny. He was then
sentenced to serve 10 months in the
county jail.

mandate was set aside. Foster was
found guilty of violating the rules and
the penalty imposed by the chief was too
severe, it was stated. The board decided
to reinstate him at the end of 40 days,
during which time he will receive no

OPERATORS WANT TO
MAKE GOOD EXHIBIT

Dr. J. F. Reddy of Spokane, who is
operating in mines in southern Oregon,
stated while in this city recently that
it was the hope of the mine owners to
see good work done in exhibiting Oregon
ore at the Lewis and Clark exposition.
"That might be on a scale to accom-
plish the greatest results, he said, thor-
oughly practical raising men should be
in charge of the work of gathering ore
and arranging them. The plan of getting
local committees in the respective dis-
tricts to gather ore, was regarded as
a good idea, and the doctor thought
this should be supported by a practical
